Saul Bellow and American Transcendentalism Mohammad A. Quayum, 2004 Saul Bellow and American Transcendentalism explores Saul Bellow s moral and philosophical affinity with the writers of American transcendentalism especially Emerson and Whitman Its focus is on the vintage Bellow or his mature novels from Henderson the Rain King 1959 to The Dean s December 1982 In these novels Bellow highlights a moral crisis arising from humankind s despiritualization and dehumanization which he believes is responsible for an ongoing dichotomy in the modern world Bellow describes this as a dichotomy of the Cleans and the Dirties in the context of American culture To rectify this dichotomy and redeem humankind from its current death ridden state Bellow and his protagonists advance a vision of life that corresponds to the transcendental vision of dialogue and double consciousness or coordination and balance Like Emerson they advocate The mid world is best A man is a golden impossibility the line he must walk is a hair s breadth Comparable to Whitman they urge the individual to knit the knot of contrariety and act as an arbiter of the diverse      **The Urban Condition** Ghent Urban Studies Team, 1999 What does the Western city at the end of the twentieth century look like How did the modern metropolis of congestion and density turn into a posturban or even postsuburban cityscape What are edge cities and technoburbs How has the social composition of cities changed in the postwar era What do gated communities tell us about social fragmentation Is public space in the contemporary city being privatized and militarized How can the urban self still be defined What role does consumer aestheticism have to play in this These and many more questions are addressed by this uniquely conceived multidisciplinary study The Urban Condition seeks to interfere in current debates over the future and interpretation of our urban landscapes by reuniting studies of the city as a physical and material phenomenon and as a cultural and mental arte fact The Ghent Urban Studies Team responsible for the writing and editing of this volume is directed by Kristiaan Versluys and Dirk De Meyer at the University of Ghent Belgium It is an interdisciplinary research team of young academics that further consists of Kristiaan Borret Bart Eeckhout Steven Jacobs and Bart Keunen The collective expertise of GUST ranges from architectural theory urban planning and art history to philosophy literary criticism and cultural theory      Israel Through the Jewish-American Imagination Andrew Furman, 1997-02-13 Examines eight Jewish American writers Meyer Levin Leon Uris Saul Bellow Hugh Nissenson Chaim Potok Philip Roth Anne Roiphe and Tova Reich who have imagined Israel in their work      The Unresolvable Plot Elizabeth Dipple, 2019-10-01 Originally published in 1988 the last few decades had seen the appearance of some brilliant and complex new kinds of fiction The ambitious experiments of writers such as Greene

Garcia Marquez Borges Nabokov Calvino Beckett Eco Spark Hoban Murdoch Bellow Ozick and Lessing among others had all proved the vitality of contemporary fiction in discovering exciting new forms and styles Yet because of the difficulty of many of the texts contemporary fiction as a genre had acquired an undeservedly unpopular reputation among students and other readers In a very real way the reader had become nervous rather than confident in the face of a literature that in fact is more aware of and generous to that reader than earlier and more apparently accessible literature ever managed to be And the new fiction's seeming remoteness from the reader is exaggerated in a sense by the critical academic response at the time which tended to obscure the texts themselves behind the many aesthetic and cultural theories which had sprung up in the study of fictionalizing or narrativity in general Elizabeth Dipple is anxious to dispel readers fears about these texts She has chosen an international list of major writers of the time and presents a detailed discussion of each Beginning each chapter with a brief explanation of the context in which each fictionist is to be examined she then concentrates on an analysis of key texts aiming always to look beyond jargon and theory back to the sources themselves Professor Dipple's purpose was to convey to the reader some of her own admiration and enthusiasm for contemporary fiction and to persuade him or her to take a fresh look at a group of writers who were producing what she felt would surely be seen by future generations as among the most sophisticated and accomplished fiction of our time

**William Blake and the Myth of America** Linda Freedman, 2018-07-05

This volume tells the story of William Blake's literary reception in America and suggests that ideas about Blake's poetry and personality helped shape mythopoeic visions of America from the Abolitionists to the counterculture It links high and low culture and covers poetry music theology and the novel American writers have turned to Blake to rediscover the symbolic meaning of their country in times of cataclysmic change terror and hope Blake entered American society when slavery was rife and civil war threatened the fragile experiment of democracy He found his moment in the mid

twentieth century counterculture as left wing Americans took refuge in the arts at a time of increasingly reactionary conservatism vicious racism pervasive sexism dangerous nuclear competition and an increasingly unpopular war in Vietnam the fires of Orc raging against the systems of Urizen Blake's America as a symbol of cyclical hope and despair influenced many Americans who saw themselves as continuing the task of prophecy and vision Blakean forms of bardic song aphorism prophecy and lament became particularly relevant to a literary tradition which centralised the relationship between aspiration and experience His interrogations of power and privilege freedom and form resonated with Americans who repeatedly wrestled with the deep ironies of new world symbolism and sought to renew a Whitmanesque ideal of democracy through affection and openness towards alterity

The Politics of Being Mortal Alfred G. Killilea, 2021-09-15 While much has been written in recent years on death and dying there has been little treatment of how people cope with death in the absence of religious belief and virtually no examination of the potential political repercussions of a wider acceptance of mortality in American society Alfred Killilea's strikingly original book revolves around a central irony though the subject of death has been largely shunned in American culture lest it rob life of meaning and contentment confronting death may be crucial to enable us as individuals and as a society to affirm life even to survive in this nuclear age Killilea argues that the denial of death has fostered a disavowal of limits in general and that a greater awareness of our mortality would provide a much needed catalyst for change in our political response to narcissism and nuclearism He traces how from John Locke to the present a politics and an economics based on growth for the sake of growth have required an avoidance of human vulnerability Our confrontation with mortality Killilea argues would goad us to question our roles as mere acquirers and to take more seriously the need for equality and community in our society In charting how we can come to terms with death and how profoundly our attitudes toward death affect our attitudes toward politics Killilea writes lucid and authoritative commentaries on such provocative thinkers as Earnest Becker Robert Jay Lifton Michael Novak Daniel Bell Christopher Lasch and Jonathan Schell Scholars in many fields as well as interested lay readers will find the treatment of these issues and thinkers compelling This easily accessible book is an urgent reminder that the most valuable spur to the examined life extolled by Socrates is the knowledge that we will die

**To Jerusalem and Back** Saul Bellow, 2010-01-01 When he visited Israel in 1975 Saul Bellow kept an account of his experiences and impressions It grew into an impassioned and thoughtful book As he wryly notes If you want everyone to love you don't discuss Israeli politics But discuss them is very much what he does Through quick sketches and vignettes Bellow evokes places ideas and people reaching a sharp picture of contemporary Israel The reader is offered a wonderful panorama of an ancient and modern world city Like every other visitor to Israel Bellow tumbles into a gale of conversation He loves it and he makes the reader feel at home Bellow delights in the liveliness the gallantry of Israeli life people on the edge of history an inch from disaster yet brimming with argument and words He delights not in tourist delusions but with a tough critical spirit his Israel is pocked with scars and creases and all the more

attractive for it Simply as a travel book the reader finds remarkable descriptions such as one in which Bellow finds the melting air of Jerusalem pressing upon him with an almost human weight Something intelligible is communicated by the earthlike colors of this most beautiful of cities The impression that Bellow offers is that living in Israel must be as exhausting as it is exciting a murderous barrage on the nerves Israel he writes is both a garrison state and a cultivated society both Spartan and Athenian It tries to do everything to make provisions for everything All resources all faculties are strained Unremitting thought about the world situation parallels the defense effort Jerusalem s people are actively and individually involved in universal history Bellow makes you share in the experience

**Encounters with American Culture** Peter Prescott, 2018-01-18 This collection of essays discusses some of the important books authors and literary trends of a volatile era in American and world literature whose cultural repercussions are still being felt Peter S Prescott was one of the most penetrating knowledgeable and sensitive critics to write for a general audience in the tradition of Edmund Wilson Readers will discover not only Prescott s acute and subtle comments on the enduring and or representative books of the time but also his humor and style his way with an anecdote or aphorism his talent for parody and his ability to laugh at himself as well as at the authors he sometimes skewers Prescott s writing has an immediacy and vivacity that suggests what it was like to read new books during his time Here is one critic s view ironic and complex of good books by famous writers like Norman Mailer Jorge Luis Borges Joyce Carol Oates Aleksandr Solzhenitsyn and Vladimir Nabokov as well as of good books by little known writers and others who would later achieve reknown Here too is some astringent criticism of distinguished and popular authors who have fallen into self indulgence Prescott writes about the New Journalism in its early days and about fragmentary autobiography as a literary form genres whose importance he was among the first to recognize His essays also touch on theater film food and politics The criticism in this volume are examples of the literary essay in its truest sense an attempt to explore in however brief space allowed what the author sees around him and connections between books and other aspects of the way people live Always personal and urbane these essays are often hilarious generally moving and exemplify the essay as an art form

**The Oversocialized Conception of Man** Dennis H. Wrong, 2018-04-17 The chapters in this volume represent some of Dennis Wrong s best and most enduring essays Initially published as Skeptical Sociology this collection displays his ability to write compellingly for general intellectual audiences as well as for academic sociologists The book is divided into sections that represent Wrong s major areas of interest and investigation Human Nature and the Perspective of Sociology Social Stratification and Inequality and Power and Politics Each section is preceded by a short introduction that places the articles in context and elaborates and often sheds new light on the contents The essays in the first section were written with polemical intent directed against the assumptions of academic sociology that prevailed in an earlier period Part two calls attention to the neglect by functionalists of power group conflict and historical change Wrong shows that failure to consider them made functional theories of stratification especially vulnerable The third section is more

heterogeneous in subject and theme than the others all the essays in it touch in some way on power or politics Included in this volume is Wrong's celebrated and much quoted article The Oversocialized Conception of Man in Modern Sociology Other significant essays reveal the author's views on many timely topics of sociological concern such as the quests for community and for identity the Freudian Marxian and Weberian heritages in sociology social class in America meritocracy a theory of democratic politics humanist positivist and functionalist perspectives and the sociology of the future The Oversocialized Conception of Man is an indispensable volume for sociologists political theorists and historians Dennis H Wrong is emeritus professor of sociology at New York University He is the author of The Problem of Order Population and Society Class Fertility Trends in Western Nations Power Its Forms Bases and Uses also published by Transaction and The Modern Condition forthcoming
