**On Breathing** Jamieson Webster,2025-03-11 A gorgeous expansive piece of narrative non fiction about care dependence and what it means to breathe in an age of environmental catastrophe A few moments after birth we begin to use our lungs for

the first time From then on we must continue breathing for as long as we are alive And although this mostly happens unconsciously in a society plagued by anxiety climate change environmental racism and illness there are more and more instances that teach us about the privilege that is breathing Why do we so easily forget the air that we breathe in common What does it mean to breathe when the environment that sustains life now threatens it And how can life continue to flourish under conditions that are increasingly toxic To approach these questions Jamieson Webster draws on psychoanalytic theory and reflects on her own experiences as an asthmatic teenager a deep sea diver a palliative psychologist during COVID a psychoanalyst attentive to the somatic and a new mother The result is a compassionate and timely exploration of air and breathing as a way to undo the pervasive myth of the individual by considering our dependence on invisible systems on one another and the way we have violently neglected this important aspect of life *Learning My ABC's* Herbert Faulkner West,1958
