*Messerschmidt and Modernity* Antonia Boström, 2012-09-12 An astonishing group of sixty-nine Character Heads by German sculptor Franz Xaver Messerschmidt 1736-1783 has fascinated viewers artists and collectors for more than two centuries The heads carved in alabaster or cast in lead or tin alloy were conceived outside the norm of conventional portrait sculpture and explore the furthest limits of human expression Since their first exposure to the public in 1793 artists including Egon Schiele 1890-1918 Francis Bacon 1909-1992 Arnulf Rainer born 1929 and more recently Tony Cragg born 1949 and Tony Bevan born 1951 have responded to their overwhelming visual power Lavishly illustrated *Messerschmidt and Modernity* presents remarkable works created by and inspired by Messerschmidt an artist both of and ahead of his time The Character Heads situate the artist's

work squarely within the eighteenth century European Enlightenment with its focus on expression and emotion Yet their uncompromising style stands in sharp contrast to the florid Baroque style of Messerschmidt's earlier sculptures for the court of Empress Maria Theresa of Austria With their strict frontality and narrow silhouettes the Character Heads appear to contemporary eyes as having been conceived in a modern aesthetic Their position at the apparent limits of rational art have made them compelling to successive generations of artists working in a variety of media     **The Musical Times and Singing-class Circular** ,1880     **The Monthly Musical Record** ,1872     The Beethoven Journal ,2003     *Collected Essays on Modern and Classical Music* George Edwards,2008 This collection of published and unpublished essays from the 1990s ranges from analyses of classical music to witty arguments about the merits and demerits of modernism and postmodernism to philosophical considerations of time tempo and performance Rather than taking a technical approach accessible only to composers and musicologists George Edwards addresses a wide audience of musically cultivated readers His essays include philosophical and critical thoughts on music as well as broader discussions of Marxism psychoanalytic theory and semiotics Some of the essays were first published in literary journals and all approach their subjects through an array of cultural references supported by precise musical insight BOOK JACKET     Monthly musical record ,1873
