Nowhere To Go But Home:

Realities: Stories from Our Times Carmen Subryan, 2016-08-05 These short stories are meant to reflect issues affecting the lives of many in today's society. Most of them have unexpected endings that though sometimes shocking are occasionally results of the situations depicted. These stories such as Retribution which focuses on elder abuse, Revenge which explores the effects of sexual abuse, Resolution which examines elder care issues, and Dreamer which pinpoints issues with elder gambling, delve deep within the characters' consciousness to discover sources of pain. The stories should not only start a dialogue about these issues but also help readers to examine solutions to them. Carmen Barclay Subryan PhD

The Secret Army J. Bowyer Bell, 2017-07-12 The Secret Army is the definitive work on the Irish Republican Army. It is an absorbing account of a movement that has had a profound effect on the shaping of the modern Irish state. The secret army in the service of the invisible Republic has had a powerful effect on Irish events over the past twenty-five years. These hidden corridors of power interest Bell and inspired him to spend more time with the IRA than many volunteers spend in it. This book is the culmination of twenty-five years of work and tens of thousands of hours of interviews. Bell's unique access to the leadership of the republican movement and his contacts with all involved British politicians, Irish politicians, policemen, arms smugglers, and others committed or opposed to the IRA explain why The Secret Army is the book on the subject. This edition represents a complete revision and includes vast quantities of new information. Bell's book gives us vital insight into our times as well as Irish history. This edition of The Secret Army contains six new chapters that bring the history of this clandestine organization up to date. They are: The First Decade, The Nature of the Long War, 1979-1980 Unconventional Conflict, The Hunger Strikes, January 1980-October 3, 1981 The Protracted Struggle, September 1981-January 1984 War, Politics and the Split, January 1984-December 1986 The Troubles as Institution, 1987-1990 and The Armed Struggle Transformed, 1991-1996 The End Game. In his new introduction, Bell reflects on his decades of research, the experiences he has had, and the people he has met during his extensive visits to Ireland.

Bukowski Neeli Cherkovski, 2020-07-28 Meet the man behind the myth in the only full-fledged biography of the American novelist, poet, and legend by a close friend and collaborator. Neeli Cherkovski began a deep friendship with Bukowski in the 1960s while

guzzling beer at wrestling matches or during quieter evenings discussing life and literature in Bukowski's East Hollywood apartment. Over the decades those hundreds of conversations took shape as this biography now with a new preface *This Thing Upon Me Is Not Death: Reflections on the Centennial of Charles Bukowski*. Bukowski, author of *Ham on Rye*, *Post Office* and other bestselling novels, short stories and poetry collections, only ever wanted to be a writer. Maybe that's why Bukowski's voice is so real and immediate that readers felt included in a conversation. In his written work he's a hero, a fall guy, a comic character, a womanizing lush, a wise old dog. Biographer Neeli Cherkovski writes, "His readers do more than glimpse his many-sidedness. For some it's a deep experience. They feel as if his writing opens places inside of themselves they might never have seen otherwise. Often a reader comes away feeling heroic because the poet has shown them that their ordinary lives are imbued with drama. Full of anecdotes, wisdom, humor, and insight, this is an essential companion to the work of a great American writer." Long-time Bukowski fans will come away with fresh insights, while readers new to his work will find this an exhilarating introduction. A treasure trove for Bukowski fans, Cherkovski's access to his subject allows him an intimacy otherwise impossible. John Rechy, *Los Angeles Times*. **All the Horrors of Home**, William Smith Morris, 1927. To-day, Holbrook Jackson, 1920. *"We Will Be Citizens"*, James Fisher, 2014-01-10. A dozen essays by a range of established scholars and performing artists address issues in post-1969 American gay and lesbian theatre and drama, the period after the raid at the Stonewall Inn helped spawn a gay revolution. The collection covers playwrights, millennial dramatists and actors while exploring the history of gay-themed theatre and drama, the breadth of stage roles and the dramatic representation of homosexual characters from various perspectives. These include the impact of AIDS, contemporary American politics, images of homophobia, gay-themed plays aimed at Theatre for Youth audiences and other topics. **Becoming Home: Diaspora and the Anglophone Transnational**, Jude V. Nixon, Mariaconcetta Costantini, 2022-03-15. *Becoming Home: Diaspora and the Anglophone Transnational* is a collection of essays exploring national identity, migration, exile, colonialism, postcolonialism, slavery, race and gender in the literature of the Anglophone world. The volume focuses on the dispersion or scattering of people in exile and how those with an existing homeland and those displaced without a politically recognized sovereign state negotiate displacement and the experience of living at home abroad. This group includes expatriate minority communities existing uneasily and nostalgically on the margins of their host country. The diaspora becomes an important cultural phenomenon in the formation of national identities and opposing attempts to transcend the idea of nationhood itself on its way to developing new forms of transnationalism. Chapters on the literature or national allegories of the diaspora and the transnational explore the diverse and geographically expansive ways in which Anglophone literature by colonized subjects and emigrants negotiates diasporic spaces to create imagined communities or a sense of home. Themes explored within these pages include restlessness, tensions, trauma, ambiguities, assimilation, estrangement, myth, nostalgia, sentimentality, homesickness, national schizophrenia, divided loyalties, intellectual capital and geographical interstices. Special attention is

paid to the complex ways identity is negotiated by immigrants to Anglophone countries writing in English about their home abroad experience The lived experiences of emigrants of the diaspora create a literature rife with tensions concerning identity language and belongingness in the struggle for home Focusing on writers in particular geopolitical spaces the essays in the collection offer an active conversation with leading theorizers of the diaspora and the transnational including Edward Said Bill Ashcroft William Safran Gabriel Sheffer Stuart Hall Homi Bhabha Frantz Fanon and Benedict Anderson This volume cuts across the broad geopolitical space of the Anglophone world of literature and cultural studies and will appeal to professors scholars graduate and undergraduate students in English comparative literature history ethnic and race studies diaspora studies migration and transnational studies The volume will also be an indispensable aid to public policy experts

Derek Walcott's Encounter with Homer Rachel D. Friedman, 2024-02-23 Derek Walcott s *Encounter with Homer* puts Derek Walcott s epic poem *Omeros* in conversation with Homer especially the *Odyssey* to show how reading them against each other changes our understanding of the poems of both poets It explores Walcott s conscious use of the *Odyssey* and the Homeric persona of *Omeros* to explore his own deepening relationship with his craft and his identity as a Caribbean poet Walcott s ability to serve as the vessel of history for his people and their landscapes rests on his transformation into and self perception as Homer s contemporary and equal Central to the project of *Omeros* is thus an account of his shift from a diachronic to synchronic relationship with Homer over the course of the poem his poetic persona the Poet and Homer come to occupy the same temporality and creative space By locating the poems of Walcott and Homer in a zone of vibrant and unexpected encounter Rachel Friedman demonstrates how they can be seen as mutually informing texts each made richer in the presence of the other The argument follows two intertwined thematic threads The first focuses on the poems landscapes and seascapes and the ways in which *Omeros* reworks the *Odyssey* s affective geography While the *Odyssey* represents the sea as a dangerous space and valorizes life on land Walcott reverses this trajectory from sea to land bearing witness to the painful histories carried in the St Lucian soil and relocating homecoming to the space of the Caribbean Sea a space which accommodates diasporic histories and the imagining of fluid forms of emplacement The second thread focuses on Walcott s poetic persona his journey in and out of the poem and his positioning of himself as a tribal poet like Homer Central to the project of *Omeros* is the Poet s account of the processes by which he
