Iris Murdoch: Philosophical Novelist Miles Leeson, 2011-10-27 This book provides a concise and highly readable reassessment of Iris Murdoch's engagement with philosophy throughout her life and proposes that she was most importantly a philosophical novelist By investigating her use of philosophical argument in her fictional writing it becomes clear that her narratives always depend upon a strong metaphysical underpinning Leeson proceeds thematically through the philosophical phases of Murdoch's life and develops a clear argument that Murdoch reacts against the philosophies of Sartre Plato Nietzsche and Heidegger not only in her philosophical writings but also in her fiction Indeed it is in her fiction that her philosophical argument is most persuasive and accessible This timely study provides new information regarding Murdoch's engagement with Martin Heidegger and also provides a detailed critique of critics who have overlooked Murdoch's engagement with philosophy within her fiction *The Novelist as Philosopher* John Cruickshank, 1962

Iris Murdoch, Philosopher Meets Novelist Sofia de Melo Araújo, Fátima Vieira, 2011-05-25 Iris Murdoch Philosopher Meets Novelist aims to gather some of the world's present experts on Iris Murdoch in an effort to promote dialogue between philosophy and literature This is due not only to the nature of Iris Murdoch's work itself but also to our belief that within Humanistic Studies there is a constant need for breaking down disciplinarian barriers and reaching a deeper fuller awareness of human thinking Thus the book brings together scholars from a variety of fields and places Brazil England Iran Ireland Italy Portugal Spain Turkey Taiwan and the United States and testifies to the interest that the work of Murdoch continues to inspire The book is divided into two major sections Part A Reading Philosophies in Literature includes articles

focusing on Iris Murdoch's philosophical concerns and their general influence in her work Part B Reading Literature through Philosophy is intended as a sort of application ground a series of case studies wherein authors depart from novels to retrieve the underlying philosophical thinking *The Little Book of Humanism* Alice Roberts, Andrew Copson, 2020-08-27 THE SUNDAY TIMES BESTSELLER We all want to lead a happy life Traditionally when in need of guidance comfort or inspiration many people turn to religion But there has been another way to learn how to live well the humanist way and in today's more secular world it is more relevant than ever In THE LITTLE BOOK OF HUMANISM Alice Roberts and Andrew Copson share over two thousand years of humanist wisdom through an uplifting collection of stories quotes and meditations on how to live an ethical and fulfilling life grounded in reason and humanity With universal insights and beautiful original illustrations THE LITTLE BOOK OF HUMANISM is a perfect introduction to and a timeless anthology of humanist thought from some of history and today's greatest thinkers *Kierkegaard's Influence on Philosophy* Jon Bartley Stewart, 2012 Tome III traces Kierkegaard's influence on Anglophone philosophy It has long been thought that Kierkegaard played no role in this tradition which for years was dominated by analytic philosophy In this environment it was common to dismiss Kierkegaard along with the then current European philosophers who were influenced by him However a closer look reveals that in fact there were several thinkers in the US Canada and Great Britain who were inspired by Kierkegaard even during the heyday of analytic philosophy Current thinking now suggests that Kierkegaard has made some serious inroads into mainstream Anglophone philosophy with many authors seeking inspiration in his works for current discussions concerning ethics personal identity philosophy of religion and philosophical anthropology **Volume 11, Tome III: Kierkegaard's Influence on Philosophy** Jon Stewart, 2016-12-05 Kierkegaard's relation to the field of philosophy is a particularly complex and disputed one He rejected the model of philosophical inquiry that was mainstream in his day and was careful to have his pseudonymous authors repeatedly disassociate themselves from philosophy But although it seems clear that Kierkegaard never regarded himself as a philosopher there can be no doubt that his writings contain philosophical ideas and insights and have been profoundly influential in a number of different philosophical traditions The present volume attempts to document these different traditions of the philosophical reception of Kierkegaard's thought Tome III traces Kierkegaard's influence on Anglophone philosophy It has long been thought that Kierkegaard played no role in this tradition which for years was dominated by analytic philosophy In this environment it was common to dismiss Kierkegaard along with the then current European philosophers who were influenced by him However a closer look reveals that in fact there were several thinkers in the US Canada and Great Britain who were inspired by Kierkegaard even during the heyday of analytic philosophy Today it can be said that Kierkegaard has made some serious inroads into mainstream Anglophone philosophy with many authors seeking inspiration in his works for current discussions concerning ethics personal identity philosophy of religion and philosophical anthropology *The Catalogue of Extolled Philosophers of the Millettarian Tradition* Cometan, 2019-11-26 The

Catalogue of Extolled Philosophers of the Millettarian Tradition is the seventy ninth instalment in the Little Blue Book Series and comprises the fifth to thirteenth discourses of the Tetradoxy which is itself the fourth disquisition of the Omnidoxy Astronism's founding text This publication is constituted by a significant list of philosophers who are considered by the Astronist Institution to be distinguished in the field of philosophy and are therefore considered as having made major contributions as all extolled persons are expected to have achieved The Little Blue Book Series was created and first published by Cometan himself as a way to simplify and commercialise the immensity of the two million word length of the Omnidoxy into smaller more bite size publications A successful series from its very first published entry the Little Blue Book Series has gone on to become a symbol of Astronist commercial literature and a way for Cometan's words to reach readers of all ages and abilities who remain daunted by the beauty and yet the sheer extensiveness of the Omnidoxy as the longest religious text in history

The New Century Book of Facts Carroll Davidson Wright, 1910 *Intende, Lector - Echoes of Myth, Religion and Ritual in the Ancient Novel* Marília P. Futre Pinheiro, Anton Bierl, Roger Beck, 2013-10-29 Representation of myth in the novel as a poetic narrative and aesthetic device is one of the most illuminating issues in the area of ancient religion for such narratives investigate in various ways fundamental problems that concern all human beings. This volume brings together twenty contributions, six of them to a Roundtable organized by Anton Bierl on myth originally presented at the Fourth International Conference on the Ancient Novel ICAN IV held in Lisbon in July 2008. Employing an interdisciplinary approach and putting together different methodological tools, intertextual, psychological and anthropological, each offers an illuminating investigation of mythical discourse as presented in the text or texts under discussion. The collection as a whole demonstrates the exemplary and transgressive significance of myth and its metaphorical meaning in a genre that to some extent can be considered a modernized and secular form of myth that focuses on the quintessential question of love. *Fyodor Dostoevsky-Darkness and Dawn (1848-1849)* Thomas Gaiton Marullo, 2024-11-15 Fyodor Dostoevsky *Darkness and Dawn* 1848-1849 the third and final volume on the writer's childhood, adolescence and youth seeks to disclose in a detailed and intimate way Dostoevsky's last two years before his exile to Siberia. Together with the first two volumes it attempts to present for the first time a complete and congruent picture of the writer's first twenty-eight years. Thomas Gaiton Marullo first examines diverse responses of the Russian church, state and citizens to the French socialists in particular Charles Fourier and to the revolutions of 1848 before he moves to lively debates on Dostoevsky's socialism and new attacks on his writings. He then considers the dynamics of the Petrashevsky and Durov circles, fresh assaults on Dostoevsky's works and the increasing desperation of the writer himself, particularly with Andrei Kraevsky. In the final sections of the book Marullo sheds light on Dostoevsky's readings of Belinsky's letter to Gogol, the arrests of Petrashevsky and company including Dostoevsky and his brothers Andrei and Mikhail as well as his responses to members of the Investigative Commission for the Petrashevsky Affair, his eight months in prison in the Peter Paul Fortress, his mock execution on the Semyonovsky Parade Ground and his departure to exile in Siberia. This volume will be of interest to scholars, students and devotees not only of Dostoevsky but also of Russian and European history, culture and civilization. **Graham Greene** Robert O. Evans, 2021-05-11 This collection of fourteen essays by American and English scholars, many of them hitherto unpublished and all of them selected with a view to avoiding the duplication of essays already familiar and available, offers new testimony of the range and accomplishments of Graham Greene's talent. The essays vary from considerations of general topics to critical analyses of single novels, from a discussion of Greene as a writer of Christian tragedy to a witty irreverent assessment of *The Power and the Glory*. The

authors here are chiefly concerned with the novels though frequent allusions reveal something of the nature and importance of the entertainments and the travel books A number of the essayists focus upon Greene's commitment to the Roman Catholic faith and the definition it has given to his work As a writer he is shown to be preoccupied with a dual vision of human frailty and of God's saving grace a vision found by some to assert sin to the point of virtual heresy though it never loses sight of that mercy which may catch up a soul between the stirrup and the ground As one essay points out traces of this vision are to be found in Greene's earlier works as well as in his entertainments Greene's own particular bent as a Catholic writer is brought out by a comparison with Francois Maruiau another essay is concerned with the tension that exists between the life of art and the life of sanctity Round out this presentation of Greene's accomplishments are discussions of his work in the drama the short story and as a motion picture critic Finally this collection is notable for its inclusion of the most comprehensive bibliography of Greene's work and the criticism of them yet published Graham Greene emerges from this composite judgment as a writer of consummate artistry who sees behind the facade the emptiness of a secular world

Volume 20: The Auction Catalogue of Kierkegaard's Library Katalin Nun, Gerhard Schreiber, 2016-12-05 This volume is a revised and improved edition of the auction catalogue of Kierkegaard's private library The catalogue has long served as one of the most valuable tools in Kierkegaard studies and has been actively used by commentators translators and researchers for tracing the various sources

of Kierkegaard's thought With the catalogue in hand one can determine with some degree of probability what books he read and what editions he used for his information about specific authors The present volume represents the fourth printing of the catalogue and it differs from its predecessors in many respects The previous editions contained incomplete erroneous and inconsistent bibliographical information about the works in the catalogue The primary goal of the present edition was to obtain all of the books and check their title pages for the precise bibliographical information The result is an accurate and reliable edition of the catalogue that conforms to the needs of Kierkegaard studies in the digital age **Nineteenth century** John Clark Ridpath, 1890
