**Unbounded Attachment** Harriet

Guest,2013-11-14 Unbounded Attachment is about the uses of the language of sentiment in British women s writing from Mary Wollstonecraft to Jane Austen It focuses on a range of writers for whom this language has the potential to hold together disparate elements in late eighteenth and early nineteenth century society This potential is important to the complex politics of Charlotte Smith s response in her long poem The Emigrants to the onset of war with France in 1793 The language of sentiment eases the transitions in Mary Robinson s writing between courtly praise for the French queen and liberal political opinion and shapes her attitudes to the exchange between personal sociability and the expanding commercial market for her work For women writers such as Amelia Alderson Opie and Elizabeth Inchbald the display of sentiment makes it possible to negotiate between the demands of commercial success and sociable or political allegiance William Godwin admired Mary Wollstonecraft s capacity for an all embracing sentiment of unbounded attachment to humanity and posthumous accounts such as Mary Hays s as well as fictional heroines loosely based on Wollstonecraft s reputation emphasised the strength of feeling the enthusiasm which united her private character and her politics and evoked powerful responses from both her immediate social circle and her readers The success of Jane Austen s novels depended on the access they gave readers to the privacy of her heroines minds where their sensibility apprehends an underlying coherence in the apparently disjointed social worlds in which they lived

**The Conservatives - A History** Robin Harris,2011-11-10 The history of the Conservative party has extraordinarily rarely been written in a single volume for the general reader There are academic multi volume accounts and a multitude of smaller books with limited historical scope But now Robin Harris Margaret Thatcher s speechwriter and party insider has produced this authoritative but lively history book which tells the whole story and fills a gaping hole in Britain s historiographical record Taking as his starting point the larger than life personalities of the Conservative Party s leaders and prime ministers since its inception Robin Harris s book also analyses the interconnected themes and issues which have dominated Conservative politics over the years The careers of Peel Disraeli Salisbury Baldwin Chamberlain Churchill Eden Macmillan Heath Thatcher Major Hague and Cameron together amount to an alternative history of Britain since the early nineteenth century This landmark book is essential reading for anyone with an interest in history or politics or anyone who has ever wondered how Britain came to be the nation it is today

King Alfred David Horspool,2006 Horspool sees Alfred as inextricably linked to the legends and stories that surround him and rather than attempting to separate the myth from the reality he explores how both came together to provide a historical figure that was all things to all men

**Perilous Question** Antonia Fraser,2013-05-07 Can a rotten political institution save itself A story from English history has relevance for our own Congress

**Representations of G.F. Watts** Colin Trodd,2019-07-16 Originally published in 2004 Once the most popular Victorian artist G F Watts was also a complex and elusive figure Influenced by

evolutionary theory he reinterpreted the tradition of the classical body while his philanthropic and educational interests informed projects for a more affective public art This book is the first modern account of the full range of Watts s different artistic interests and practices Offering fresh approaches to his historical allegorical and mythological paintings it also traces his increasingly radical approach to portraiture and sculpture and examines the institutional and biographical factors behind his immense public profile Together the essays present a comprehensive analysis of Watts s work and his vital relationship to the intellectual cultural and social forces of his time

MPs in Dublin E. M. Johnston-Liik,2006 The Irish Parliament met for the first time on June 18 1264 at Castledermott and for the last time in the Parliament House Dublin on August 2 1800 It had lasted for over 500 years and from 1707 it was the only parliament in the British Empire with the medieval structure of King represented by the Lord Lieutenant Lords and Commons Like the English British parliament it only met regularly from the end of the 17th century In 1692 Ireland had a minimal infrastructure by 1800 it had become recognisable as the country in whose history and culture there is a continuing and irresistible tide of interest worldwide Since its publication History of the Irish Parliament has acquired an already legendary status This companion volume looks at Irish society and the personal concerns which influenced the MPs This volume will form a valuable reference work in addition and complementary to the History of the Irish Parliament The six volume History of the Irish Parliament 1692 1800 was published in 2002 The online resource is available at [www.historyoftheirishparliament.com](http://www.historyoftheirishparliament.com)

**The Devil in Disguise** Mark Knights,2011-03-31 The Devil in Disguise illuminates the impact of the two British revolutions of the seventeenth century and the shifts in religious political scientific literary economic social and moral culture that they brought about It does so through the fascinating story of one family and their locality the Cowpers of Hertford Their dramatic history contains a murder mystery bigamy a scandal novel and a tyrannized wife all set against a backdrop of violently competing local factions rampant religious prejudice and the last conviction of a witch in England Spencer Cowper was accused of murdering a Quaker and his brother William had two illegitimate children by his second wife Their scandalous lives became the source of public gossip much to the horror of their mother Sarah who poured out her heart in a diary that also chronicles her feeling of being enslaved to her husband Her two sons remained in the limelight Both were instrumental in the prosecution of Henry Sacheverell a firebrand cleric who preached a sermon about the illegitimacy of resistance and religious toleration His parliamentary trial in 1710 provoked serious riots in London William Cowper also intervened in 1712 to secure the life of Jane Wenham whose trial provoked a wide ranging debate about witchcraft beliefs The Cowpers and their town are a microcosm of a changing world Their story suggests that an early Enlightenment far from being simply a movement of ideas sparked by great thinkers was shaped and advanced by local and personal struggles

*Justice of the Peace* ,1910 [Justice of the Peace and Local Government Review](#) ,1910 [An Introduction to Nineteenth-Century Art](#) Michelle Facos,2011-02-22 Using the tools of the new art history feminism Marxism social context etc An Introduction to Nineteenth Century Art offers a richly textured yet clear and

logical introduction to nineteenth century art and culture This textbook will provide readers with a basic historical framework of the period and the critical tools for interpreting and situating new and unfamiliar works of art Michelle Facos goes beyond existing histories of nineteenth century art which often focus solely on France Britain and the United States to incorporate artists and artworks from Scandinavia Germany and Eastern Europe The book expertly balances its coverage of trends and individual artworks where the salient trends are clear trend setting works are highlighted and the complexity of the period is respected by situating all works in their proper social and historical context In this way the student reader achieves a more nuanced understanding of the way in which the story of nineteenth century art is the story of the ways in which artists and society grappled with the problem of modernity Key pedagogical features include Data boxes provide statistics timelines charts and historical information about the period to further situate artworks Text boxes highlight extracts from original sources citing the ideas of artists and their contemporaries including historians philosophers critics and theorists to place artists and works in the broader context of aesthetic cultural intellectual social and political conditions in which artists were working Beautifully illustrated with over 250 color images Margin notes and glossary definitions Online resources at [www.routledge.com/textbooks/facos](http://www.routledge.com/textbooks/facos) with access to a wealth of information including original documents pertaining to artworks discussed in the textbook contemporary criticism timelines and maps to enrich your understanding of the period and allow for further comparison and exploration Chapters take a thematic approach combined within an overarching chronology and more detailed discussions of individual works are always put in the context of the broader social picture thus providing students with a sense of art history as a controversial and alive arena of study Michelle Facos teaches art history at Indiana University Bloomington Her research explores the changing relationship between artists and society since the Enlightenment and issues of identity Prior publications include *Nationalism and the Nordic Imagination* Swedish Painting of the 1890s 1998 *Art Culture and National Identity in Fin de Si cle Europe* co edited with Sharon Hirsh 2003 and *Symbolist Art in Context* 2009 *A Companion to Arthurian Literature* Helen Fulton, 2012-01-30 This Companion offers a chronological sweep of the canon of Arthurian literature from its earliest beginnings to the contemporary manifestations of Arthur found in film and electronic media Part of the popular series Blackwell Companions to Literature and Culture this expansive volume enables a fundamental understanding of Arthurian literature and explores why it is still integral to contemporary culture Offers a comprehensive survey from the earliest to the most recent works Features an impressive range of well known international contributors Examines contemporary additions to the Arthurian canon including film and computer games Underscores an understanding of Arthurian literature as fundamental to western literary tradition

**Bibliography of Scotland** ,1985 Andrea Del Sarto H. Guinness,1899 Free Trade's First Missionary Philip Bowring,2014-08-01 Reformer intellectual colonial governor Sir John Bowring 1792 1872 was the archetype of the ambitious men who made Britain the leading global power in the 19th century Born to a modest trading family he showed an aptitude

for languages which led him to literature then to radical politics in the struggles for liberty in France Spain and Greece Taken up by the philosopher Jeremy Bentham he became a figure in the literary world But his emphasis was on action rather than theories He became a high profile advocate of free trade and a liberal foe of Karl Marx As member of parliament he supported full suffrage and other radical causes He modernized Britain s public accounts invented the florin as a first step to decimalization and became an industrial entrepreneur Losing his money in the 1848 slump he took a job as consul in Canton which led to the governorship of Hong Kong As Britain s plenipotentiary in East Asia he negotiated a key treaty with King Mongkut of Siam but also started a war with China His term as Governor of Hong Kong 1854 59 was plagued with problems But there as elsewhere he left a legacy of liberal ideas Bowring s impact was spread over so many fields that his name has been eclipsed by those with a narrower focus This book brings his life and disparate achievements together with a particular emphasis on his role in promoting free trade and his much criticized career in Asia John Bowring 1792 1872 was one of the most interesting and influential of Hong Kong s Governors The career of this polymath exemplified an understanding of the relationship between economic and political freedom This scholarly and very readable biography written by one of Asia s most distinguished journalists shows how free trade became part of Hong Kong s DNA Chris Patten Governor of Hong Kong 1992 97 Biographers shun polymaths As a linguistic genius free wheeling entrepreneur hymnist colonial governor Oriental plenipotentiary and the champion of self determination freedom of conscience and above all free trade Bowring has had to wait nearly 150 years for a comprehensive but candid account that does justice to his extraordinary range of achievements That it comes from a kinsman with an equal breadth of vision is an added bonus John Keay author of China A History and The Honourable Company A History of the English East India Company One hundred and forty years after his death John Bowring finally has the biography his eventful and enterprising life deserves From the pages of this fast paced and well written biography Bowring emerges not as the heinous villain who tricked Britain into launching a nasty imperialist war against China in 1858 but as a multifaceted character dedicated to political reform religious freedom and above all free trade Philip Bowring acknowledges that John Bowring was vain prone to overhasty action and lacking in judgment but also that he lived his life by the ideas for which he stood had an astonishing command of foreign languages was a dedicated family man and made an impact throughout East and Southeast Asia which is still felt in many ways today This is a remarkable book on a remarkable life Hans van de Ven Professor of Modern Chinese History Cambridge University

**The Newspaper Press in Britain** David Linton, Ray Boston, 1987

**Nineteenth- and Twentieth-century Paintings** Richard R. Brettell, Paul Hayes Tucker, Natalie Henderson Lee, Metropolitan Museum of Art (New York, N.Y.), 2009 Robert Lehman 1891 1969 one of the foremost art collectors of his generation embraced the work of both traditional and modern masters This volume catalogues 130 nineteenth and twentieth century paintings that are now part of the Robert Lehman Collection at The Metropolitan Museum of Art The majority of the works are by artists based in France but there are also examples from the United States

Latin America and India reflecting Lehman's global interests. The catalogue opens with outstanding paintings by Ingres, Theodore Rousseau and Corot among other early nineteenth century artists. They are joined by an exemplary selection of Impressionist and Post Impressionist works by Degas, Renoir, Sisley, Pissarro, Seurat, Signac, Van Gogh, Cézanne and Gauguin. Twentieth century masters represented here include Bonnard, Matisse, Rouault, Dal and Balthus. There are also newly researched modern works by Vicente do Rego Monteiro, Kees van Dongen, Dietz Edzard and D. G. Kulkarni. Dizi Robert Lehman's cultivated taste for nineteenth century French academic practitioners and his intuitive eye for emerging young artists of his own time are documented and discussed. Three hundred comparative illustrations supplement the catalogue entries as do extensively researched provenance information, exhibition histories and references. The volume also includes a bibliography and indexes.

*Tony Benn New Edition* David Powell, 2003-08-01. David Powell's fascinating biography traces Tony Benn's extraordinary fifty year political career from the day he first entered the House of Commons in 1950. Benn has always been a controversial figure. Nonetheless many of the policies he championed, including some for which he was widely belittled, have since entered the statute books. Indeed if history is a chronicle of ironies, there can have been little more ironic than when following Benn's valedictory speech in the Commons in 2001, a Tory backbencher commended him to fellow MPs as Britain's greatest living Parliamentarian.

*The Third Reich's Celluloid War* Ian Garden, 2011-11-30. This book exposes the myths surrounding the propaganda films produced during the Third Reich. One, that the Nazis were infallible masters in the use of film propaganda. Two, that everything the Nazis said was a lie. Three, that only the Riefenstahl documentaries are significant to the modern viewer. It reveals the truth, lies, successes and failures of key films designed to arouse hostility against the Nazis' enemies, including Ohm Krüger, the most anti-British film ever produced, their 1943 anti-capitalist version of Titanic, anti-English films about Ireland and Scotland, and anti-American films like The Emperor of California and The Prodigal Son. Including an objective analysis of all the key films produced by the Nazi regime and a wealth of film stills, Ian C. Garden takes the reader on a journey through the Nazi propaganda machine. In today's turbulent world, the book serves as a poignant reminder of the levels to which powerful regimes will stoop to achieve power and control.
