Mrs Freud A Novel:

Mrs. Freud Nicolle Kress-Rosen, 2005 How is it possible to have spent my entire life without thinking a single minute for myself How could I have dedicated every moment to the fulfillment of someone else's work and life to the detriment of mine Why did I accept being upstaged first by my own sister and later by my daughter These are the gnawing questions Martha Freud struggles to answer when an American journalist engages her in a long correspondence at the end of her life many years after the death of her famous husband Sigmund In Nicolle Rosen's epistolary novel a fully developed portrait of Martha Freud emerges for the first time opening a window onto the Freuds family life over the course of more than half a century There are the six children with their respective needs and wants along with the various members of the extended family including Sigmund's mother Martha's mother and Martha's sister Mina who arrived one day in the Freud household and stayed for the rest of her life All in all a very special group in a dangerous and demanding time How and why could Martha have agreed to remain in the background mainly in the service of her husband asks Nicolle Rosen Convinced there had to be more substance to her the author devoted years to researching the Freud archives documents and letters Contrary to the accepted biographical portraits of Martha the author discovered an extremely educated woman with a large sense of humor

The Opposite of Desire Tonya Krouse, 2009-01-01 *The Opposite of Desire* examines explicit representations of sex and sexuality in modernist novels and it asserts that those scenes provide a lens through which one can explore

modernist aesthetic interests as well as the centrality of issues surrounding sex sexuality and gender in the modernist period With the aid of Michel Foucault s theories about sexual discourses Tonya Krouse shows how the modernists represent the idea of pleasure in their novels

Inconsequence Annamarie Jagose,2018-08-06 The field of lesbian studies is often framed in terms of the relation between lesbianism and invisibility Annamarie Jagose here takes a radical new approach suggesting that the focus on invisibility and visibility is perhaps not the most productive way of looking at lesbian representability Jagose argues that the theoretical preoccupation with metaphors of visibility is part of the problem it attempts to remedy In her account the regulatory difference between heterosexuality and homosexuality relies less on codes of visual recognition than on a cultural adherence to the force of first order second order sexual sequence As Jagose points out sequence does not simply specify what comes before and what comes after it also implies precedence what comes first and what comes second Jagose reads canonical novels by Charles Dickens Henry James Virginia Woolf and Daphne du Maurier drawing upon their elaboration of sexual sequence In these innovative readings tropes such as first and second origin and outcome and heterosexuality and homosexuality are shown to reinforce heterosexual precedence Inconsequence intervenes in current debates in lesbian historiography taking as its pivotal moment the fin de si cle phenomenon of the sexological codification of sexual taxonomies and concluding with a reading of a post Kinsey pulp sexological text Throughout Jagose reminds us that categories of sexual registration are always back formations secondary and belated not only for those who identify as lesbian but also for all sexual subjects

The Language of the Eyes Daryl Ogden,2006-06-01 While Darwinian and Freudian theories of vision and sexuality have represented women as lacking visual agency Daryl Ogden s The Language of the Eyes argues that the gaze is not merely a masculine phenomenon and that women have powerfully desiring eyes as well Ogden offers a

comprehensive cultural history of female visuality in England by analyzing scientific writings conduct books illustrated periodicals poetry painting and novels and he makes important and hitherto unrecognized connections between literary history cultural studies and science studies In so doing Ogden accomplishes what numerous feminist critics especially film theorists have not the recovery of the modern female spectator from historical obscurity **Inaugural Wounds** Robert E. Lougy, 2004 Desire Jacques Lacan suggests is a condition or expression of our wounded nature But because such desire is also unconscious it can be expressed only indirectly for what we consciously desire is hardly ever what we really want Desire makes itself known but disguises its presence appearing for example in unconscious but repetitive and sometimes even self destructive patterns of behavior Informed by the voices of Freud and Lacan regarding the nature of language and desire **Inaugural Wounds** examines the ways in which five major nineteenth century English writers explored the trajectories and shapes of desire Arguing that we need to give to novels the same kind of close scrutiny we give to poetry author Robert Lougy suggests that when we do so we discover that they often astound us by the resonance and range of their language as well as by their ability to take us to strange and haunting places The five narratives examined Charles Dickens's *Martin Chuzzlewit* William Thackeray's *Journey from Cornhill to Grand Cairo* Elizabeth Gaskell's *Ruth* Wilkie Collins's *The Woman in White* and Thomas Hardy's *Jude the Obscure* testify to the mysterious origins of desire Although each of the novels tells its own story in its own way they share a fascination with the nature of desire itself Drawing upon recent work that has challenged historicist approaches toward nineteenth century British literature Professor Lougy uses the insights of psychoanalysis to enable us to more fully appreciate the depth and power of these novels Of great value to Victorian and psychoanalytic scholars **Inaugural Wounds** will be useful for teaching undergraduates as well **Novel Relations** Ruth Perry, 2004-08-05 Ruth Perry describes the transformation of the English family as a function of several major social changes taking place in the eighteenth century including the development of a market economy and waged labor enclosure and the redistribution of land urbanization the rise of the middle class and the development of print culture In particular Perry traces the shift from a kinship orientation based on blood relations to a kinship axis constituted by conjugal ties as it is revealed in popular literature of the second half of the eighteenth century Perry focuses particularly on the effect these changes had on women's position in families She uses social history literary analysis and anthropological kinship theory to examine texts by Samuel Richardson Charlotte Lennox Henry MacKenzie Frances Burney Jane Austen and many others This important study by a leading eighteenth century scholar will be of interest to social and literary historians **Mysterious Minds** Elise Nykänen, 2017-11-22 This study examines the narrative tools techniques and structures that Marja Liisa Vartio a classic of Finnish post war modernism used in presenting fictional minds in her narrative prose The study contributes to the academic discussion on formal and thematic conventions of modernism by addressing the ways in which fictional minds work in interaction and in relation to the enfolding fictional world The epistemic problem of how accurately the world the self and the

other can be known is approached by analyzing two co operating ways of portraying fictional minds both from external and internal perspectives The external perspective relies on detachment and emotional restraint dominating in Vartio s early novels *Se on sitten kev t* and *Mies kuin mies tytt kuin tytt* The internal perspective pertains to the mental processes of self reflection speculation and excessive imagining that gain more importance in her later novels *Kaikki naiset n kev t unia* *Tunteet* and *H nen olivat linnut* In the theoretical chapter of this study fictional minds are discussed in the context of the acclaimed inward turn of modernist fiction by suggesting alternative methods for reading modernist minds as embodied emotional and social entities In respect to fictional minds interaction this study elaborates on the ideas of mind reading intersubjectivity and the social mind established within post classical cognitive narratology Furthermore it employs possible world poetics when addressing the complexity incompleteness and inaccessibility of Vartio s epistemic worlds including the characters private worlds of knowledge beliefs emotions hallucinations and dreams In regards to the emotional emplotment of fictional worlds this study also benefits from affective narratology as well as the plot theory being influenced by possible world semantics narrative dynamics and cognitive narratology As the five analysis chapters of this study show fictional minds in Vartio s fiction are not only introspective solipsist and streaming but also embodied and social entities In the readings of the primary texts the concept of embodiedness is used to examine the situated presence of an experiencing mind within the time and space of the storyworld Fictional minds interactions are also demonstrated as evolving from local experientiality to long term calculations that turn emotional incidents into episodes and episodes into stories In Vartio s novels the emotional story structure of certain conventional story patterns such as the narratives of female development and the romance plot the sentimental novel and epistolary fiction are modified and causally altered in the portrayal of the embodied interactions between the self the other and the world The trajectories of female self discovery in Vartio s novels are analyzed through the emotional responses of characters their experiences of randomness their ways of counterfactualizing their traumatic past their procrastinatory or akratic reactions or indecisiveness The gradual move away from the percepts of the external world to the excessive imaginings and mis readings of other minds triggered by the interaction of worlds and minds challenges the contemporary and more recent accounts of modernism both in Finnish and international contexts Scotland's Books

Robert Crawford, 2009-01-30 From *Treasure Island* to *Trainspotting* Scotland s rich literary tradition has influenced writing across centuries and cultures far beyond its borders Here for the first time is a single volume presenting the glories of fifteen centuries of Scottish literature In *Scotland s Books* the much loved poet Robert Crawford tells the story of Scottish imaginative writing and its relationship to the country s history Stretching from the medieval masterpieces of St Columba s *Iona* the earliest surviving Scottish work to the energetic world of twenty first century writing by authors such as Ali Smith and James Kelman this outstanding account traces the development of literature in Scotland and explores the cultural linguistic and literary heritage of the nation It includes extracts from the writing discussed to give a flavor of the original

work and its new research ranges from specially made translations of ancient poems to previously unpublished material from the Scottish Enlightenment and interviews with living writers Informative and readable this is the definitive single volume guide to the marvelous legacy of Scottish literature **The Technique of the Novel** Carl Henry Grabo,1928 **Fantasies of Neglect** Pamela Robertson Wojcik,2016-09-19 In our current era of helicopter parenting and stranger danger an unaccompanied child wandering through the city might commonly be viewed as a victim of abuse and neglect However from the early twentieth century to the present day countless books and films have portrayed the solitary exploration of urban spaces as a source of empowerment and delight for children *Fantasies of Neglect* explains how this trope of the self sufficient mobile urban child originated and considers why it persists even as it goes against the grain of social reality Drawing from a wide range of films children s books adult novels and sociological texts Pamela Robertson Wojcik investigates how cities have simultaneously been demonized as dangerous spaces unfit for children and romanticized as wondrous playgrounds that foster a kid s independence and imagination Charting the development of free range urban child characters from *Little Orphan Annie* to *Harriet the Spy* to *Hugo Cabret* and from *Shirley Temple* to the *Dead End Kids* she considers the ongoing dialogue between these fictional representations and shifting discourses on the freedom and neglect of children While tracking the general concerns Americans have expressed regarding the abstract figure of the child the book also examines the varied attitudes toward specific types of urban children girls and boys blacks and whites rich kids and poor ones loners and neighborhood gangs Through this diverse selection of sources *Fantasies of Neglect* presents a nuanced chronicle of how notions of American urbanism and American childhood have grown up together **The Bloomsbury Handbook to Literature and Psychoanalysis** Jeremy Tambling,2023-03-09 Providing the most comprehensive examination of the two way traffic between literature and psychoanalysis to date this handbook looks at how each defines the other as well as addressing the key thinkers in psychoanalytic theory Freud Klein Lacan and the schools of thought each of these has generated It examines the debts that these psychoanalytic traditions have to literature and offers plentiful case studies of literature s influence from psychoanalysis Engaging with critical issues such as madness memory and colonialism with reference to texts from authors as diverse as Shakespeare Goethe and Virginia Woolf this collection is admirably broad in its scope and wide ranging in its geographical coverage It thinks about the impact of psychoanalysis in a wide variety of literatures as well as in film and critical and cultural theory **The Publishers Weekly** ,1916 **The Reader's Art** Mark Goldman,2015-06-03 No detailed description available for *The Reader s Art* **Dynamic Psychology in Modernist British Fiction** G. Johnson,2005-10-06 *Dynamic Psychology in Modernist British Fiction* argues that literary critics have tended to distort the impact of pre Freudian psychological discourses including psychical research on Modern British Fiction Psychoanalysis has received undue attention over a more typical British eclecticism embraced by now forgotten figures including Frederic Myers and William McDougall This project focuses on the Edwardian novelists most fully engaged by

dynamic psychology May Sinclair and J D Beresford but also reconsiders Arnold Bennett and D H Lawrence The book concludes by demonstrating Woolf s subtle assimilation of pre Freudian discourse *Novelists and Novels* Harold Bloom,2009 Read what Bloom had to say on the world s great novelists including Miguel de Cervantes Charles Dickens Jane Austen Franz Kafka Ernest Hemmingway and more D. H. Lawrence Alistair Niven,1978-02-23 Since his death in 1930 D H Lawrence has become not only one of the most controversial English novelists of the twentieth century but also one of the most widely read and quoted writers in the language In this new study of his major fiction Alistair Niven revalues all the novels tracing Lawrence s development through them both as an artist and as a thinker At the centre of the book Dr Niven discusses *The Rainbow* and *Women in Love* as the diverse products of a single creative intention nothing less than an exploration of where modern man is going Lawrence s early novels *The White Peacock* and *The Trespasser* receive exceptionally close scrutiny There are also full length chapters on Lawrence s well known fiction of sexual self discovery *Sons and Lovers* and *Lady Chatterley s Lover* The travel novels *The Lost Girl* *Aaron s Rod* *The Plumed Serpent* and especially the Australian novel *Kangaroo* which the author believes has been seriously underestimated by previous critics are given prominence as evidence of Lawrence s restless desire to find a superior set of values to those he believed had failed in England Dr Niven s conclusions are derived solely from his close reading of the novels themselves and when relevant from Lawrence s correspondence and short stories This study with its unusually lively and commonsense approach confirms Lawrence as not only a great novelist but a central figure in the development of the modern mind **The Radical Fiction of Ann Petry** Keith Clark,2013-06-03 This welcome study delivers a long overdue analysis of the works of Ann Petry 1908 1997 a major mid twentieth century African American author Primarily known as the sole female member of the Wright School of Social Protest Petry has been most recognized for her 1946 novel *The Street* about a woman s struggle to raise her son in a hardscrabble Harlem neighborhood Keith Clark moves beyond assessments of Petry as a sort of literary descendent of Richard Wright to acclaim her innovative approaches to gender performance sexuality and literary technique Engaging a variety of disciplinary frameworks including gothic criticism masculinity and gender studies queer theory and psychoanalytic theory Clark offers fresh readings of Petry s three novels and collection of short stories Clark explores for example Petry s use of terror in *The Street* where both blacks and whites appear physically and psychically monstrous He also identifies the use of dark comedy and the macabre in her startling depictions of race class gender construction and sexual identity in the stories *The Bones of Louella Brown* and *The Witness* Petry s overlooked second novel *Country Place* set in a deceptively serene bucolic Connecticut hamlet camouflages a world as palsied and nightmarish as the Harlem of her previous work While confirming the black feminist dimensions of Petry s writing Clark also assesses the writer s representations of an array of black and white masculine behaviors some socially sanctioned others transgressive and taboo in her unheralded masterpiece *The Narrows* and her widely anthologized short story *Like a Winding Sheet* Expansive in scope *The Radical Fiction of Ann*

Petry foregrounds and analyzes Petry's unique concerns and agile techniques re introducing and situating her among more celebrated male contemporaries
