Pleroma Und Pleroma Christi:

Exegetical Dictionary of the New Testament, Vol. 3 horst Balz, Gerhard M. Schneider, 2004-01-14 The English translation of the three volume Exegetisches Wörterbuch zum Neuen Testament this monumental work by an ecumenical group of scholars is first of all a complete English dictionary of New Testament Greek Going beyond that however EDNT also serves as a guide to the usage of every New Testament word in its various contexts and it makes a significant contribution to New Testament exegesis and theology EDNT's thorough lengthy discussions of more significant words and its grouping of words related by root and meaning with alphabetical cross references distinguish it from simpler Greek English lexicons Advancing the discussion of the Theological Dictionary of the Old Testament EDNT summarizes more recent treatments of numerous questions in New Testament study and takes into consideration newer viewpoints of linguistics

Ephesians Ernest Best, 1998-01-01 A major introduction translation and verse by verse commentary Professor Best provides an overall view of Ephesians which demonstrates the power and consistency of its author's work Among the many important elements in this commentary Ernest Best explores for example the relationship between the primarily theological aspects of Ephesians which concentrate on the nature of the church and the primarily ethical aspects which concentrate on the behaviour of members of Christian communities towards one another An indispensable reference for scholars students and clergy

The Hope of Glory Walter Wilson, 2014-04-09 This study explores the background character and function of Colossians as a form of theological education and appeal in the Pauline tradition A historical literary rhetorical and narrative analysis of the text shows how its theological affirmations and claims were presented so as to engage the life of its readers in practical ways and in practical contexts especially in order to direct their moral formation as Christians and their self understanding as a Christian community in a time of controversy The specific strategies adopted by the author in designing his message and instructing the readers are familiar from Hellenistic conventions of moral and spiritual guidance particularly those conventions associated with philosophic paraenesis or moral exhortation for recent converts

Power and Magic Clinton Arnold, 2001-12-17 Power and Magic is one of those few books which literally cannot be ignored by any serious bible student In fact it makes the classical commentaries on Ephesians that I am familiar with virtually obsolete Clinton Arnold has done us all a great favor by throwing vital new light on our understanding of what really motivated the Apostle Paul to write one of his most important epistles Peter Wagner Fuller Theological Seminary This scholarly book is a valuable contribution to understanding the spiritual world we live in Clinton Arnold helps us to understand Paul's message to the early church and consequently to the church at the end of twentieth century Neil Anderson Freedom in Christ Ministries Power and Magic is one of the most helpful biblical teachings available on the subject I know it will be helpful to any reader John Wimber Association of Vineyard Churches I consider Power and Magic to be one of the most valuable books in my library Arnold's research into the world view held by the inhabitants of the Greco Roman world focusing on spiritual power is outstanding I

continually recommend this book to pastors missionaries seminary professors students and thoughtful Christians in all my seminars worldwide on spiritual warfare Ed Murphy I have found this book extremely enlightening and consistently biblical Reading it is a definite must for those who wish to understand the biblical world view Ed Silvos President Harvest Evangelism

Romans John D. Harvey, 2017-05-01 The Exegetical Guide to the Greek New Testament EGGNT closes the gap between the Greek text and the available lexical and grammatical tools providing all the necessary information for greater understanding of the text

Ephesians Canon Martin Kitchen, Martin Kitchen, 2013-01-11 This study approaches the Epistle to the Ephesians in a radically different way from traditional commentaries Rather than analysing each individual verse Martin Kitchen examines the complete text within the framework of contemporary biblical criticism He acknowledges the debt which biblical studies owes to historical method while at the same time recognizing the need to view the Epistle against the background of recent literary approaches to New Testament texts Ephesians also takes into account the important questions of whether the Epistle was written by St Paul and if not why it was written at all This book will be valuable reading for all theologians students of theology and ministers of religion

Colossians, Philemon Jonathan Watt, 2024-05-21 This exegetical linguistic commentary on the New Testament epistles of Colossians and Philemon brings discourse analysis into connection with exegesis of the Greek text It aims to connect theoretical approaches to the ancient Greek with current interests such as biblical interpretation appreciation of the original circumstances behind its composition and relevance of these early epistles to modern readers

Worship, Theology and Ministry in the Early Church Michael J. Wilkins, 1992-01-01 This volume of essays is dedicated to Professor Ralph Martin of the University of Sheffield formerly Director of the Graduate Studies Program at Fuller Theological Seminary widely known for his incisive and disciplined scholarship on the New Testament The editors called on associates from his various teaching posts former students and colleagues in the field for these original essays the range of which reflects Professor Martin's own broad interests in New Testament studies worship and ministry Contributors to the volume are Ernest Best Colin Brown James Dunn E Earle Ellis Donald Guthrie Donald Hagner Gerald Hawthorne Colin Kruse Andrew Lincoln I Howard Marshall Leon Morris Peter T O'Brien Terence Paige Eduard Schweizer Graham Stanton Marianne Meye Thompson and Michael J Wilkins with a curriculum vitae and reminiscences supplied by Lynn A Losie and Leslie Allen

Ephesians Clinton E. Arnold, 1989

The Body in Question Gregory W. Dawes, 1998 This study of Ephesians 5 21 33 contains a helpful discussion of metaphorical language and a careful analysis of the argumentation of a much disputed biblical passage Both sides in the interpretative debate will have to rethink their current interpretations in the light of this book

The Body in Question Dawes, 2022-08-22 This study is an analysis of the argumentation of Ephesians 5 21 33 The interpretation of this passage remains fiercely contested while some interpreters appeal to this text to suggest that husbands have authority over their wives others reject its apparently patriarchal ethic Approaching Ephesians 5 21 33 by way of a discussion of metaphorical language the present

work shows that its argumentation rests upon two very different uses of the body metaphor One use highlights the unity of wife and husband while the other underlines the distinction between the partners and suggests that the husband has a position of authority The tension created by these two uses of the body metaphor implies that neither a simple hierarchical nor a simple egalitarian interpretation of the passage can be justified *Approaching New Testament Texts and Contexts* Lars Hartman, 2013 Collection of texts published previously

Union with Christ in the New Testament Grant Macaskill, 2013-11-07 This book is a study of the union between God and those he has redeemed as it is represented in the New Testament In conversation with historical and systematic theology Grant Macaskill argues that the union between God and his people is consistently represented by the New Testament authors as covenantal with the participation of believers in the life of God specifically mediated by Jesus the covenant Messiah hence it involves union with Christ Christ's mediation of divine presence is grounded in the ontology of the Incarnation the real divinity and real humanity of his person and by the full divine personhood of the Holy Spirit who unites believers to him in faith His personal narrative of death and resurrection is understood in relation to the covenant by which God's dealings with humanity are ordered In their union with him believers are transformed both morally and noetically so that the union has an epistemic dimension strongly affirmed by the theological tradition but sometimes confused by scholars with Platonism This account is developed in close engagement with the New Testament texts read against Jewish backgrounds and allowed to inform one another as context As a participatory understanding of New Testament soteriology it is advanced in distinction to other participatory approaches that are here considered to be deficient particularly the so called apocalyptic approach that is popular in Pauline scholarship and those attempts to read New Testament soteriology in terms of theosis elements of which are nevertheless affirmed *Ephesians* John Paul Heil, 2007

Reconciliation Ralph P. Martin, 1997-04-24 Martin isolates a single theme of Paul's theology reconciliation and suggests that this one term is sufficiently broad as an umbrella idea to accommodate the leading aspects of Paul's main thinking

Cry of the Earth, Cry of the Poor Leonardo Boff, 1997-01-01 In his latest work the noted Latin American theologian Leonardo Boff extends the intuitions of liberation theology showing how they contribute to answering urgent questions of poverty and ecological degradation If faith fails to appreciate the ecological paradigm Boff argues it only adds to the crisis and begs for reform Focusing on the threatened Amazon of his native Brazil Boff traces the economic and metaphysical ties that bind the fate of the rain forests with the fate of the Indians and poor of the land He shows how liberation theology must join with ecology in reclaiming the dignity of the earth and our sense of a common community To illustrate to possibilities Boff turns to resources in Christian spirituality ancient and modern including cosmic Christology and the vision of St Francis of Assisi

The Story of Christ in the Ethics of Paul Stephen E. Fowl, 2015-01-29 In this book Fowl examines the role played by three poetic texts Phil 2 6 11 Col 1 15 20 and 1Tim 3 16 in the arguments of their epistles Rather than functioning

as criteria of christological orthodoxy these poetic narrations of Christ's person and work are used by Paul to support various ethical positions For Paul and the Christians he addresses these stories of Christ are exemplars for the life and practice of the church

Ephesians Harold W. Hoehner, 2002-12-01 Harold Hoehner has taught biblical exegesis to thousands of students over the years He now brings that experience to bear on this important work He begins with a helpful introduction to the letter of Ephesians in which he addresses issues of authorship structure and genre historical setting purpose and theology At the end of the introduction the author includes a detailed bibliography for further reading Hoehner then delves into the text of Ephesians verse by verse offering the Greek text English translation and detailed commentary He interacts extensively with the latest scholarship and provides a fair and thorough discussion of every disputed point in the book Pastors students and scholars looking for a comprehensive treatment on Ephesians will be interested in this commentary Hoehner's interaction with the latest scholarship combined with his detailed exegesis will make this new commentary the only resource they will need to consult

The Descent of Christ Hall Harris, 2018-12-10 This volume examines early Jewish and Christian imagery to demonstrate that the most probable interpretation of Christ's descent in Ephesians 4:9-10 refers to the descent of the Spirit at Pentecost subsequent to the ascent mentioned in Ephesians 4:8 The central portion of the book deals with the ascent-descent imagery associating Ps 68:19 with Moses as found in Targum Psalms the rabbinic literature and other early sources The section dealing with rabbinic interpretations of Ps 68:19 is of particular importance demonstrating an approach for dating elements found in the later rabbinic tradition The theological innovation of the author of Ephesians in identifying the ascended Christ as the Spirit who descended at Pentecost is highlighted as the best explanation of this difficult passage

The Mystery of God: Early Jewish Mysticism and the New Testament Christopher Rowland, C.R.A. Morray-Jones, 2009-06-17 This book brings together the perspectives of apocalypticism and early Jewish mysticism to illuminate aspects of New Testament theology The first part begins with a consideration of the mystical character of apocalypticism and then uses the Book of Revelation and the development of views about the heavenly mediator figure of Enoch to explore the importance of apocalypticism in the Gospels and Acts the Pauline Letters and finally the key theological themes in the later books of the New Testament The second and third parts explore the character of early Jewish mysticism by taking important themes in the early Jewish mystical texts such as the Temple and the Divine Body to demonstrate the relevance of this material to New Testament interpretation
