that I have an absolute genuine concern about THE GAME and I have for a long time My concern comes from my belief that officiating basketball is not as difficult as so many among us make it out to be Much of what I was taught during the first half of my career had no rules support was vague came with poor advice and were even philosophical Those clinicians and trainers who trained me were terrific individuals with a noble effort to teach me the right way However there sure seemed to be many right ways Their training was also filled with too much about the tricks of the trade and not enough about the trade I was never instructed to trust the rules Over the last four decades we have become conditioned to accept less and less in the name of style philosophy and appearance We must get all Officials committed to enforcing the rules and they can't do that if they don't know them This book is long overdue because it is my attempt to let the basketball world hear the words of Peter Webb my mentor and the most knowledgeable person on the planet on the topic of basketball officiating We know you'll enjoy and benefit from reading this officiating textbook

Write in Tune: Contemporary Music in Fiction Erich Hertz, Jeffrey Roessner, 2014-05-22 Contemporary popular music provides the soundtrack for a host of recent novels but little critical attention has been paid to the intersection of these important art forms Write in Tune addresses this gap by offering the first full length study of the relationship between recent music and fiction With essays from an array of international scholars the collection focuses on how writers weave rock punk and jazz into their narratives both to develop characters and themes and to investigate various fan and celebrity cultures surrounding contemporary music Write in Tune covers major writers from America and England including Don DeLillo Jonathan Franzen Zadie Smith and Jim Crace But it also explores how popular music culture is reflected in postcolonial Latino and Australian fiction Ultimately the book brings critical awareness to the power of music in shaping contemporary culture and offers new perspectives on central issues of gender race and national identity

The Poetics and Politics of Invective Humor Katja Schulze, 2022-11-07 Vituperation disparagement and debasement seem to have become part of the mainstream discourse in contemporary US American media culture Zooming in on a distinct televisual comedy genre Katja Schulze explores the formal principles media specific realizations and

the cultural work of disparagement in contemporary female led situation comedies Subsequently larger patterns of gender based invective strategies and conventions that define the dynamism of this comedic genre come into view Her study outlines case studies of popular sitcoms like Parks and Recreation Mike Molly and the revival of hit sitcom Roseanne thereby unearthing how the shows are able to stage humor as mass mediated deprecation a signifying practice with its own poetics and politics
