LA NUBE QUE NO QUERÍA LLOVER

Nuba era una pequeña nube blanca que flotaba en el cielo. Le encantaba viajar con el viento y ver los paisajes desde lo alto, pero tenía miedo de llover. "Si dejo caer mis gotas, desapareceré", pensaba. Así que, aunque los campos abajo estaban secos, Nuba se negaba a soltar su lluvia.

Un día, vio a las flores marchitas y a los animales sedientos. Entonces, el sol le dijo con ternura: "No desaparecerás, Nuba, solo cambiarás para volver más fuerte".

Con valentía, Nuba dejó caer sus gotas y pronto el campo se llenó de vida. Los árboles reverdecieron, las flores florecieron y los ríos comenzaron a fluir.

Cuando la lluvia terminó, Nuba se sintió ligera y feliz. Con el calor del sol, comenzó a elevarse de nuevo, formando una nueva nube.

Desde ese día, comprendió que a veces hay que soltar algo para dar vida a otros y seguir creciendo.

The study of anthologies and their contents can be particularly revealing for many of the questions looming large in critical discourse, particularly those on canon formation and the relations between literature and cultural institutions, but researching this corpus is difficult because it varies greatly in quality, distribution, and format. The present volume, for the first time, gathers this mass of material and organizes it for systematic study. The main section comprises annotated listings of 1302 short story anthologies: those with stories from all or most of the countries grouped together, including a section of English language anthologies; those from countries of a region; and those from individual nations. For most entries, a full listing of contents is provided along with brief commentary. A second section comprises annotated bibliographies of criticism of the short story, similarly arranged with materials for Latin America as a whole, as well as regionally and nationally. The volume

ends with four indexes of authors of the stories of authors of essays introductions and other critical materials of titles of the critical works and of themes An essential tool for scholars working on Latin American narrative this bibliography will also serve as a practical finding aid for individual writers and stories
