Plots And Characters Melville:

Plots and Characters in the Fiction and Narrative Poetry of Herman Melville Robert L. Gale, 1969 *Plots and Characters in the Fiction and Narrative Poetry of Herman Melville* Robert L. Gale, 1969 PLOTS & CHARACTERS IN MELVILLE. ROBERT L. GALE, 1970 Plots and Characters in the Fiction and Poetry of Edgar Allan Poe Robert L. Gale, 1970 Megashift from Plot to Character In American Short Fiction (1900-1941): A Critical Study , Melville's Anatomies Samuel Otter, 1999-03-05 What Otter has done better than most contemporary readers of Melville is to bring Melville's obsession with rhetoric and with authorship into alignment with those political issues and to capture fully the context of Melville's concerns Priscilla Wald author of *Constituting Americans* **Melville's Intervisionary Network** John Haydock, 2016-10-18 The romances of Herman Melville author of *Moby Dick* and *Billy Budd* Sailor are usually examined from some setting almost exclusively American European or other planetary contexts are subordinated to local considerations But while this isolated approach plays well in an arena constructed on American exclusiveness it does not express the reality of the literary processes swirling around Melville in the middle of the nineteenth century A series of expanding literary and technological networks was active that made his writing part of a global complex Honoré de Balzac popular French writer and creator of realism in the novel was also in the web of these same networks both preceding and at the height of Melville's creativity Because they engaged in similar intentions there developed an almost inevitable attraction that brought their works together Until recently however Balzac has not been recognized as a significant influence on Melville during his most creative period Over the last decade scholars began to explore literary networks by new methodologies and the criticism developed out of these strategies pertains usually to modernist postcolonial contemporary situations Remarkably however the intertextuality of Melville with Balzac is quite exactly a casebook study in transcultural comparativism Looking at Melville's innovative environment reveals meaningful results where the networks take on significant roles equivalent to what have been traditionally classed as genetic contacts Intervisionary Network explores a range of these connections and reveals that Melville was dependent on Balzac and his universal vision in much of his prose writing **Melville's Evermoving Dawn** John Bryant, Robert Milder, 1997 This collection of analytical essays is the result of several conferences throughout 1991 the centenary of Herman Melville's death They survey the past and present of Melville Studies and suggest directions for the future *A Reference Guide for English Studies* Michael J. Marcuse, 1990-01-01 This text is an introduction to the full range of standard reference tools in all branches of English studies More than 10 000 titles are included The Reference Guide covers all the areas traditionally defined as English studies and all the field of inquiry more recently associated with English studies British and Irish American and world literatures written in English are included Other fields covered are folklore film literary theory general and comparative literature language and linguistics rhetoric and composition bibliography and textual criticism and women's studies Plots and Characters in the Fiction and Narrative Poetry of H. Melville Robert L.

Gale,1960 **Blue Collar, Theoretically** John F. Lavelle,2011-11-28 Though Marxism is the dominant philosophical theory applied to class in academia its real life inconsistencies particularly stereotyping have troubling effects on working class studies As a result of its hegemony alternative discourses have been effectively shut out of the academic world This critical work seeks to establish a new philosophy of class drawing on disciplines as diverse as sociology cognitive science anthropology and psychology and applying a decidedly Weberian hermeneutical lens Topics covered include a detailed exploration of Marxism a review of working class literature post marxist theories of class and the future of the field

Melville's Democracy Jennifer Greiman,2023-01-31 For Herman Melville the instability of democracy held tremendous creative potential Examining the centrality of political thought to Melville s oeuvre Jennifer Greiman argues that Melville s densely figurative aesthetics give form to a radical reimagining of democratic foundations relations and ways of being modeling how we can think democracy in political theory today Across Melville s five decades of writing from his early Pacific novels to his late poetry Greiman identifies a literary formalism that is radically political and carries the project of democratic theory in new directions Recovering Melville s readings in political philosophy and aesthetics Greiman shows how he engaged with key problems in political theory the paradox of foundations the vicious circles of sovereign power the fragility of the people to produce a body of radical democratic art and thought Scenes of green and growing life circular structures and images of a groundless world emerge as forms for understanding democracy as a collective project in flux In Melville s experimental aesthetics Greiman finds a significant precursor to the tradition of radical democratic theory in the US and France that emphasizes transience and creativity over the foundations and forms prized by liberalism Such politics she argues are necessarily aesthetic attuned to material and sensible distinctions open to new forces of creativity William

Carstares: a Character and Career of the Revolutionary Epoch. 1649-1715 Robert Herbert Story,1874 *The Romance of the Holy Land in American Travel Writing, 1790-1876* Brian Yothers,2016-03-03 This book is the first to engage with the full range of American travel writing about nineteenth century Ottoman Palestine and the first to acknowledge the influence of the late eighteenth century Barbary captivity narrative on nineteenth century travel writing about the Middle East Brian Yothers argues that American travel writing about the Holy Land forms a coherent if greatly varied tradition which can only be fully understood when works by major writers such as Twain and Melville are studied alongside missionary accounts captivity narratives chronicles of religious pilgrimages and travel writing in the genteel tradition Yothers also examines works by lesser known authors such as Bayard Taylor John Lloyd Stephens and Clorinda Minor demonstrating that American travel writing is marked by a profound intertextuality with the Hebrew and Christian scriptures and with British and continental travel narratives about the Holy Land His concluding chapter on Melville s Clarel shows how Melville s poem provides an incisive critique of the nascent imperial discourse discernible in the American texts with which it is in dialogue

Out of Character Omri Moses,2014-05-07 Characters are those fictive beings in novels whose coherent patterns of

behavior make them credible as people Character is also used to refer to the capacity or incapacity of individuals to sustain core principles When characters are inconsistent they risk coming across as dangerous or immoral not to mention unconvincing But what is behind our culture's esteem for unwavering consistency Out of Character examines literary characters who defy our culture's models of personal integrity It argues that modernist writers Henry James Gertrude Stein and T S Eliot drew inspiration from vitalism as a way of reinventing the means of depicting people in fiction and poetry Rather than regarding a rigid character as something that inoculates us against the shifting tides of circumstance these writers insist on the ethical necessity of forming improvisational dynamic social relationships Charting the literary impact of William James Charles Darwin Friedrich Nietzsche and in particular Henri Bergson this book contends that vitalist understandings of psychology affect and perception led to new situational and relational definitions of selfhood As Moses demonstrates the modernists stirred by these vital life lessons give us a sense of what psychic life looks like at its most intricate complex and unpredictable

Melville's Wisdom Damien B. Schlarb, 2021 This book explores the manner in which Herman Melville responds to the spiritual crisis of modernity by using the language of the biblical Old Testament wisdom books to moderate contemporary discourses on religion skepticism and literature Melville's work is an example of how romantic literature fills the interpretive lacuna left by contemporary theology Damien Schlarb argues that attending to Melville's engagement with the wisdom books Job Proverbs and Ecclesiastes can help us understand a paradox at the heart of American modernity the simultaneous displacement and affirmation of biblical language and religious culture In wisdom which addresses questions of theology radical scepticism and the nature of evil Melville finds an ethos of critical inquiry that allows him to embrace the acumen of modern analytical techniques such as higher biblical criticism while salvaging simultaneously the spiritual authority of biblical language Wisdom for Melville constitutes both object and analytical framework in this balancing act Melville's Wisdom joins other works of postsecular literary studies in challenging its own discipline's constitutive secularization narrative by rethinking modern putatively secular cultural formations in terms of their reciprocity with religious concepts and texts Schlarb foregrounds Melville's sustained career spanning concern with biblical wisdom its formal properties and its knowledge creating potential By excavating this project from Melville's oeuvre Melville's Wisdom shows how he seeks to avoid the spiritually corrosive effects of suspicious reading while celebrating truth seeking over subversive iniquity

National Union Catalog, 1973 Includes entries for maps and atlases

Melville's City Wyn Kelley, 1996-07-26 She shows that images both from Melville and from popular sources of the time represented New York variously as Capital Labyrinth City of Man and City of God and she goes on to demonstrate that he resisted a generalizing or totalizing representation of the city by revealing its hybrid identity and giving voice to the poor the displaced and the racially excluded

Literature to Go Michael Meyer, 2011-01-31 Literature to Go is the long trusted anthology The Bedford Introduction to Literature sized and priced to go it is a brief and inexpensive collection of stories poems and plays supported

by class tested reliable pedagogy and unique features that bring literature to life for students Pref
