Battista, 2018-12-07 This unique volume surveys recent research on spatial visualization in mathematics in the fields of cognitive psychology and mathematics education The general topic of spatial skill and mathematics has a long research tradition but has been gaining attention in recent years although much of this research happens in disconnected subfields This volume aims to promote interaction between researchers not only to provide a more comprehensive view of spatial visualization and mathematics but also to stimulate innovative new directions in research based on a more coordinated effort It features ten chapters authored by leading researchers in cognitive psychology and mathematics education as well as includes dynamic commentaries by mathematics education researchers on cognitive psychology chapters and by cognitive psychologists on mathematics education chapters Among the topics included From intuitive spatial measurement to understanding of units Spatial reasoning a critical problem solving tool in children s mathematics strategy tool kit What processes underlie the relation between spatial skill and mathematics Learning with and from drawing in early years geometry Communication of visual information and complexity of reasoning by mathematically talented students Visualizing Mathematics makes substantial progress in understanding the role of spatial reasoning in mathematical thought and in connecting various subfields of research It promises to make an impact among psychologists education scholars and mathematics educators in the convergence of psychology and education And Harmony Abound Keith William Kinder, 2022-01-15 Morley Calvert s Suite from the Monteregian Hills is cherished by brass players worldwide and performed hundreds of times annually making Calvert perhaps the most performed Canadian composer outside the country Yet little is known about Calvert beyond that piece And Harmony Abound is a thoughtful and in depth study of a remarkably accomplished composer conductor and educator Calvert made his living teaching music but he was no ordinary high school music teacher He was deeply committed to composing and completed some ninety works for brass ensembles concert bands choirs and orchestras while engaged in music making in the communities in which he lived Keith Kinder traces Calvert s life story from his birth in Brantford Ontario in 1928 through his youth and career in Montreal his musical involvement with the Salvation Army his success with the famous Central Collegiate band of Barrie Ontario his retirement years and his unexpected passing in Hamilton Ontario in 1991 Uncovering Calvert s oeuvre by analyzing representative arrangements Kinder also documents the complete catalogue of Calvert s works bringing to light many unpublished compositions that would otherwise be lost to performers And Harmony Abound is a compelling picture of Morley Calvert s contribution to musical composition education and the cultural fabric preserving a vital strand of the Canadian musical tapestry *The Contemporary British History Play* Richard H. Palmer, 1998-06-18 British drama since 1956 has been particularly innovative This volume investigates how recent British history plays reflect the methods and values of New History in contrast to traditional biographical dramas that depict the lives of great men of the past More than 50 British

playwrights are discussed including John Osborne John Arden Edward Bond Robert Bolt Pam Gems Howard Brenton Caryl Churchill Howard Barker and Peter Shaffer Historical drama consistently displays the sense of history prevalent when it was written a 17th century quest for precedent and analogy the affirmation of cosmic order in the 18th century the Romantic search for manifestations of spiritual purpose in Victorian times a demonstration that humans control events and the early 20th century promise emulating science to present the facts objectively Contemporary British history plays however demonstrate different agendas for history itself Marxist plays illustrate a historical dialect leading to the emergence of Communism Oppositional history takes the point of view of the disenfranchised the defeated or the oppressed Social histories refocus attention away from movers and shakers onto groups of small players Feminist historians expose the biases of a male dominated hegemony and confront the role of gender in history Deconstructionists debunk our confidence in historical metanarratives Postmodernism uses anachronism and stylistic eclecticism to emphasize parallels in different historical periods or to relate historically defined metaphors and rituals to modern experience Both playwrights and critics confront the implications of the idea that history is constructed and not simply found and new approaches to history demand innovations in the staging and structuring of plays     **Plays** ,1902     **Psychology Library Editions: Child Development**

**Provincial Readers in Eighteenth-Century England** Jan Fergus,2007-01-25 Many scholars have written about eighteenth century English novels but no one really knows who read them This study provides historical data on the provincial reading publics for various forms of fiction novels plays chapbooks children s books and magazines Archival records of Midland booksellers based in five market towns and selling printed matter to over thirty three hundred customers between 1744 and 1807 form the basis for new information about who actually bought and borrowed different kinds of fiction in eighteenth century provincial England This book thus offers the first solid demographic information about actual readership in eighteenth century provincial England not only about the class profession age and sex of readers but also about the market of available fiction from which they made their choices and some speculation about why they made the choices they did Contrary to received ideas men in the provinces were the principal customers for eighteenth century novels including those written by women Provincial customers preferred to buy rather than borrow fiction and women preferred plays and novels written by women women s works would have done better had women been the principal consumers That is

demand for fiction written by both men and women was about equal for the first five years but afterward the demand for women's works declined Both men and women preferred novels with identifiable authors to anonymous ones however and both boys and men were able to cross gender lines in their reading Goody Two Shoes was one of the more popular children's books among Rugby schoolboys and men read the Lady's Magazine These and other findings will alter the way scholars look at the fiction of the period the questions asked and the histories told of it
