Old West Swindlers Laurence J. Yadon, Robert Barr Smith, 2011-06-23 True stories of nineteenth century crooks, con artists and quacks including the man who sold the Brooklyn Bridge. Gunslingers and outlaws weren't the only ones who made the West wild. The nineteenth century was the golden era of riverboat gamblers, crooked railroad contractors and filthy rich medical quacks. These crooks made a living deceiving people who took a stranger at face value and left their doors unlocked. Throw in some get rich quick schemes and a generous mixture of whiskey and there was never a shortage of suckers. Conman George Parker was able to stay in business for forty years by selling public structures such as Madison Square Garden and the Statue of Liberty. He even sold the Brooklyn Bridge as often as twice a week. For most, the Salted Gold Mine or the Magic Wallet cons were enough to satisfy their greed. However, the more ambitious grifters tried the Big Store, an illegal underground betting parlor like the one seen in the movie *The Sting*. With an honest looking face and a lack of morals, these scammers played a big role in giving the frontier its lawless reputation, and this book tells their stories.

Nothing Like It in the World Stephen E. Ambrose, 2012-12-11 NOTHING LIKE IT IN THE WORLD is the story of the men who built the transcontinental railroad, the investors who risked their businesses and money, the enlightened politicians who understood its importance, the engineers and surveyors who risked and sometimes lost their lives, and the Irish and Chinese immigrants, the defeated Confederate soldiers, and the other labourers who did the backbreaking and dangerous work on the tracks. The US government pitted two companies, the Union Pacific and the Central Pacific Railroads, against each other in a race for funding, encouraging speed over caution. Locomotives, rails, and spikes were shipped from the East through Panama or around South America to the West or lugged across the country to the Plains. In Ambrose's hands, this enterprise with its huge expenditure of brainpower, muscle, and sweat comes vibrantly to life.

America's self-perception as God's Chosen is examined, and its catastrophic results detailed. The book offers an ethical, political, and theological perspective on the perversion of Christian teaching behind the war in Iraq and the moral culpability of the American empire.
