Los Muertos Adela Pineda Franco, 2024-12-31 Observed in Mexico and parts of the United States El Día de Muertos or Day of the Dead is a celebratory holiday *Los Muertos* is the first anthology of fiction relating to or inspired by this bicultural tradition Each of the two dozen Mexican and Mexican American writers featured here has a unique affinity for the myriad ideas connected closely to the El Día de Muertos some in less obvious ways The stories connect to the metaphors and connotations related to memorializing the dead some reflecting on the ritualized and religious aspects of what has become a commercialized holiday and others reacting to such cultural appropriations In celebration and reconciliation stories like Alessandra Narváez Varela's told from the point of view of a Día de los Muertos wreath and Marytza Rubio's about a young woman trying to rewrite a young man's death through parallel dimensions illustrate the ways Latino cultures process death From Kirstin Valdez Quade's little girl struggling to accept her mother's abandonment to David Rice's character forgiving himself in remembrance of his daughter's namesake each character fully embraces what it means to look death in the face and celebrate the losses of the departed From solemn ofrendas and milagros to everyday acts far removed from any trace of pan de muerto or papel picado these diverse stories call us to appreciate the holiday's broader cultural significance
