Pleasure Dome On Reading Modern Poetry:

Pleasure Dome Lloyd Frankenberg, 1949 **Pleasure Dome** Lloyd Frankenberg, 1949 **Ezra Pound and the Career of Modern Criticism** Michael Coyle, Roxana Preda, 2018 Forty five years after his death and more than seventy years after his indictment for treason Ezra Pound remains a deeply controversial figure Today it is hard to imagine a poet sparking national debate but Pound did just that His receipt in 1949 of the first ever Bollingen Award for Poetry started a hue and cry that spread to every US periodical that made even a pretense of following cultural issues even Time weighed in It took two years for things to simmer down and when they finally did literary study looked profoundly different Everyone engaged in the study of poetry today professors and students alike works in an environment shaped by that national crisis of conscience The present book considers this untold story and investigates not just what critics have had to say about Pound but also why they have asked the questions they have asked It is routine for reception histories to distinguish between professional studies and more popular responses this book encourages us to consider why we make that distinction and what the costs of doing so might be Unprofessional responses to Pound have often been ideologically and politically embarrassing for Pound scholars who have in response policed the distinction between professional and popular readings with extraordinary vigilance As a result the history of Pound s reception unfolds as a kind of drama perhaps the last ongoing theater for McCarthyite cultural political anxieties Michael Coyle is Professor of English at Colgate University and has published widely on Pound Roxana Preda is Leverhulme Fellow in American Literature at the University of Edinburgh and President of the Ezra Pound Society

Modernist Invention Edward Allen, 2020-07-23 Modernist Invention attends to the parallel histories of media technology and modernist American poetry **Articulate Flesh** Gregory Woods, 1987-01-01 Arguing that homosexual poetry is part of the mainstream of poetic writing not a distinct and differentiated category within it Gregory Woods provides a fastidious study of homosexual poetry in the twentieth century that emphasizes the homo erotic themes in the works of D H Lawrence Hart Crane W H Auden Allen Ginsberg and Thom Gunn Woods s controlled and elegant study demonstrates that a critic who ignores the sexual orientation of a poet particularly a love poet risks overlooking the significance of the poetry itself Wallace Stevens and the Aesthetics of Abstraction Edward Ragg, 2010-07-15 Edward Ragg s study was the first to examine the role of abstraction throughout the work of Wallace Stevens By tracing the poet s interest in abstraction from Harmonium through to his later works Ragg argues that Stevens only fully appreciated and refined this interest within his later career Ragg s detailed close readings highlight the poet s absorption of late nineteenth century and early twentieth century painting as well as the examples of philosophers and other poets work Wallace Stevens and the Aesthetics of Abstraction will appeal to those studying Stevens as well as anyone interested in the relations between poetry and painting This valuable study embraces revealing philosophical and artistic perspectives analyzing Stevens place within and resistance to Modernist debates concerning literature painting representation and the imagination *Kenneth Rexroth and James*

Laughlin Kenneth Rexroth,1991 Frankly H Miller was defended by me only because he spoke against the War and I think that was the main reason for his fame Now I do not believe what with Palmistry Chirography Phrenology and the Great Cryptogram he will survive the retooling period I honestly think he is the most insufferable snob I have ever met but all reformed pandhandlers are like that in a letter from Kenneth Rexroth to James Laughlin **American and British Poetry**

Harriet Semmes Alexander,1984 **The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950**

George Watson,I. R. Willison,1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **The Violence Within/the Violence Without**

Jacqueline Vaught Brogan,2003 Wallace Stevens 1879 1955 one of the leading poets of the twentieth century continues to influence a wide range of poets writing today However an image persists of Stevens as an aesthete who was politically removed from his times and who also exhibited sexist and racist tendencies Jacqueline Vaught Brogan offers careful readings from across the Stevens canon to demonstrate that contrary to such enduring earlier assessments Stevens s work over the years shows poetic and political changes that merge with his growing ethical concerns Brogan traces Stevens s evolving poetic practices along three major lines that often intersected She situates the beginnings of Stevens s development within his early resistance to the pressures of reality on the imagination an artistic stand that pitted him against the objective poetry exemplified in the work of William Carlos Williams Then in the midst of Stevens s career World War II moved him forward with new poetic responsibilities both to witness the current world and to guide readers into their future The emergence of an almost feminist vision defines Stevens s third line of development Finally in addition to identifying these developmental stages Brogan addresses the undercurrent of race throughout Stevens s work According to Brogan Stevens not only changed but matured over time What began as an aesthetic violence within or a girding against such violence without as social unrest and war rapidly evolved during Stevens s middle years into a set of perceptions and practices increasingly responsive to his times The Continuity of Poetic Language

Eve Triem,1969 Focusing on selected works the author analyzes the technical devices used by the American poet **The New Testament as True Fiction**

Douglas Templeton,2004-11-24 An original provocative and thoughtful series of readings of the New Testament and extra biblical texts Making forays into literary criticism philosophy and theology Templeton draws upon

a rich diversity of sources He proposes that we read the New Testament not as history true or false in what is still the dominant hermeneutic but rather as true fiction *annual bibliography of english language and literature colume XXIX 1949* , **Elizabeth Bishop's Poetics of Intimacy** Victoria Harrison,1993-01-29 Elizabeth Bishop s Poetics of Intimacy a biographical and critical study of one of the great poets of this century offers a fresh look at Bishop s published and unpublished writing over the course of her career Informed by pragmatic post modern and feminist theories Victoria Harrison s study also makes extensive use of Bishop s archives many pieces of which have never been discussed to reveal the process of the poet s writing Harrison explores Bishop s childhood memoirs journals letters Brazilian travel prose unfinished poems and draft material researching dates of undated material and reproducing Bishop s revisions cancellations and idiosyncratic spellings Attentiveness to the detail of this archival writing gives Harrison a broad foundation for arguing that Bishop treats some of our largest concerns family relationships sexuality war and cultural differences within poetry and prose that are intimate but not self revelatory and daily but never ordinary Elizabeth Bishop charges the moments of her writing with the desires fears and passions of her life *The Zephyrs of Najd* Jaroslav Stetkevych,1993-12-15 Arabs have traditionally considered classical Arabic poetry together with the Qur an as one of their supreme cultural accomplishments Taking a comparatist approach Jaroslav Stetkevych attempts in this book to integrate the classical Arabic lyric into an enlarged understanding of lyric poetry as a genre Stetkevych concentrates on the places of lost bliss that furnish the dominant motif in the lyric elegiac opening section nasib of the classic Arab code or qusidah In defining the Arabic lyrical genre he shows how pre Islamic lamentations over abandoned campsites evolved in Arabo Islamic mystical poetry into expressions of spiritual nostalgia Stetkevych also draws intriguing parallels between the highlands of Najd in Arabic poetry and Arcadia in the European tradition He concludes by exploring the degree to which the pastoral paradisiacal archetype of the nasib pervades Arabic literary perception from the pre Islamic ode through the Thousand and One Nights and later texts Enhanced by Stetkevych s sensitive translations of all the Arabic texts discussed *The Zephyrs of Najd* brings the classical Arabic ode fully into the purview of contemporary literary and critical discourse **Letters to Jargon** Andrew Rippeon,2019-09-24 Gathers some of the most intimate personal writing on life and the art of poetry by a crucial figure in late twentieth century American letters Celebrated by both the Black Mountain poets in the 1950s and 1960s and the Language poets in the 1970s and 1980s Larry Eigner s poems occupy an important place in American poetry and poetics and his reputation and legacy grow seemingly stronger with each passing year *Letters to Jargon* collects all of the known correspondence between Larry Eigner and Jonathan Williams the influential publisher of Jargon Society Press and himself a poet Eigner s correspondence with Williams began in the early 1950s as the two were in conversation over the manuscript of *On My Eyes* published by Jargon in 1960 Their correspondence continued for many years thereafter extending into the period when Eigner s work started to gain recognition from the nascent movement that would become known as Language writing

The letters are quite broad in their range of reference and provide a fuller context for Eigner's poetry and thinking. Eigner and Williams discuss their own poetic practices including the source material for specific poems, general writing practices, and small press and little magazine publication. This volume offers considerable insight into their shared literary communities as Eigner reports on his readings in contemporary poetry and poetics as well as his correspondence and contact with other poets including Charles Olson, Vincent Ferrini, Robert Duncan, Denise Levertov, Robert Grenier, and Barrett Watten. Also recorded are Eigner's reactions to current events and explications of his own poems including the contexts for appropriated lines and distinctions of character spacing. Eigner also shares with Williams details of his home life, his financial difficulties, and the daily challenges of his cerebral palsy. Finally, the book features a series of images of the original letters, enabling readers to see Eigner's specific material/textual practices.

Guide to American Literature and Its Backgrounds Since 1890 Howard Mumford Jones, 1959 **Marianne Moore, Elizabeth Bishop, and May Swenson** Kirstin Hotelling Zona, 2002 Provides a new perspective on three important women poets and challenges prevailing notions of feminist criticism
