Reclaiming History Vincent Bugliosi,2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling Outrage Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission Reclaiming History is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi s irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all makes sense

Encyclopedia Americana: Jefferson to Latin ,2006 **Groovin' High** Alyn Shipton,2001-07-19 Dizzy Gillespie was one
 of the most important and best loved musicians in jazz history With his horn rimmed glasses goatee jive talk and upraised
 trumpet bell he was the hipster who most personified bebop The musical heir to Louis Armstrong he created the modern jazz
 trumpet playing style and dazzled aficionados and popular audiences alike for over 50 years In this first full biography Alyn
 Shipton covers all aspects of Dizzy s remarkable life and career taking us through his days as a flashy trumpet player in the
 swing bands of the 1930s his innovative bebop work in the 1940s the worldwide fame and adoration he earned through his
 big band tours in the 1950s and the many recordings and performances which defined a career that extended into the early
 1990s Along the way Shipton convincingly argues that Gillespie rather than Charlie Parker as is widely believed had the
 greatest role in creating bebop playing in key jazz groups teaching the music to others and helping to develop the first
 original bebop repertory Shipton also explores the dark side of Dizzy s mostly sunny personal life his womanizing the
 illegitimate daughter he fathered and supported now a respected jazz singer in her own right and his sometimes needless
 cruelty to others For anyone interested in jazz and one of its most innovative and appealing figures **Groovin High** is essential
