day after he is prescribed involuntary commitment to a psychiatric hospital he commits suicide by jumping out of a window Clarissa's party in the evening is a slow success It is attended by most of the characters she has met in the book including people from her past She hears about Septimus's suicide at the party and gradually comes to admire this stranger's act which she considers an effort to preserve the purity of his happiness Virginia Woolf's Mrs. Dalloway Harold Bloom, 1988 A collection of eight critical essays arranged in chronological order of their original publication **Mrs. Dalloway (annotated)** Virginia Woolf, 2015-02-03 The annotated authorized edition of Virginia Woolf's celebrated Mrs Dalloway named one of Time's 100 Best Novels features commentary by Women's Studies professor Bonnie Kime Scott In this vivid portrait of a single day in a woman's life Mrs Clarissa Dalloway is preoccupied with the last minute details of preparation for a party while in her mind she is something much more than a perfect society hostess As she readies her house for friends and neighbors she is flooded with remembrances of the past the passionate loves of her carefree youth her practical choice of husband and the approach and retreat of war And met with the realities of the present Clarissa reexamines the choices that brought her there hesitantly looking ahead to the unfamiliar work of growing old From the introspective Clarissa to the lover who never fully recovered from her rejection to a war ravaged stranger in the park the characters and scope of Mrs Dalloway reshape our sense of ordinary life making it one of the most moving revolutionary artworks of the twentieth century Michael Cunningham This authorized edition from the Virginia Woolf library features Biographical Preface Chronology Introduction to the text Extensive notes Suggestions for further reading This annotated edition is the perfect companion to more fully understand Mrs Dalloway its importance in twentieth century literature and Virginia Woolf's world **Mrs. Dalloway** Richard J. offers a subtle insight into the atmosphere in postwar London society which was characterized by a feeling of overall destabilization and increasing isolation. Due to various causes Great Britain's political, economic and social spheres had undergone fundamental changes during the previous decades. The rapidly increasing industrialization had completely transformed the working sphere, caused high unemployment rates and further fragmented class divisions which culminated in waves of political and social unrest. Revolutionary findings in the natural and medical sciences put the traditional view of man into question and brought about a crisis of faith beyond the recent experience of the First World War and its aftermaths. This added considerably to an atmosphere of gloom and doom in Great Britain. Altogether the loss of belief in progress, the rise of scientific knowledge and the decay of traditional moral values resulted in a disenchanted world view. The individual suffered from the growing atmosphere of coldness in society; he was more isolated than ever before because he could not come in under an umbrella of common social forms and thus escape from his sense of isolation. Marder 64 Victorian guiding lines offered no adequate solutions for the demands of modern society anymore and Virginia Woolf was in accord with many of her contemporaries in rejecting Victorian values. The social code she felt had degenerated in most cases into mere formalism. She regarded Victorian morality as unrealistic and suspected those who professed it of hypocrisy. Marder 47 Furthermore, her living at a time when the hard won victories of the suffragettes and women war workers were slowly being translated into law and affecting social attitudes. Dowling 105 made her particularly interested in the emancipation's cause and in many of her essays and articles Virginia Woolf questioned the traditional socially constructed gender roles.
