Much Labouring David Holdeman,1997 Explores Yeats s engagement with issues of gender and class **Material**
Modernism George Bornstein,2001-02-05 Bornstein looks at modernism in its original sites of production *The Oxford Handbook of W.B. Yeats* Lauren Arrington,Matthew Campbell,2023-05-30 The forty two chapters in this book consider Yeats s early toil his practical and esoteric concerns as his career developed his friends and enemies and how he was and is understood This Handbook brings together critics and writers who have considered what Yeats wrote and how he wrote moving between texts and their contexts in ways that will lead the reader through Yeats s multiple selves as poet playwright public figure and mystic It assembles a variety of views and adds to a sense of dialogue the antinomian or deliberately divided way of thinking that Yeats relished and encouraged This volume puts that sense of a living dialogue in tune both with the history of criticism on Yeats and also with contemporary critical and ethical debates not shirking the complexities of Yeats s more uncomfortable political positions or personal life It provides one basis from which future Yeats scholarship can continue to participate in the fascination of all the contributors here in the satisfying difficulty of this great writer *Text*

Catherine E. Paul,2002 How modernist writers experienced the Louvre the British Museum and the Museum of Natural History and how these museums influenced their writing *Yeats's Poetry, Drama, and Prose* William Butler Yeats,2000 This brand new collection impeccably edited by James Pethica presents a comprehensive selection of Yeats s major contributions in poetry drama prose fiction autobiography and criticism *Reading Notes* ,2021-11-01 Reading notes

constitute a vast resource for an understanding of literary history and culture They indicate what writers read as well as how they read and what they used in their own work As such they play an important role in both the reception and the production of texts The essays in this volume representing the newest trends in European and international textual scholarship examine literary creation and the relationship between reading and writing To study how readers respond to writing and how reading engenders new writing the contributing scholars no longer take for granted that authors write in splendid isolation but turn to a more broadly sociological investigation of authorship assigning new roles to the writer as reader notetaker annotator book collector and so on Notes and annotations may be fragmentary private undigested and embryonic but as witnesses to the reading process they tell unique stories about writers and readers ranging from great marginalists like Coleridge to women annotators of cookbooks This subject of research is a junction of several fields of research and tries to bridge gaps between separate disciplines with a common ground such as the history of the book the history of reading and the history of writing scholarly editing and textual genetics the analysis commentary and critical interpretation of the way in which works of art come into being bridging the gap between literary and textual criticism

Subjectivity and Nationhood in Yeats, Joyce, and Beckett Matthew Fogarty, 2023-04-01 Subjectivity and Nationhood in Yeats Joyce and Beckett Nietzschean Constellations reconceptualises Friedrich Nietzsche's position in the intellectual history of modernism and substantively refigures our received ideas regarding his relationship to these Irish modernists Building on recent developments in new modernist studies the book demonstrates that Nietzsche is a modernist writer and a modernist philosopher by drawing new parallels between his engagement with established philosophical theories and the aesthetic practices that Ezra Pound and T S Eliot identified as quintessentially modernist With specific reference to key Nietzschean philosophemes eternal recurrence the Übermensch transnationalism cultural paralysis and ethical perspectivism it challenges the longstanding assumption that Yeats who repeatedly acknowledged his admiration for Nietzsche is the most Nietzschean of these Irish modernists While showing how both Joyce and Beckett are in many important ways more Nietzschean than Yeats this interdisciplinary study makes a number of significant and timely contributions to the fields of Irish studies and modernist studies

and theme of the heart as it is evident within the poetry It places the heart at the centre of a complex web of Yeatsian preoccupations and associations from the biographical to the poetic and philosophical to the mythological and mystical In particular the book seeks to unlock Yeats mystifying aesthetic vision via his understanding of the ancient Egyptian Weighing of the Heart ceremony The work provides a chronological narrative arc that looks to use the theme of the heart as it recurs in the poetry in order to circumvent and overcome more established frameworks Its purpose is to offer refreshing ways of conceptualizing and building alternatives to more deeply entrenched but not entirely satisfactory arguments that have been offered since Yeats death in 1939 while demonstrating the centrality of the occult to Yeats art *Selected Poems* William Yeats, 2000-05-25 This selection of the works of W B Yeats includes the final book from the unfairly neglected narrative poem The Wanderings of Oisín and a number of lyrics from Yeats's work as poetic dramatist It breaks new ground by allowing the reader to engage with a dozen poems in alternative versions in many other cases it provides significant variants so that Yeats's struggle to revise his poetry can be experienced with unusual immediacy *Text 15* W.
