**Please Don't Use the "N-word" and Other Racial Slurs!** Eddie Arki Clayton, 2000      *Racism* Albert J. Wheeler, 2005

Of all mankind's vices racism is one of the most pervasive and stubborn. Success in overcoming racism has been achieved from time to time but victories have been limited thus far because mankind has focused on personal economic gain or power grabs ignoring generosity of the soul. This bibliography brings together the literature      *The One and Only Question* Norma Charles, Andrea Charles, 2025-03-04 It's Zeke's first day at his new school and his head is filled with one big question: what will he do when they call him the N-word like they did at his old school? Zeke is expecting the worst day ever and that's what it's turning out to be. His favorite shirt has a mustard stain on it, the bus driver is unfriendly, and his teacher covers material Zeke has heard a million times. It's not until another student performs a small act of kindness that Zeke realizes that no one has called him the N-word all day. Not once. And tomorrow could be even better. Ken Daley's vibrant illustrations bring warmth and humor to the story while showing hints of what makes this new school a safer space. *The One and Only Question* will prompt young readers to ask questions of their own about how to handle bullying while also encouraging conversations about everyone's right to a safe learning environment. Includes an author's note explaining the author's personal connection to this story as well as a list of suggestions about what to do about racism-based bullying to help educators, caregivers, and victims.

*When the Hood Comes Off* Rob Eschmann, 2023-05-02 This timely comprehensive study examines how racism manifests online and highlights the antiracist tactics rising to oppose it. From cell phone footage of police killing unarmed Black people to leaked racist messages and even comments from friends and family on social media, online communication exposes how racism operates in a world that pretends to be colorblind. In *When the Hood Comes Off*, Rob Eschmann blends rigorous research and engaging personal narrative to examine the effects of online racism on communities of color and society and the unexpected ways that digital technologies enable innovative everyday tools of antiracist resistance. Drawing on a wealth of data, including interviews with students of color around the country and analyses of millions of social media posts over the past decade, Eschmann investigates the influence of online communication on face-to-face interactions. *When the Hood Comes Off* highlights the power of the internet as an organizing tool and shows that online racism can be a profound wake-up call.
