nature of being God causality death etc have largely remained the same and unchallenged mainly due to the hesitancy of some African scholars to question these suppositions or build beyond them In this book Aribiah David Attoe presents a unified African metaphysics that first interrogates important notions held by many traditional African thinkers and then builds upon them to propose a largely materialistic account of African metaphysics The book re imagines and reconstructs the idea of God being causality and death in African metaphysics tackling some of the problems associated with these concepts in African thought It also opens up new vistas of thought while engaging and encouraging African metaphysicians to explore a previously ignored perspective *Life Can Be Good Again* Lisa Appelo, 2022-04-19 When life unexpectedly shatters it leaves layers of loss We re left navigating a sea of emotions unwanted change and an unknown future all while wondering if we ll ever feel real joy again In *Life Can Be Good Again* discover how to lament what s been lost brave the broken places find your footing and anchor your hope in God s character and promises to flourish In this book you will learn how to Depend on your unchanging God knowing with confidence that it s the best way to live Unmask your emotions and navigate your pain with God who welcomes and understands them Overcome paralyzing fears to move forward well with three scriptural steps Your unexpected future may feel like Plan B but it s God s purposeful Chapter Two for you as he reshapes your shattered heart You need to know that you will not merely survive this but that life will be good again

The Epistemological Skyhook Jim Slagle,2016-05-20 Throughout philosophical history there has been a recurring argument to the effect that determinism naturalism or both are self referentially incoherent By accepting determinism or naturalism one allegedly acquires a reason to reject determinism or naturalism The Epistemological Skyhook brings together for the first time the principal expressions of this argument focusing primarily on the last 150 years This book addresses the versions of this argument as presented by Arthur Lovejoy A E Taylor Kurt G del C S Lewis Norman Malcolm Karl Popper J R Lucas William Hasker Thomas Nagel Alvin Plantinga and others along with the objections presented by their many detractors It concludes by presenting a new version of the argument that synthesizes the best aspects of the others while also rendering the argument immune to some of the most significant objections made to it Toward a Sacramental Poetics Regina M. Schwartz,Patrick J. McGrath,2021-12-15 Distinguished theologians and literary scholars explore the workings of the sacred and the sacramental in language and literature What

does a sacramental poetics offer that secular cultural theory for all of its advances may have missed How does a sacred understanding of the world differ from a strictly secular one This volume develops the theory of sacramental poetics advanced by Regina Schwartz in her 2008 book on English Reformation writers taking the theory in new directions while demonstrating how enduring and widespread this poetics is Toward a Sacramental Poetics addresses two urgent questions we have inherited from a half century of secular critical thought First how do we understand the relationship between word and thing sign and signified other than as some naive direct representation or as a completely arbitrary language game And second how can the subject experience the world beyond instrumentalizing it The contributors conclude that a sacramental poetics responds to both questions offering an understanding of the sign that by pointing beyond itself suggests wonder The contributors explore a variety of topics in relation to sacramental poetics including political theology miracles modernity translation and transformation and the metaphysics of love They draw from diverse resources from Dante to Hopkins from Richard Hooker to Stoker s Dracula from the King James Bible to Wallace Stevens Toward a Sacramental Poetics is an important contribution to studies of religion and literature the sacred and the secular literary theory and theologies of aesthetics Contributors Regina M Schwartz Patrick J McGrath Rowan Williams Subha Mukherji Stephen Little Kevin Hart John Milbank Hent de Vries Jean Luc Marion Ingolf U Dalferth Lori Branch and Paul Mariani
