Sexual Fiction Maurice Charney, 2013-10-08 First Published in 2002 It is easy to see that we are living in a time of rapid and radical social change It is much less easy to grasp the fact that such change will inevitably affect the nature of those disciplines that both reflect our society and help to shape it Yet this is nowhere more apparent than in the central field of what may in general terms be called literary studies New Accents is intended as a positive response to the initiative offered by such a situation Each volume in the series will seek to encourage rather than resist the process of change To stretch rather than reinforce the boundaries that currently define literature and its academic study Taking Flight: Inspirational Stories of Lung Transplantation More Journeys Lung Recipients Around the World, 2011-05-06 I have the back cover designer working on the wording for the back cover I require no help **The Diviners Free Preview Edition** (The First 11 Chapters) Libba Bray, 2012-08-21 ENJOY A FREE EXTENDED PREVIEW OF LIBBA BRAY S HIGHLY ANTICIPATED NEW NOVEL It's Marjorie Morningstar meets Silence of the Lambs and Bray dives into it with the brio of the era alternating rat a rat flirting with cold blooded killings Booklist Starred Review It s 1926 and New York is filled with speakeasies Ziegfeld girls and rakish pickpockets Evie O Neill just arrived and she's ecstatic The only catch is that she has to live with her uncle Will and his unhealthy obsession with the occult and Evie worries he ll discover her darkest secret a supernatural power that has only brought her trouble so far But when the police find a murdered girl branded with a cryptic symbol Evie realizes her gift could help catch a serial killer Printz Award winning and New York Times bestselling author Libba Bray opens a brand new historical fiction series with The Diviners where the glittering surface of the Roaring Twenties hides a mystical horror creeping across the country **Zenith** Stella Williams, 2021-06-04 The Aura have been forced out of hiding The surviving members of Aura Society are struggling with the transition to the human world Zarovia Monoceros has a plan that could smooth the way but before she can fulfill her destiny as Zenith she needs to deal with the handsome distraction under her own roof Hendrex Andromeda wants nothing more but to settle down in his new life outside of Ceres Free from his duty as Ruling Four he can finally be himself except he has no idea what that looks like in the human world The only part of his future Hendrex is certain about is Zarovia But in order to be worthy of her love he needs to face his demons and show her the man he can be Under the constant threat of attack will taking a chance on love be the key to the future for the Aura or lead to the destruction of everything John F. Kennedy Michael O'Brien, 2006-05-16 John F Kennedy creates an absorbing insightful and distinguished biography of one of America's most legendary Presidents While current fashion in Kennedy scholarship is to deride the man's achievements this book describes Kennedy's strengths explains his shortcomings and offers many new revelations There are many specialized books on Kennedy's career but no first class modern biography one that takes advantage of the huge volume of recent books and articles and new material released by the JFK library Ten years in the making this is a balanced and judicious profile that goes beyond the clash of interpretations and offers a fresh nuanced perspective Something to Be Desired Thomas McGuane, 2012-06-13 A funny rueful and beautifully rendered portrait of American manhood on the rocks from the highly acclaimed author of Cloudbursts and Ninety two in the Shade In life Lucien Taylor has made several mistakes but the two most grievous are as follows leaving his wife and son to take up with his old flame Emily and putting up Emily s bail when she is arrested for murder The upshot is that Lucien is left stranded in Montana with a malodorous hot spring and a squandered sense of purpose As told by Thomas McGuane Lucien s attempt to recoup his losses makes for a book that says volumes about the lives of dogs and falcons the yearnings of sons for fathers and the skeptical truce that men and women sometimes reach when they get tired of fighting **Funny Weather:** Art in an Emergency Olivia Laing, 2020-05-12 One of the finest writers of the new nonfiction Harper's Bazaar explores the role of art in our tumultuous modern era In this remarkable inspiring collection of essays acclaimed writer and critic Olivia Laing makes a brilliant case for why art matters especially in the turbulent political weather of the twenty first century Funny Weather brings together a career s worth of Laing s writing about art and culture examining their role in our political and emotional lives She profiles Jean Michel Basquiat and Georgia O Keeffe reads Maggie Nelson and Sally Rooney writes love letters to David Bowie and Freddie Mercury and explores loneliness and technology women and alcohol sex and the body With characteristic originality and compassion she celebrates art as a force of resistance and repair an antidote to a frightening political time We re often told that art can t change anything Laing argues that it can Art changes how we see the world It makes plain inequalities and it offers fertile new ways of living Victorian Fiction as a Bildungsroman Petru Golban, 2019-09-30 Metaphorically speaking the nineteenth century English Bildungsroman dealing with the principle of identity formation parallels Victorian fiction as a whole revealing the completion of its own formation which began in the

eighteenth century Significantly the most important and popular Victorian novels are Bildungsromane in which authors construct or rather reconstruct their own life experiences as formative processes This book shows that the Bildungsroman has a development history is a specific literary system and consists of a thematic and narrative pattern It details the entrance of this newly established fictional tradition into Victorian culture and literature through Carlyle's threefold literary reception of the novel of formation and its subsequent flourishing and complexity In this respect a number of novelistic works are scrutinized and each faces the question as to whether its thematic and narrative perspectives fit the pattern and shape of the Bildungsroman
