Boudoir and Nude photo book 8.5 X 8.5 120 pages, color book inside with artistic cover designed by Ya. My name is Jantira Namwong. I am a female Boudoir and Nude photographer from Thailand. I started my photography as a way of empowering women in their life, work, relationships, etc. I became a Boudoir and Nude female photographer by chance 7 years ago. After I had been in architectural photography for a few years, I was working for other people and companies until I became bored of being someone else's employee. I wanted to be independent and start my own business. I already had knowledge of photography and began looking for which possible path would make a good career. I accidentally discovered Boudoir photography while searching the Internet and realized right away that as a woman, I could also make images of beautiful women wearing lingerie in their changing room. Right away, this business idea clicked as something to do as a female. After shooting Boudoir for two years, I then expanded my package to offer clients a Nude session too. The results were amazing. After working in this business for a while, I realized that every woman loves to see themselves as sexy and beautiful while wearing lingerie. They love having their pictures taken while nude to feel and connect with their bodies and to love themselves more. They also wanted to share these images with their intimate partner and sometimes with their friends or social media to show the world how beautiful she is. Confidence is Sexy. In this photo book, I will show you Boudoir and Nude photos from my collections and talk about how I feel to photograph nudes. I will also talk about how female empowerment is very good for men's well-being. Also, what do I think would be the perfect? My photographs shown here are from photo sessions with my models that work with me privately and also from my workshop I organized for photographers from different countries who came to Thailand to join my sessions. I will also discuss the difference between Boudoir and Nude photography and how they could be used to impact our life. Every one of the models in this book is beautiful and sensual in their own way. What they have in common is that they all use their sensuality to become empowered in their life, career, and relationships. This ultimately what Boudoir and Nude photography is all about. It allows us to see our sensuality as an expression of confidence and empowerment, not just for women but for men too. I hope you enjoy this photo book. Thank you, Jantira Namwong. YA.
