Brief Interventions with Bereaved Children Barbara Monroe,Frances Kraus,2010 Recent years have seen increasing interest in the needs of children facing bereavement and a corresponding increase in services to support them This book addresses and explains the theoretical concepts and practical implications behind the idea of brief work with bereaved children and families Flexible and accessible short term services delivered at the right time underpin the strengths

of bereaved children supporting their recovery rather than pathologising the grief process In this way the book also speaks to the current interest in the concept of resilience and working with families strengths and possibilities rather than merely identifying their problems This second edition continues to be a unique book within the growing field of childhood bereavement and the new chapters added to this edition discuss managing situations with learning disability supporting very young children and emotional literacy The book also presents cases from the service user s perspective It looks at different approaches to intervention such as the importance of assessment and the value of groupwork and also covers work with children and families before a death Brief interventions with bereaved children will appeal to practitioners educators and service providers managing scarce resources The editors have more than twenty five years experience as practitioners within the field as service providers and educators The book features chapters from distinguished contributors with backgrounds in healthcare education social work and the police alongside theoretical and practice based chapters from workers in the field of bereavement care for children

Creative Storytelling with Children at Risk Sue Jennings, 2017-06-14 This second edition is fully updated and addresses ways in which we can apply stories and storytelling with children who are troubled Stories can empower children to take action and ask for help including help with changes and life plans Stories provide a secure structure with endings and closure The book develops the following topics Stories for assessment Stories for understanding emotions Stories for exploring the senses Stories for managing loss Stories for ritual and drama There are new and revised stories in particular addressing trauma and abuse This book is written for all those people with the welfare of children as their priority

Personal Process in Child-Centred Play Therapy David Le Vay, Elise Cuschieri, 2022-09-02 Personal Process in Child Centred Play Therapy provides a very specific exploration of the play therapy process from the personal perspective of the play therapist This volume examines the personal challenges opportunities losses and gains and numerous obstacles that one has to negotiate through the course of both training to become a play therapist and working as a qualified clinician with children who have complex life difficulties The book aims to offer a forum within which the role function and process of the personal within play therapy can be explored Bringing together a number of experienced play therapists the book shares often deeply personal accounts of their experience of training and clinical practice Chapters challenge the unspoken therapist taboos of shame childhood trauma vulnerability and grief shining a light on the more hidden areas of therapist experience Clinical issues around the unconscious process are also explored but once again from the personal position of the play therapist rather than the child With a unique and distinct perspective on the therapeutic process this book is specifically intended for both trainee and experienced play therapists but will be relevant to all psychotherapists involved in working therapeutically with children and young people

Oxford Textbook of Palliative Care for Children Richard Hain, Ann Goldman, Adam Rapoport, Michelle Meiring, 2021-07-27 The importance of palliative care for children facing life threatening illness and their families is now widely acknowledged as an essential part of care

which should be available to all children and families throughout the child's illness and at the end of life. The new edition of the Oxford Textbook of Palliative Care for Children brings together the most up to date information, current knowledge, evidence and developments of clinical practice in the field. The book is structured into four sections: Foundations of Care describes core issues, the foundations on which paediatric palliative care is based; Child and Family Care looks at different aspects of psychological, social and cultural care for the sick child or young person and their family; These chapters cover the time course of the illness around the time of death and support for the bereaved family; Symptom Care focuses on the uses of medication, specific symptoms and their management; Finally, Delivery of Care examines practical approaches to care in different environments and the needs of clinicians. Two new editors join the team from Canada and South Africa, reflecting our aims to contribute towards the development of care for children across the world and to be a resource for both experienced clinicians and those new to the field. Comprehensive in scope, exhaustive in detail and definitive in authority, this third edition has been thoroughly updated to cover new practices, current epidemiological data and the evolving models that support the delivery of palliative medicine to children. This includes two new chapters looking in detail at Decision Making and Perinatal Care and a new section highlighting the emerging importance of Palliative Care for Children in Humanitarian Crises. This book is an essential resource for anyone who works with children worldwide.

Emotional Healing For Dummies David Beales, Helen Whitten, 2009-12-10. At some point in their lives, most people will have thought, "He should never have said that. How could she treat me this way? I feel guilty when I remember what I said to him. I'm so angry I can't bear it." Usually, we don't feel that we can discuss these hurtful emotions such as guilt, anger or jealousy with our friends and families, let alone go to a GP for advice on dealing with them. We're a nation that bottles things up, dismissing anger, frustration, hatred and guilt as largely insignificant to our minds and bodies. But powerful emotions like these do affect us in a long-term way, not only mentally but also physically, and it's important to know how to get them under control before our health really suffers. This easy-to-follow, plain English guide shows you why and how emotions can leave a physical scar and talks about various life factors and influences that can lead to emotional stress. It will help you heal your emotional traumas with a toolkit of strategies and allows you to take care of your health with a practical, hands-on approach. **Emotional Healing For Dummies** covers: PART 1 INTRODUCING EMOTIONAL HEALING Chapter 1 Understanding Emotional Healing Chapter 2 Exploring the Physiology of Emotion Chapter 3 Tuning into Emotions PART 2 EMOTIONS AND YOUR BODY Chapter 4 You are What you Eat Chapter 5 Body Rhythms Chapter 6 Physical Strategies for Emotional Healing PART 3 EMOTIONAL HEALING FOR REAL LIFE Chapter 7 Mapping the Emotional Environment Chapter 8 Facing up to Emotional Challenges Chapter 9 Managing Relationships Chapter 10 Strategies for Getting through Tough Times Chapter 11 Life's Transitions PART 4 THE EMOTIONAL HEALING TOOLKIT Chapter 12 Thinking Strategies for Emotional Healing Chapter 13 Mindfulness Practices to Rebalance Chapter 14 Lifestyle Strategies for Emotional Healing Chapter 15 Becoming the

Emotionally Healed Person PART 5 TAKING YOUR HEALING TO ANOTHER LEVEL Chapter 16 Planning to Manage Emotions in the Future Chapter 17 Inspiring Healing in Others Chapter 18 Helping your Child to Heal PART 6 THE PART OF TENS Chapter 19 Ten Ways to Heal Emotional Wounds Chapter 20 Ten Ways to Stay Positive Chapter 21 Ten Exercises for Emotional Healing **Skills and Knowledge for Life Story Work with Children and Adolescents** Katie

Wrench,2024-06-21 Life story work allows care experienced and adopted young people to understand their histories and come to terms with their feelings about the past This accessible guide helps therapists and social care professionals to develop their skills to support children and families through their life story journey It builds on the fundamental 6 step model for practice to incorporate elements from a variety of therapeutic approaches from DDP to creative therapies Theoretical explanations case vignettes and practical suggestions provide guidance on practice based issues in life story work such as working with parent carer child dyads incorporating a birth family perspective talking about traumatic stories managing endings and constructing the life story book Essential reading for anyone undertaking life story work this guide enhances a time tested model with up to date research and new ideas for overcoming the most common challenges practitioners face when delivering life story work Supporting Inclusive Practice Gianna Knowles,2010-10-04 The importance and

understanding of inclusiveness in education has become an integral part of the education system With emphasis on the well being of families and children alike the concept of an inclusive learning environment continues to focus on the interests of the child as a whole not their condition and this approach is at the forefront of supporting their emotional and educational well being Now fully updated this new edition of Supporting Inclusive Practice encourages the ongoing practice of inclusion with discussions guidance and advice on how to build an inclusive environment This book encourages debate reflection and discussion when relating to the teaching of children with English as an additional language gifted and talented children children with autism and physical and sensory disabilities children who have suffered loss grief and bereavement children in Care or being looked after Helping you to promote children s independence and emotional resilience and with advice on working with families and professional agencies this book is integral to all those at university training to work in the education sector as well as teachers and teaching assistants who are truly looking to achieve inclusive practice in their classroom
