Lucy McCarthy upends the American arcadia Fitzgerald heaps Keatsian images of excess and Harris transforms the albatross In her close readings Maxwell suggests that the novels reframe Romantic poetry to allegorically confront empire revealing how subjectivity is shaped by considerations of place and power Returning to British Romantic poetry allows the novels to extend the Romantic poetics of landscape that traditionally considered the British subject's relation to place By recasting Romantic poetics in the Americas these novels show how negotiations of identity and power are defined by the legacies of British imperialism illustrating that these nations their peoples and their works of art are truly postcolonial While many postcolonial scholars and critics have dismissed the idea that Romantic poetry can be used to critique colonialism Maxwell suggests that on the contrary it has provided contemporary writers across the Americas with a means of charting the literary and cultural legacies of British imperialism in the New World The poems of the British Romantics offer postcolonial writers particularly rich material Maxwell argues because they characterize British influence at the height of the British empire In explaining how the novels adapt figures from British Romantic poetry Romantic Revisions provides scholars and students working in postcolonial studies Romanticism and English language literature with a new look at politics of location in the Americas

*Metatheater and Modernity* Mary Ann Frese Witt, 2013 Metatheater and Modernity Baroque and Neobaroque is the first work to link the study of metatheater with the concepts of baroque and neobaroque Arguing that the onset of European modernity in the early seventeenth century and both the modernist and the postmodernist periods of the twentieth century witnessed a flourishing of the phenomenon of theater that reflects on itself as theater the author reexamines the concepts of metatheater baroque and neobaroque through a pairing and close analysis of seventeenth and twentieth century plays The comparisons include Jean Rotrou's *The True Saint Genesius* with Jean Paul Sartre's *Kean* and Jean Genet's *The Blacks* Pierre Corneille's *L'illusion comique* with Tony Kushner's *The Illusion* Gian Lorenzo Bernini's *The Impresario* with Luigi Pirandello's theater in theater trilogy Shakespeare's *Hamlet* with Pirandello's *Henry IV* and Tom Stoppard's *Rosencrantz and Guildenstern are Dead* Molière's *Impromptu de Versailles* with *Impromptus* by Jean Cocteau Jean Giraudoux and Eugène Ionesco *Metatheater and Modernity* also examines the role of technology in the creating and breaking of illusions in both centuries In contrast to previous work on metatheater it emphasizes the metatheatrical role of comedy Metatheater the author concludes is both performance and performative it accomplishes a perceptual transformation in its audience both by defending theater and exposing the illusory quality of the world outside

*Queer Aging in North American Fiction* Linda M. Hess, 2019-01-24 Exploring representations of queer aging in North American fiction this book illuminates a rich yet previously unheeded intersection within American culture At a time when older LGBTQ persons gradually gain visibility in gerontological studies and in the media this work provides a critical perspective concerned with the ways in which the narratives and images we have at our disposal shape our realities Each chapter shines a spotlight on a significant work of queer fiction beginning with post WWII novels and ending with filmic representations of the 2010s exploring narratives as

both reflections and agents of broader cultural negotiations concerning queer sexuality and aging As a result the book not only redresses queer aging s history of invisibility but also reveals narratives of queer aging to be particularly apt in casting new light on the ways in which growing older is perceived and conceptualized in North American culture Chase's Calendar of Events 2019 Editors of Chase's,2018-09-30 Find out what s going on any day of the year anywhere across the globe The world s date book Chase s is the definitive day by day resource of what America and the world are celebrating and commemorating From national days to celebrity birthdays from historical anniversaries to astronomical phenomena from award ceremonies and sporting events to religious festivals and carnivals Chase s is the must have reference used by experts and professionals a one stop shop with 12 500 entries for everything that is happening now or is worth remembering from the past Completely updated for 2019 Chase s also features extensive appendices as well as a companion website that puts the power of Chase s at the user s fingertips 2019 is packed with special events and observances including The International Year of the Periodic Table of Chemical ElementsThe Transit of MercuryNational days and public holidays of every nation on EarthCelebrations and observances of Leonardo da Vinci s 500th death anniversaryThe 100th anniversary of the 1919 World Series ScandalThe 50th anniversary of the Apollo 11 moon landingThe 200th birthdays of Queen Victoria and Walt WhitmanThe 150th birth anniversary of Mohandas Gandhi and the 100th birth anniversary of Jackie RobinsonScores of new holidays and national daysBirthdays of new world leaders office holders and breakout starsAnd much more All from the reference book that NPR s Planet Money calls the Oxford English Dictionary of holidays
