

The background of the slide is a photograph of a desk. On the left, there is a stack of several old, thick books with worn, brownish-gold covers. A black metal bookend is visible on the left side of the stack. In the foreground, slightly to the right, is a rectangular photograph with a white border, showing a dark, textured surface. The overall lighting is soft and warm, suggesting an indoor setting.

Chiefly reprints from various scientific journals **Collected Papers from the Institute for Biological Research of the Johns Hopkins University** ,1929 **The Christian Century** ,1929 **Eye of the Sixties** Judith E. Stein,2016-07-12 In 1959 Richard Bellamy was a witty poetry loving beatnik on the fringe of the New York art world who was drawn to artists impatient for change By 1965 he was representing Mark di Suvero was the first to show Andy Warhol s pop art and pioneered the practice of off site exhibitions and introduced the new genre of installation art As a dealer he helped discover and champion many of the innovative successors to the abstract expressionists including Claes Oldenburg James Rosenquist Donald Judd Dan Flavin Walter De Maria and many others The founder and director of the fabled Green Gallery on Fifty Seventh Street Bellamy thrived on the energy of the sixties With the covert support of America s first celebrity art collectors Robert and Ethel Scull Bellamy gained his footing just as pop art minimalism and conceptual art were taking hold and the art world was becoming a playground for millionaires Yet as an eccentric impresario dogged by alcohol and uninterested in profits or posterity Bellamy rarely did more than show the work he loved As fellow dealers such as Leo Castelli and Sidney Janis capitalized on the stars he helped find Bellamy slowly slid into obscurity becoming the quiet man in oversize glasses in the corner of the room a knowing and mischievous smile on his face Born to an American father and a Chinese mother in a Cincinnati suburb Bellamy moved to New York in his twenties and made a life for himself between the Beat orbits of Provincetown and white glove events like the Guggenheim s opening gala No matter the scene he was always considered one of us partying with Norman Mailer befriending Diane Arbus and Yoko Ono and hosting or performing in historic Happenings From his early days at the Hansa Gallery to his time at the Green to his later life as a private dealer Bellamy had his finger on the pulse of the culture Based on decades of research and on hundreds of interviews with Bellamy s artists friends colleagues and lovers Judith E Stein s *Eye of the Sixties* rescues the legacy of the elusive art dealer and tells the story of a counterculture that became the mainstream A tale of money taste loyalty and luck Richard Bellamy s life is a remarkable window into the art of the twentieth century and the making of a generation s aesthetic Bellamy had an understanding of art and a very fine sense of discovery There was nobody like him I think I certainly consider myself his pupil Leo Castelli **The Publishers Weekly** ,1929 **Twentieth Century Fiction** George Woodcock,1983-04-01 *Imagined Futures* Max Saunders,2019-10-22 This study provides the first substantial history and analysis of the To Day and To Tomorrow series of 110 books published by Kegan Paul Trench and Tr bner and E P Dutton in the USA from 1923 to 1931 in which writers chose a topic described its present and predicted its future Contributors included J B S Haldane Bertrand Russell Vernon Lee Robert Graves Vera Brittain Sylvia Pankhurst Hugh MacDiarmid James Jeans J D Bernal Winifred Holtby Andr Maurois and many others The study combines a comprehensive account of its interest history and range with a discussion of its key concerns tropes and influence The argument focuses on science and technology not only as the subject of many of the volumes but also as method especially through the paradigm of the human sciences applied to other disciplines and as a source of metaphors

for representing other domains It also includes chapters on war technology cultural studies and literature and the arts This book aims to reinstate the series as a vital contribution to the writing of modernity and to reappraise modernism's relation to the future establishing a body of progressive writing which moves beyond the discourses of post Darwinian degeneration and post war disenchantment projecting human futures rather than mythic or classical pasts It also shows how as a co-ordinated body of futurological writing the series is also revealing about the nature and practices of modern futurology itself

Robert Graves Jean Moorcroft Wilson, 2018-08-09 Robert Graves From Great War Poet to Good bye to All That casts new light on the life prose and poetry of Graves without which the story of Great War poetry is incomplete The writer and poet Robert Graves suppressed virtually all of the poems he had published during and just after the First World War Until his son William Graves reprinted almost all the Poems About War in 1988 Graves's status as a war poet seems to have depended mainly on his prose memoir and bestseller Good bye to All That None of the previous biographies written on Graves however excellent attempt to deal with this paradox in any depth Robert Graves the war poet and the suppressed poems themselves have been largely neglected until now Jean Moorcroft Wilson celebrated biographer of poets Siegfried Sassoon Isaac Rosenberg and Edward Thomas relates Graves's fascinating life during this period his experiences in the war his being left for dead at the Battle of the Somme his leap from a third storey window after his lover Laura Riding's even more dramatic jump from the fourth storey his move to Spain and his final goodbye to all that In this deeply researched new book containing startling material never before brought to light Dr Moorcroft Wilson traces not only Graves's compelling life but also the development of his poetry during the First World War his thinking about the conflict and his shifting attitude towards it

Baudelaire's Prose Poems Sonya Stephens, 1999 Demonstrating the significance of ironic otherness for the theory and functioning of Baudelaire's prose poems and for the genre of the prose poem itself this book considers Baudelaire's choice of this genre and the way that he seeks to define it

Modernism and Close Reading David James, 2020-04-30 The kinship between modernism and close reading has long been taken for granted But for that reason it has also gone unexamined As the archives timeframes and cultural contexts of global modernist studies proliferate the field's rapport with close reading no longer appears self-evident or guaranteed even though for countless students studying literary modernism still invariably means studying close reading This authoritative collection of essays illuminates close reading's conceptual institutional and pedagogical genealogies as a means of examining its enduring potential David James brings together a cast of world renowned scholars to offer an account of some of the things we might otherwise know and need to know about the history of modernist theories of reading before then providing a sense of how the futures for critical reading look different in light of the multiple ways in which modernism has been close read Modernism and Close Reading responds to a contemporary climate of unprecedented reconstitution for the field it takes stock of close reading's methodological possibilities in the wake of modernist studies geographical literary historical and interdisciplinary expansions and it shows how the political ethical

and aesthetic consequences of attending to matters of form complicate ideological preconceptions about the practice of formalism itself By reassessing the intellectual commitments and institutional conditions that have shaped modernism in criticism as well as in the classroom we are able to ask new questions about close reading that resonate across literary and cultural studies Invigorating that critical venture this volume enriches our vocabulary for addressing close reading s perpetual development and diversification
