Mrs Dukes Million:

Mrs. Dukes' Million Wyndham Lewis, 1977 **Violent Minds** Matthew Levay, 2019-01-03 Levay analyzes representations of the criminal in British and American modernism from the late nineteenth century to the 1950s *Cold Modernism* Jessica Burstein, 2012 Explores a significant but overlooked aspect of early twentieth century modernism one that focuses on surface appearance rather than interiority or psychological depth Looks at the writers Wyndham Lewis and Mina Loy the artists Balthus and Hans Bellmer and the fashion designer Coco Chanel Provided by publisher **Moonlighting** Nathan Waddell, 2019-06-27 How and why did the life and music of Ludwig van Beethoven 1770 1827 matter to experimental writers in the early twentieth century Previous answers to this question have tended to focus on structural analogies between musical works and literary texts charting the many different ways in which poetry and prose resemble Beethoven's compositions This book takes a different approach It focuses on how early twentieth century writers chief among them E M Forster Aldous Huxley Wyndham Lewis Dorothy Richardson Rebecca West and Virginia Woolf profited from the representational conventions associated in the nineteenth century and beyond with Beethovenian culture The emphasis of Moonlighting falls for the most part on how modernist writers made use of Beethovenian legend It is concerned neither with formal similarities between Beethoven's music and modernist writing nor with the music of Beethoven per se but with certain ways of understanding Beethoven's music which had long before 1900 taken shape as habit myth cliché and fantasy and with the influence they had on experimental writing up to 1930 Moonlighting suggests that the modernists drew knowingly and creatively on the conventional It proposes that many of the most experimental works of modernist literature were shaped by a knowing reliance on Beethovenian consensus in short that the literary modernists knew Beethovenian legend when they saw it and that they were eager to use it *The Enemy* Jeffrey Meyers, 2021-10-31 Originally published in 1980 and nominated for the Duff Cooper Prize this was the first biography of Wyndham Lewis and was based on extensive archival research and interviews It narrates Lewis years at Rugby and the Slade his bohemian life on the Continent the creation of Vorticism and publication of *Blast* and his experiences at Passchendaele as well as his many love affairs his bitter quarrels with Bloomsbury and the Sitwells the suppressed books of the thirties the evolution of his political ideas his self imposed exile in North America and creative resurgence during his final blindness Jeffrey Meyers also describes Lewis relationships with Roy Campbell D H Lawrence Katherine Mansfield T E Lawrence Hemingway Huxley Yeats Auden Spender Orwell and McLuhan As the self styled Enemy emerges from the shadows he is seen as an independent and courageous artist and one of the most controversial and stimulating figures in modern English art and literature Wyndham Lewis and Western Man David Ayers, 2015-12-22 **Rethinking G.K. Chesterton and Literary Modernism** Michael Shallcross, 2017-11-27 This book comprehensively rethinks the relationship between G K Chesterton and a range of key literary modernists When Chesterton and modernism have previously been considered in relation to one another the dynamic has typically been

conceived as one of mutual hostility grounded in Chesterton's advocacy of popular culture and modernist literature's appeal to an aesthetic elite. In setting out to challenge this binary narrative, Shallcross establishes for the first time the depth and ambivalence of Chesterton's engagement with modernism as well as the reciprocal fascination of leading modernist writers with Chesterton's fiction and thought. Shallcross argues that this dynamic was defined by various forms of parody and performance and that these histrionic expressions of cultural play not only suffused the era but found particular embodiment in Chesterton's public persona. This reading not only enables a far-reaching reassessment of Chesterton's corpus but also produces a framework through which to re-evaluate the creative and critical projects of a host of modernist writers, most sustainedly T.S. Eliot, Wyndham Lewis, and Ezra Pound through the prism of Chesterton's disruptive presence. The result is an innovative study of the literary performance of popular and high culture in early twentieth-century Britain which adds a valuable new perspective to continuing critical debates on the parameters of modernism.

Some Sort of Genius Paul O'Keeffe, 2015-06-01 A man of undoubted genius, T.S. Eliot said of Wyndham Lewis, but genius for what precisely it would be remarkably difficult to say. Painter and draughtsman, novelist, satirist, pamphleteer, and critic, Wyndham Lewis's multifarious activities defy easy categorization. He launched the only twentieth-century English avant-garde art movement, Vorticism, in 1914. Brilliant both as painter and writer, the precise mechanistic formality of his visual style crossed over into a unique satirical prose which, emphasizing the external, turned his characters into automata. It enabled Lewis to pit himself against a prevailing orthodoxy, the stream of consciousness technique favoured by contemporaries as diverse as James Joyce, Virginia Woolf, and Gertrude Stein. Combining years of research with dry wit and creative storytelling, Paul O'Keeffe's *Some Sort of Genius* crackles with intense details of Lewis's work life and times simultaneously dismantling longstanding assumptions about his subject and offering brilliant new perspectives. Employing narrative creativity that reinvents the genre of biography itself, O'Keeffe delivers an unparalleled portrait that does full justice to Lewis's complexity. Throughout O'Keeffe's definitive account, readers will be introduced to one of the most compelling and misunderstood figures of twentieth-century modernism.

The Poetics of Mockery Mark Perrino, 1995 This study reconsiders Wyndham Lewis's adversarial role in the modernist movement through a close reading of his prodigious satire of 1920s cultural politics. It presents a new interpretation of *The Apes of God* as a Menippean satire with attention to its style, characterization, allegory, and historiography, and to Lewis's polemics of the period. Previous studies have emphasised Lewis's external method of visual narration and the personal attacks on the London art world. This one also treats the rhetorical and parodic elements in his mechanistic caricatures of literary impressionism and its proponents, besides the theory of participation and the player behind his schizoid image of the modern subject. The study reinterprets the apprenticeship plot as a carnivalesque discrowning based on the primitive themes of the shaman and the scapegoat. It explores the ways in which the discursive broadcasts on the social exploitation of a subjectivist aesthetic publicity as imposture, cultural levelling, are dramatized in the sado-masochistic bond between

impresario and naïf and in the contradiction of carnival institutionalized Lewis is shown using his rivals mythic method to implicate the avant garde itself in nascent mass culture The study includes an analysis of the scandal surrounding Lewis's private edition of *The Apes* and the defence of non moral satire presented in his subsequent pamphlet *Satire and Fiction* Drawing upon unpublished manuscripts and correspondence it demonstrates how Lewis's own devious publicity campaign re enacted the crux of the novel and epitomized his conflicts with his contemporaries

The Fictions of James Joyce and Wyndham Lewis Scott W. Klein, 2006-11-02 The literary relationship of James Joyce and Wyndham Lewis has previously been described in merely biographical terms In *The Fictions of James Joyce and Wyndham Lewis* Scott W Klein takes Wyndham Lewis's criticism of *Ulysses* in *Time and Western Man* and Joyce's implicit response to Lewis in *Finnegans Wake* as an emblematic opposition signalling significant textual relations within and between the fictions of the two authors The seeing eye and the world the creating mind and fiction language and its aesthetic and political object and the processes of history all appear in the work of both Joyce and Lewis as related thematic structures that raise questions about binarism dialectic and the reconciliation of opposites Detailed examination of key texts by Joyce and Lewis reveals hitherto unperceived affiliations between the two writers and offers new insight into the politics and aesthetics of modernism

The Agon of Modernism Anne Quémé, 1999 Lewis's political writings present ambiguities his stated belief in the autonomy of art from life is contradicted by other statements he made and by his critical analyses of writers and his political writings blur any a priori generic distinction between art and non art Given this blurring between art and life artistic genre and non artistic genre Quémé claims that Lewis's political texts present characteristics usually attributed to avant gardism However this radicalism has to be balanced against Lewis's conservatism Thus his political writings can be read as allegories with two pragmatic aims to organize the life of the polis from an artistic standpoint and to persuade the reader to adhere to authoritarian politics

BOOK JACKET Wyndham Lewis the Radical Carmelo Cunchillos Jaime, 2007 This volume about the modernist writer and artist Wyndham Lewis 1882-1957 presents him as a radical figure in twentieth century modernism The authors rediscover aspects of Lewis's work which show how his fiction challenges modernist norms and how his acute and wide ranging critique of culture has a vital contemporary relevance Lewis's range is extraordinary it covers Nietzsche as well as classic cinema Renaissance art and English classicism Being politically conservative he had nonetheless a place on the political left and he can be seen as a postmodernist before his time These essays by leading Spanish and British specialists reveal Lewis as one of the key modernists of our time

The Cambridge Companion to the Modernist Novel Morag Shiach, 2007-04-19 The novel is modernism's most vital and experimental genre With a chronology and guide to further reading this 2007 Companion is an accessible and informative overview of the genre

Novel Sensations Day Jon Day, 2020-08-18 A radical intervention into critical debates over the status of sensation within modernist literature Offers novel and insightful readings of key modernist authors within their philosophical contexts Critiques a range of neuroaesthetic

approaches to literary criticism Proposes new ways of thinking about the relationship between philosophy literature and technology within modernist studies Concentrating on the work of four major modernist authors Virginia Woolf James Joyce Wyndham Lewis and Samuel Beckett this book examines the close links between modernist literature and the philosophy of mind By historicising the qualia debate and situating it within its cultural and literary contexts it stages interventions into a range of academic debates over the status of sensations and sense data within modernist fiction over the scope and possibility of neuroaesthetic approaches to literary criticism and over the relationship between literature philosophy and technology in the modernist moment

Modernism, the Market and the Institution of the New Rod Rosenquist, 2009-01-08 This book examines the problems faced by innovative writers working in a late modernist era dominated by Joyce Eliot and Pound

Twentieth Century Fiction George Woodcock, 1983-04-01

Aphoristic Modernity, 2019-10-01 For the first time in scholarship this essay collection interprets modernity through the literary micro genres of the aphorism the epigram the maxim and the fragment Situating Friedrich Nietzsche and Oscar Wilde as forerunners of modern aphoristic culture the collection analyses the relationship between aphoristic consciousness and literary modernism in the expanded purview of the long twentieth century through the work of a wide range of authors including Samuel Beckett Max Beerbohm Jorge Luis Borges Katherine Mansfield and Stevie Smith From the romantic fragment to the tweet Aphoristic Modernity offers a compelling exploration of the short form's pervasive presence both as a standalone artefact and as part of a larger textual and cultural matrix

Modernism and the Theatre of the Baroque Kate Armond, 2018-12-31 Redrawing the conventional map of Victorian Poetics

Wyndham Lewis Luke Gilfedder, 2025-08-30 We live in times as politically uncertain as those faced by the modernists a century ago Europe once again faces the possibility of a post liberal future with sophisticated New Right intellectuals not only populists challenging the core Enlightenment values of liberal society Often assumed to be merely reactionary the radical modernist roots of the New Right are largely overlooked Through metapolitics the social diffusion of ideas and cultural values for long term political gain the New Right instead seeks to steer modernity forward in an alternate direction and claims proto fascist modernists such as Wyndham Lewis as part of its drive to occupy culture as the 20th century Right occupied politics Recasting Lewis as our intellectual contemporary this book offers the first political

philosophical study of literary modernism's influence on the New Right's anti-Enlightenment vision and calls for an urgent re-evaluation of Lewis's legacy as an insider critic of this ideological lineage. It applies Lewis's critiques of his reactionary modernist peers to leading New Right intellectuals such as Dugin and de Benoist, critically examines Lewis's reception among New Right authors and marks a major reassessment of Lewis's relevance to contemporary affairs, revealing how his work advances a rationalist and individualist vision of an Enlightened future that challenges rather than legitimises the alternative modernities envisaged by today's most radical anti-liberal thinkers.
