Alexander Lanoszka

Nuclear Energy And Nuclear Proliferation Japanese And American Views Special Studies In International Relations:

Nuclear Energy And Nuclear Proliferation Ryukichi Imai, 2019-04-05 Though the Carter administration came to office committed both to good U S Japanese relations and to a more stringent nuclear nonproliferation policy it soon became clear that these objectives were at cross purposes and that the dispute over nuclear nonproliferation policy threatened to shake the alliance between the two countries Professors Im **Political Psychology And Biopolitics** Gerald W.

Hopple, 2019-06-10 The interface between psychology and politics has been an area of sustained inquiry for several decades More recently the nexus between psychopolitical factors and international politics linkages among biopolitics political psychology elite analysis foreign affairs and world politics has been explored This volume reviews and assesses the m

Monographic Series Library of Congress, *The Security Of Korea* Franklin B. Weinstein, Fuji Kamiya, 2019-06-26 Any discussion of the security of Korea has implications for U S Japan relations but the Carter administration s announcement in 1977 of its intention to withdraw U S ground combat forces from Korea by 1982 which brought to the surface deep rooted Japanese and American frustrations with one another made it clear that neither side fully understood the other s view of Korea This book a collaborative effort by specialists of diverse expertise and viewpoints clarifies U S and Japanese perceptions of the Korean problem and explores alternative approaches to the maintenance of peace and security on the Korean peninsula Demonstrating that much of the conventional wisdom about Korean security rests on oversimplifications exaggerated fears and mistaken assumptions the authors assert that the prospects for avoiding conflict grow brighter despite existing pitfalls and offer recommendations for the U S and Japanese governments *Law Books, 1876-1981* R.R. Bowker Company, 1981

Atomic Assurance Alexander Lanoszka, 2018-11-15 Do alliances curb efforts by states to develop nuclear weapons Atomic Assurance looks at what makes alliances sufficiently credible to prevent nuclear proliferation how alliances can break down and so encourage nuclear proliferation and whether security guarantors like the United States can use alliance ties to end the nuclear efforts of their allies Alexander Lanoszka finds that military alliances are less useful in preventing allies from acquiring nuclear weapons than conventional wisdom suggests Through intensive case studies of West Germany Japan and South Korea as well as a series of smaller cases on Great Britain France Norway Australia and Taiwan Atomic Assurance shows that it is easier to prevent an ally from initiating a nuclear program than to stop an ally that has already started one in theater conventional forces are crucial in making American nuclear guarantees credible the American coercion of allies who started or were tempted to start a nuclear weapons program has played less of a role in forestalling nuclear proliferation than analysts have assumed and the economic or technological reliance of a security dependent ally on the United States works better to reverse or to halt that ally s nuclear bid than anything else Crossing diplomatic history international relations foreign policy grand strategy and nuclear strategy Lanoszka s book reworks our understanding of the

power and importance of alliances in stopping nuclear proliferation Japan's International Relations Glenn D. Hook, Julie Gilson, Christopher W. Hughes, Hugo Dobson, 2013-01-11 The new edition of this comprehensive and user friendly textbook provides a single volume resource for all those studying Japan's international relations **Bulletin of the Atomic Scientists** ,1996-03 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world Nuclear Nonproliferation and Export Controls United States. Congress. Senate. Committee on Foreign Relations.
