Nothing Serious:

Brontomek Michael G. Coney, 2013-02-18 The planet Arcadia was on the verge of economic collapse Its human colony had been decimated by the strange Relay Effect in the aftermath still more colonists were leaving for other worlds The Hetherington Organisation promised to change that If the remaining colonists put themselves entirely in their hands for a five year period they would transform Arcadia into the most prosperous planet settled by mankind while preserving its great natural beauty It was an offer the Arcadians could not possibly refuse for the alternative after all was an accelerating slide into poverty and eventually savagery Only when the Hetherington Organisation s first cargo ships arrived unloading a huge stream of brontomeks huge robot agricultural machines heavily armoured and an army of amorphs aliens who were capable of moulding themselves into human form did the colony begin to realise what it had committed itself to Brontomek is a sequel to two earlier books Syzygy and Mirror Image Like it s predecessors it is an ingenious adventurous tale of the type which has rapidly made Coney one of SF s foremost entertainers Brontomek won the 1977 BSFA award for best novel The City Dean Koontz, 2014-07-01 No 1 New York Times bestselling author Dean Koontz is at the peak of his storytelling powers with this major new novel a rich multi layered story that moves back and forth across decades and generations as a gifted musician relates the terrible and wonderful events of his childhood in 1967 this is the story of a boy and a city Jonah Kirk s childhood has been punctuated by extraordinary moments like the time a generous stranger helped him realize his dream of learning the piano Nothing is more important to him than his family and friends and the electrifying power of music But now Jonah has a terrifying secret And it sets him on a collision course with a group of dangerous people who will change his life forever For one bright morning a single earth shattering event will show Jonah that in his city good is entwined with malice and sometimes the dark side of humanity triumphs But it will also teach him that courage and honour are found in the most unexpected places and the way forward lies buried deep inside the heart If he can just survive to find it A story of broken families race fathers sons love and hate and how these things can bubble in the cauldron of the city the most gripping thing I ve read in a long long time You sense you are reading a master still at the peak of his powers Matt Haig author of the Humans *Nothing, Nobody* Elena Poniatowska, 1995-07-30 This powerful account chronicles the human drama of the devastating earthquake that rocked Mexico City Hordes Leon De Kock, 2012-05-11 A story that could come true tomorrow When Ishmael Jacobson creates a virus that stops the ageing process in humans and animals alike chaos could be the only result Striving towards a dream of eternal life everybody do what they can to get infected with the virus even if it means breaking the law It is up to detective Lindique to try to stop the spread of the virus but is it too late Soon the world is filled with people and every day more and more are born The ground turns barren too tired to keep on giving life to billions upon billions of humans who are trying to scrape another morsel of food out of the dust When there is no more food to eat there is always the neighbour In the end there is only one person who can start the ageing process in humans again and it is the

person who started the whole problem to begin with coming full circle Nothing Week Pete Hancock,2012-09-04 Nothing Week is the other week following pay week when those with something left in their pockets contribute to the well being of others whose meagre income has been largely absorbed by book up or gambling Set in the remote South Australian township of Oodnadatta on the edge of the Simpson Desert this enriching narrative offers a bridge into Aboriginal culture following the ups and downs which typify life in that unique community A number of contemporary social and political issues are discussed in the context of a fictional five week slice of time from the third week of May through to June **Mel Daniella** Castro,2019-05-30 Mel By Daniella Castro It is not James s year His girlfriend broke up with him and cleaned out his apartment His family is the epitome of happiness With an empty apartment awaiting him he is looking at days of sadness and loneliness But when James sees his crazy neighbor locked out of her apartment he has no idea his life is about to change forever One simple request turns his life upside down and he ll realize that growing up has its own set of challenges
