*Plots and Characters in the Fiction and Poetry of Edgar Allan Poe* Robert L. Gale, 1970      **Student Companion to Edgar Allan Poe** Tony Magistrale, 2001-04-30 The contributions of Edgar Allan Poe have withstood the test of time his best poems and fiction are more popular and carry greater significance now than they did during his own era This highly readable introduction to the life times and major works of Poe offers fresh interpretations of timeless masterpieces like The Raven and The Purloined Letter Carefully considering important thematic elements as well as genre this book organizes the works of Poe into four significant groupings the poetry Vampiric love stories tales of psychological terror and the detective stories Close readings are given for a selection of the most important works that represent Poe s canon of writings including the chilling Tell Tale Heart and The Black Cat This introductory study to Edgar Allan Poe begins with a concise biographical chapter that explores Poe s troubled experiences The Literary Heritage chapter chronicles Poe s influence on other writers artists and filmmakers who followed This work examines the major poems from Poe s canon with special attention to those works that are most often taught and anthologized Poe s most famous tales of terror and revenge are juxtaposed because they all revolve around murders and the elements of terror associated with the act of killing Likewise his love stories are brought together in a chapter that deals with vampirism and gender The final chapter The Origins of the Detective Tale examines Poe s tales of ratiocination and traces the evolution of many popular culture super sleuths to Poe s Dupin A selective bibliography of biographical and critical works on Poe including contemporary reviews completes this thorough volume Students general readers and fans of all things Gothic will enjoy the fascinating insights this volume offers      The Undergraduate's Companion to American Writers and Their Web Sites Larry G. Hinman, 2000-12-15 An outstanding research guide for undergraduate students of American literature this best selling book is essential when it comes to researching American authors Bracken and Hinman identify and describe the best and most current sources both in print and online for nearly 300 American writers whose works are included in the most frequently used literary anthologies Students will know exactly what information is available and where to find it      A Reference Guide for English Studies Michael J. Marcuse, 2023-11-15      The Fall of the House of Poe Phillip L. Roderick, 2006-05-18 Why was Edgar Allan Poe unable to form either emotional or sexual bonds with the women in his life Why did he worship at the grave of his friend s mother a woman he may have loved but who he could have never been intimate with Why did he marry his 13 year old cousin and what impact did her tragic death have on his literary creations Why do the female characters in his short stories endure disturbingly sadistic punishment and torture at the hands of an almost overtly mad husband or acquaintance Through both a feminist and psychoanalytic analysis The Fall of the House of Poe attempts to explain Poe s morbid treatment of the female characters in his short stories by examining his own disturbingly tragic experiences with women throughout his short life Ultimately this book elucidates unequivocally the acute psychological motivations for Poe s profoundly psychoanalytic tales of horror and

imagination     America's Indomitable Character Volume III Frederick William Dame, 2014-09-09 Volume III of America's Indomitable Character concerns itself with American character identity as represented by ten selected Colonial female authors among them the early Colonial authors of religious freedom Anne Hutchinson and Anne Dudley Bradstreet the Colonial adventuress Sarah Kemble Knight Anne Cotton and her eye witness accounts of the history of Virginia Mercy Otis Warren a contemporary historian of the American Revolutionary Period Abigail Adams who gave her husband John Adams the second President political advice Judith Sargent Murray a Colonial feminist the African American poet Phillis Wheatley Hannah Webster Foster an early advocate of female education and Susanna Haswell Rowson America's first professional female novelist How the Thirteen Original Colonies became states The American Constitution and American character identity Attempts to destroy the American Constitution The Monroe Doctrine and American character identity The origin and essence of Romanticism and its importance in America A presentation of Nature human nature society the social contract and education in selected works of William Hill Brown Philip Morin Freneau Charles Brockden Brown Washington Irving William Cullen Bryant David Crockett James Fenimore Cooper Edgar Allan Poe The Bill of Rights David Crockett's Not Yours to Give Speech Why Colonists and immigrants came to America and how they became Americans Individualism and anti elitism in America's character America as a place where individuals form and decide of their own destiny where as Don Fredrick says society means nothing more than a collection of many individual citizens in the same place where there exist not many rules telling a person what he is permitted to do but only a few rules telling him what he cannot do Or at least that is what America was when the aforementioned authors wrote about the nation     Plot Summary Index ,1981     **The New Encyclopædia Britannica in 30 Volumes** ,1974     **Catalog of Copyright Entries.
