**A Thousand Moments** Kelly Moran, 2022-06-07 Wallflower Rosemary Fillmore has never endeavored anything more than a good book a cool glass of sweet tea and a cat to curl up in her lap after a long day of teaching teenagers how to dissect literary masterpieces Dowdy and shy hardly anyone in her quaint southern town of Vallantine Georgia knows she exists and the only time she has an ounce of confidence is if the world is a fictional one So when three of her star students suddenly start to show an interest in her personal life or lack thereof she wonders what on earth the girls are after Or why And how it involves a certain town librarian Because she hasn't exactly agreed with how he's been running the beautiful landmark into the ground since taking over and frankly she's been more than a little upset about it Besides he is probably the sole person more awkward than herself despite how kind or understatedly handsome he may be As the only living descendant of the original town founders saving the Vallantine Library from destitution falls on Sheldon Brown's shoulders And he's failing Miserably The one hundred and forty year old historical building erected by his ancestors has been in near ruins for a decade and the state of the library system is declining What he doesn't need adding to his burden is giggling teenage girls hanging out between the stacks spying on him and asking silly

questions about their teacher Even if the woman in question is Rosemary Pretty sweet and utterly endearing Rosemary who he s been attempting to ask on a date since forever Except he s chronically gotten the impression she doesn t approve of him or his attempts to save the library But then a mishap one night and a strange challenge from an unlikely source changes everything and he wonders if perhaps two introverted bookworms can get a happy ending after all *The Australian Journal*,1879 Blood from Stone Laura Anne Gilman,2017-04-01 Rediscover the magical world of the Retrievers and the Cosa Nostradamus in the final book of this popular series by Laura Anne Gilman Wren Valere s job is driving her crazy She s still Manhattan s most sought after Retriever but after last year s deadly confrontation with the Silence all this magic user wants is a break With her apartment going co op and her relationship with the demon P B putting stress on her romance with partner Sergei is Wren finally ready to settle down to a more stable existence Not likely Because when you re good trouble always finds you Wren s next assignment puts her on the wrong side of a child snatcher and a collision course with her past But to save a friend and protect her future Wren must pull off the most important Retrieval of her life and for once magic isn t on her side Originally published in 2009 **Special of the Day** Elaine Fox,2009-03-17 Writing with her trademark wit and humour Elaine Fox brings us another wonderfully charming contemporary romance about a beauty who finally finds love that is more than just skin deep Life can be difficult when you re stunningly beautiful For Roxanne Rayeaux a Sports Illustrated swimsuit model beauty had its costs Not only did she have to worry constantly about how she looked but she was considered stupid by strangers She became romantically involved with a man who turned out to be married So Roxanne pitched the world of diets and philanderers and moved her orange cat Cheeto the closest she could come to that forbidden food to Virginia to open a restaurant She went looking for some peace and tranquillity and instead inherited the restaurant s contentious but sexy bartender Steve Serrano An average joe most of his life Steve cannot deny Roxanne s obvious physical charms but thinks she is stuck up and pretentious not his type Roxanne suspicious of Steve s motives after a rash of break ins occurs at the restaurant and a string of bad publicity appears in the local gossip column cannot let her guard down around him Besides he s not her type If only they weren t so darned attracted to each other *UnDivided* Neal Shusterman,2014-10-14 The fate of America hangs in the balance in the fourth and final book in the New York Times bestselling Unwind Dystology series by Neal Shusterman Cam was only the start of Proactive Citizenry s plans for rewind teens The corrupt company is planning to mass produce rewind teen soldiers and to keep their profitable plans from being interrupted they ve been suppressing technology that could make unwinding completely unnecessary When Conner Risa and Lev uncover these startling secrets enraged teens march on Washington to demand justice and a better future But more trouble is brewing Starkey s group of storked teens is growing more powerful and militant with each new recruit And if they have their way they ll burn the harvest camps to the ground and put every adult in them before a firing squad Can the persecuted teens get the justice they deserve without dooming America to a divided and violent future **Senate**
