Pryke, 1979      Canadian Studies in History and Government, 1979      **Nova Scotia and Confederation, 1864-74** Kenneth G. Pryke, Kenneth Pryke's study of the period reveals the complex interplay of personalities economic interests social attitudes and political ideas which shaped Nova Scotia's hesitant course before 1867 and its reluctant acceptance of the new federal system      **Interpreting Canada's Past: Pre-confederation**, 1993      *History of the Canadian Peoples: Beginnings to 1867* Margaret Conrad, Alvin Finkel, 2006      **The Court of Queen's Bench of Manitoba, 1870-1950** Dale Brawn, Osgoode Society for Canadian Legal History, 2006-01-01 This study of the Manitoba judiciary is not only the first biographical history to examine an entire provincial bench it is also one of the first studies to offer an internal view of the political nature of the judicial appointment process Dale Brawn has penned the biographies of the first thirty three men appointed to Manitoba's Court of Queen's Bench The relative youth of Manitoba as a province and the small size of its legal profession makes possible an exceptionally detailed investigation of the background of those appointed to the province's highest trial court The biographical data that Brawn has collected for this book highlights the extent to which judicial candidates underwent a socialization process designed to produce a legal elite whose members shared remarkably similar views and ways of thinking In addition these biographies suggest that until at least 1950 seats on provincial benches were rewards for political services rendered Many lawyers became judges not because of their legal ability but because they had made themselves known in the communities in which they practiced This fascinating study offers an intimate look at personalities ranging from prime ministers to members of the bench and both senior levels of government      *Canadians*, 1980      **Canadian Book Review Annual**, 1979      *Joseph Howe* James Murray Beck, 1982 In this concluding volume of the biography of the great Nova Scotia tribune Joseph Howe extends his horizon well beyond his native province and in the climactic period of a tumultuous political career accepts the union of the British North American colonies and becomes a Canadian      *Acadiensis*, 1992      **Joseph Howe** Murray Beck, 1983-10-01 Professor Beck shows how in Churchillian fashion the final resolution was preceded by a series of setbacks and disappointments in Howe's public life These were the result of a bold colonization scheme encompassing an inter colonial railway between Halifax and Quebec a quixotic mission of recruitment in the United States for the British armies in the Crimea the embattled leadership of an unstable provincial administration in the early 1860s and the hard fought campaign to prevent passage of the British North America Act Disillusioned by the indifference of British politician to his long standing advocacy of a refurbished British Empire in whose government colonial leaders could share Howe turned his energies to making the new Canadian federation work A whole hearted supporter of Confederation in his later years Howe displayed an irrepressible vitality that Professor Beck sees as the trademark of the man      **Bibliographic Guide to North American History**, 1981      *Testimonies and Secrets* Robert M.

Mennel,2013-01-01 This compelling history is drawn from the papers of the Crouse Eikle family discovered in their ancestral home in Crousetown on Nova Scotia s South Shore Millwright John Will Crouse 1844 1914 kept a meticulous diary spanning five decades Reflective by nature he recorded the challenges of work pondered the intricacies of communal life and wrote movingly of his personal and spiritual struggles His daughter Elvira Crouse Eikle reported on village events for local newspapers and her son Harold Eikle 1912 1977 a gifted teacher and musician wrote letters and family history Harold s correspondence celebrated the social liberations of the 1930s and beyond but also showed their limits in the suffering he experienced as a gay man in a heterosexual world Using the family papers other unpublished documents and oral history Robert M Mennel connects the experiences of the Crouse Eikle family and their community to larger themes of social and cultural change in North America A story of vivid personalities and episodes by turns sad conflicted joyful bitter funny and reflective Testimonies and Secrets will be read with pleasure by scholars and general readers alike **Library of Congress**

Jonathan Swainger,2011-11-01 The federal Department of Justice was established by John A Macdonald as part of the Conservative party s program for reform of the parliamentary system following Confederation Among other things it was charged with establishing national institutions such as the Supreme Court and the North West Mounted Police and with centralizing the penitentiary system In the process the department took on a position of primary importance in post Confederation politics This was particularly so up to 1878 when Confederation was completed Jonathan Swainger considers the growth and development of the ostensibly apolitical Department of Justice in the eleven years after the union of 1867 Drawing on legal records and other archival documents he details the complex interactions between law and politics exploring how expectations both inside and outside the legal system created an environment in which the department acted as an advisor to the government He concludes by considering the post 1878 legacy of the department s approach to governance wherein any problem legal or otherwise was made amenable to politicized solutions Unfortunately for the department and the federal government this left them ill prepared for the constitutional battles to come One crucial task was to establish responsibilities within the federal government rather than just duplicate offices which had existed prior to union Others were the establishment of national or quasi national institutions such as the Supreme Court 1875 and the North West Mounted Police 1873 the redrafting of the Governor General s instructions which was done between 1875 and 1877 and centralization of the penitentiary system completed by 1875 The Department benefited from a deeply rooted expectation that law was both apolitical and necessary This ideology functioned in a variety of ways it gave the Department considerable latitude for setting policy and solving problems but rationalized the appearance of politicized legal decisions It also

legitimized Department officials claim that it was especially suited to review all legislation advise on the royal prerogative of mercy administer national penitentiaries and appoint judges to the bench Ultimately the fictional notion of law as apolitical and necessary placed the Department of Justice squarely in the midst of the completion of Confederation The Canadian Department of Justice and the Completion of Confederation will be of particular interest to students and scholars of Canadian legal and political history
