which represent the publication dates of the first original tragedy Elizabeth Cary's *The Tragedy of Mariam* and the last one Anne Finch's *Aristomenes* written by a Stuart woman playwright Through this one hundred year period major changes in dramatic form and ideology are traced in women's tragedies and tragicomedies In examining the whole of the century from a gender perspective this project breaks away from conventional approaches to the subject which tend to establish an unbridgeable gap between the early Stuart period and the Restoration All in all this study represents a major overhaul of current theories of the evolution of English drama as well as offering an unprecedented reconstruction of the genealogy of seventeenth century English women playwrights
