

A black and white photograph of a man in a business suit lying on his back on a desk. He is wearing a dark suit jacket, a light-colored shirt, and a patterned tie. His legs are spread apart, and his arms are resting on his chest. The desk is cluttered with various office items, including a computer monitor, a keyboard, and some papers. The background shows a dark office space with some equipment. The text "NOW FIRING \$ /HR" is overlaid in large, bold, white letters across the middle of the image.

## Now Firing:

**The Remnants** W. P. Osborn, 2014-10-05 *The Remnants* begins in Edwardian England and follows the story of Danny and Rose through their desperate struggle to hold on to their love and their lives during a time of momentous change. Danny Pulbrook is a handsome and rebellious young man, born the bastard son of a minor royal and orphaned at birth; he is determined to find a new life far beyond his pre-ordained oblivion. His only way out, a forced enlistment into the army, brings him to an inevitable confrontation with his own demons in the cauldron of the first world war. Rose Quayle is a beautiful and confident, hazel-eyed housemaid who, like her mother and her mother's mother, is employed in service at Meaford House, an expansive vice-regal estate near Tunbridge Wells. Like Danny, she longs for a life beyond the tyranny of the rigid class system that defines her humble destiny. Their chance meeting becomes the catalyst that changes both of their lives forever. *The Remnants* spans four continents and is a true emotional rollercoaster. Told through the lives of two young lovers, it's a legacy of love and loss, passion, despair, and quiet redemption, the profound story of enduring human spirit amid the agony of chaos and devastation. *Downton Abbey* meets *Atonement*.

**Eagle Station** Mark Berent, 1992 An electrifying novel of men at war in Vietnam by the writer Tom Clancy calls the real thing. Filled with the searing, authentic voices of Vietnam, *Eagle Station* is a gripping, compelling tale of a race against the clock to save a crucial radar station. Berent's most dramatic novel yet.

**The Bismarck 1941** Angus Konstam, 2012-12-20 A highly illustrated account of the hunt for the Bismarck. The break of the German battleship Bismarck into the North Atlantic in May 1941 was one of the most dramatic episodes of World War II. It began with a battle between the Bismarck and the British battleship Prince of Wales and the heavy cruiser Hood. The Hood was blown to pieces while the battered Prince of Wales managed to escape. The British then focused all of their resources on hunting the mighty German battleship and eventually brought her down. Supported by birds-eye view maps and archive photography, this volume recounts the fight in detail.

**Works of Captain Marryat** Frederick Marryat, 1836

**Dance With the Devil** James Dressler, 2008-01-06 Tom Holloway and his Southern friends are excited about their prospects in joining the war effort, but the only thing they know of battle is what they've read about in newspapers. They envision the whole thing as an adventure, something to prove their manhood, to make them into men, and a diversion from their sometimes boring school regimen. Ultimately, they anticipate becoming heroes on a winning team. Words from a grizzled war veteran make Tom wonder whether his ideas of war are more romantic than realistic. As he marches off with his friends to battle with the Yankees, he remembers the harsh illumination he'd been given from a soldier with experience. Watching friends and comrades die in a volley of gun and cannon fire on blood-soaked ground teaches the foursome the truth of war. Will hunger, cold, fatigue, fear, and resignation be the only comrades they have left?

**The Six Day War 1967** Simon Dunstan, 2012-08-20 A fully illustrated account of Israel's campaign against Egypt that began the Six Day War. In May 1967, Egypt expelled the United Nations peacekeeping forces stationed in the Sinai desert and deployed its army along its border with Israel. Its moves coordinated

with those of Jordan and Syria By June Israel realized that the international community would not act and so it launched a pre-emptive strike against the combined Arab forces The ensuing Six Day War was a crushing defeat for the Arab world one that tripled the area controlled by Israel and which sowed the seeds for the Yom Kippur War of 1973 and the continuing strife in the region Written by the author of Osprey's Yom Kippur War this volume covers the background to the war and the campaign against the Egyptians in the Sinai Peninsula including the initial devastating air assault that showed the world how vital air supremacy was in modern combat

**Americans and the Holocaust** Daniel Greene, Edward Phillips, 2021-11-30 This edited collection of more than one hundred primary sources from the 1920s 1930s and 1940s including newspaper and magazine articles popular culture materials and government records reveals how Americans debated their responsibility to respond to Nazism It includes valuable resources for students and historians seeking to shed light on this dark era in world history

**The Long Road Home** Martha Raddatz, 2007-03-01 ABC News Chief Global Affairs Correspondent Martha Raddatz shares remarkable tales of heroism hope and heartbreak in her account of Black Sunday a battle during one of the deadliest periods of the Iraq War The First Cavalry Division came under surprise attack in Sadr City on Sunday April 4 2004 Over 7 000 miles away their families awaited the news for forty-eight hellish hours expecting the worst In this powerful unflinching account Martha Raddatz takes readers from the streets of Baghdad to the home front and tells the story of that horrific day through the eyes of the courageous American men and women who lived it A masterpiece of literary nonfiction that rivals any war-related classic that has preceded it The Washington Post

**Touch and Go** C. Northcote Parkinson, 2003-02-01 With his Royal Navy commission in hand Richard Delancey is posted to Gibraltar to command the sloop Merlin for convoy protection in the Mediterranean Overcoming problems with his crew Delancey quickly proves his mettle during the siege of Valletta and during the battle at Cadiz

**We Remember D-Day** Frank Shaw, Joan Shaw, 2014-05-08 On leaving the plane I can only say I felt very lonely except that the sky was full of bullets coming upwards Fortunately it wasn't long before my feet hit the ground with a thud Almost as soon as my feet touched the ground I was to find that I had landed directly in front of the muzzle of a German Machine Gun and I received a burst of fire straight at me I can remember being hit and spinning round with a sudden yell of shock and finishing up flat on my back I lay there rather dazed for a while expecting to be hit again at any moment John Hunter Parachute Regiment Northants Seventy years ago on 6 June 1944 a great Allied Armada landed on the coast of Normandy The invasion force launched on D Day was a size never seen before and never likely to be seen again 150 000 soldiers more than 6 000 ships and 11 000 combat aircraft took part in the assault The success of that attack led 11 months later to the final liberation of Europe from a ruthless dictatorship that had threatened to permanently enslave it Such an undertaking on such a scale could not have been achieved without tremendous cooperation between Land Sea and Air Forces In We Remember D Day we hear from the men and women who were involved in the assault those who risked their lives for a better future Their stories tell of human bravery and endeavour pain and heartache

and most importantly freedom and hope      Official Records of the Union and Confederate Navies in the War of the Rebellion  
United States. Navy Department,1902      **Official Records of the Union and Confederate Navies in the War of the  
Rebellion** United States. Naval War Records Office,1902      **All the Power in the World** Peter Unger,2007-11-19 This bold  
and original work of philosophy presents an exciting new picture of concrete reality Peter Unger provocatively breaks with  
what he terms the conservatism of present day philosophy and returns to central themes from Descartes Locke Berkeley  
Hume and Russell Wiping the slate clean Unger works from the ground up to formulate a new metaphysic capable of  
accommodating our distinctly human perspective He proposes a world with inherently powerful particulars of two basic sorts  
one mental but not physical the other physical but not mental Whether of one sort or the other each individual possesses  
powers for determining his or her own course as well as powers for interaction with other individuals It is only a purely  
mental particular an immaterial soul like yourself that is ever fit for real choosing or for conscious experiencing Rigorously  
reasoning that the only satisfactory metaphysic is one that situates the physical alongside the non physical Unger carefully  
explains the genesis of and continual interaction of the two sides of our deeply dualistic world Written in an accessible and  
entertaining style while advancing philosophical scholarship All the Power in the World takes readers on a philosophical  
journey into the nature of reality In this riveting intellectual adventure Unger reveals the need for an entirely novel approach  
to the nature of physical reality and shows how this approach can lead to wholly unexpected possibilities including  
disembodied human existence for billions of years All the Power in the World returns philosophy to its most ambitious roots  
in its fearless attempt to answer profoundly difficult human questions about ourselves and our world      *Terrain Exercises*  
William H. Waldron,2021-11-05 The smooth operation and success of the Terrain Exercise are almost entirely dependent on  
the Director s ability and tactical knowledge the care he takes in selecting the ground preparing the problem and his  
preparation for the Terrain Exercise The subsequent special situations must occur in a logical order The Director must have  
in mind a solution to the problem s various situations and must become familiar with all of its phases so that he can provide a  
reasonable answer to any question that may be posed He must be careful not to overly criticize the students when they make  
mistakes or have bad attitudes      **Noise: Its Effect on Man and Machine** United States. Congress. House. Committee on

Congress. House. Committee on Science and Astronautics,1960      **Japan on the Upswing** Yoshiyuki Iwamoto,2006 Japan s  
effervescent economy charging ahead in the late 1980s under the stimulation of a two and a half percent prime rate shook  
American confidence until the bubble burst in 1989 leaving banks saddled with over 200 billion in bad loans Iwamoto shows  
how and why the lenders racked up all this uncollectible debt who took advantage of whom and how actions by business and  
government officials contributed to the crisis Along the way his illustrative examples share some of the flavor of business life

in Japan including the academic cliques and mobster clans the after hours camaraderie and the legendary entertainment that was used to evade inspections by the Ministry of Finance The author then describes Prime Minister Koizumi s initiatives that halved the bad loans by March 2005 and inspired foreign investors to bring back their cash With strong exports increasing capital investment and decreasing unemployment Japan is truly on the upswing Koizumi s party reaped the benefit with a landslide victory in the September 2005 general election and he continues to push for further restructuring The author goes on to identify and describe the 20 most successful companies in Japan this year and gives clues as to what makes them thrive Many aspects of Japan s economy are highlighted in tables and statistics from Differences in Pay Scale by Type of Industry to Results at Seven Mega Banking Groups and Forecast for March 31 2006 plus balance sheets of companies like Toyota Shiseido and McDonald s Japan

'Sorry, Lads, But the Order is to Go' David W. Cameron, 2009 The August Offensive was the last attempt by the Allied forces to break the stalemate with the Turkish defenders that had developed since the Anzac landings in late April 1915 It resulted in some of the bloodiest battles on the Gallipoli peninsula which included the battles for Leane s Trench Lone Pine The Nek Chunuk Bair Hill Q and Hill 971 Drawing from letters diaries and official reports from both Commonwealth and Turkish sources David Cameron recreates in compelling detail the five days of the August offensive He describes the complexity behind the battles and how they affected the men who were directly involved Both visceral and poignant it is the first book since Bean s Official History Volume II 1924 to describe in detail a failed offensive in which bodies were shattered and lives senselessly lost

**Gone to Kansas 1855** Kendall Gott, 2021-11-09 While shelves are filled with accounts of industry titans politicians and exalted military leaders this is a tale of an estranged young man making his way in a hard cold and often cruel world Escaping a dull future with little meaning he follows the example of his childhood hero and comes west into the Kansas Territory to seek his fortune He first joins a freighting company down the Santa Fe Trail and then returns to the turbulent Bleeding Kansas The long miles are marked by countless graves scoured by Indians and fought over by two bitterly opposed political factions Often discouraged he must thread his way through these obstacles and he concludes that he could use a little divine inspiration
