Novelists and Terrorists in Contemporary Fiction

Margaret Scanlan

Plotting Terror

David Simpson

Plotting Terror:

Plotting Terror Margaret Scanlan, 2001 Scanlan English Indiana University South Bend considers several novels about terrorists and considers what they say about the role of the writer in modern society and politics She examines the figure of the writer as a rival or a mirror of the terrorist tracing the development of this relationship from its Romantic origins to the age of the Unabomber The works of DeLillo Rushdie McNamee Mary McCarthy Lessing Coetzee Durrenmatt Roth Robert Stone Volodine and Conrad are specifically considered c Book News Inc

Unfunding Terror Jimmy Gurulé, 2010-01-01 Jimmy Gurul knows how to bankrupt terrorists like few others do As Undersecretary of the Treasury for Enforcement he spearheaded the fight against al Qaeda s global bank accounts helping to earn the highest grade awarded on the 9 11 Commissioners report card As an author he performs once again Unfunding Terror provides policymakers and laymen alike a clear roadmap on how to keep terrorists out of the global financial system Timothy J Roemer Center for National Policy former US Congressman and member of the National Commission on Terrorist Attacks Upon the United States 9 11 Commission Jimmy Gurul has given us a superbly comprehensive and well written assessment of why regarding terrorism Deep Throat s principle is bang on follow the money R James Woolsey venture partner VantagePoint and former Director of Central Intelligence US A detailed study by a true scholar practitioner Unfunding Terror explains the legal response to terror finance in language accessible to both the expert and layman Required reading Matthew Levitt Director Stein Program on Counterterrorism and Intelligence The Washington Institute for Near East Policy and former Deputy Assistant Secretary of the Treasury for Intelligence and Analysis US Professor Gurul is comprehensive he describes the problem terrorist funding by those in the free world analyzes the legal responses make it a crime freeze terrorist assets impose regulations on financial institutions critiques the administration s and international community s efforts to unfund terrorists political rhetoric not in fact backed up with effective strategies or implementation and outlines concrete legal and administrative remedies Would that they to whom the recommendations are addressed act on them quickly Too much is at stake to let terrorists who condemn the West as corrupt get their funding to attack the US and its allies from the West itself That would be a form of social suicide G Robert Blakey Notre Dame Law School US The September 11 2001 terrorist attacks that claimed the lives of 2 973 innocent civilians required as much as 500 000 to stage At the time al Qaeda was operating on an annual budget of between 30 and 50 million However despite the obvious fact that terrorists need money to terrorize preventing the financing of terrorism was not a priority for the United States or the international community prior to 9 11 Jimmy Gurul former Under Secretary for Enforcement in the US Department of the Treasury provides the first book length comprehensive analysis of the legal regime that evolved following the terrorist attacks The book begins with a discussion of how shutting down the pipelines of funding is as important as dismantling the terrorist cells themselves Next the book covers the various means and methods used by terrorist groups to raise money and examines how money is transferred globally to finance their lethal

activities The principal components of the legal strategy to disrupt the financing of terrorism are then discussed and evaluated Unfortunately the author concludes that the legal regime has met with mixed results and finds that the sense of urgency to deprive terrorists of funding that existed following 9 11 has since dissipated As a result international efforts to freeze terrorist assets have dramatically declined Moreover the US Department of Justice has suffered several embarrassing and disappointing legal defeats in prosecuting major terrorist financiers The author provides numerous recommendations to Congress the Executive Branch and the UN Security Council for strengthening the legal regime to deny terrorists the money needed to wage global jihad acquire weapons of mass destruction and launch another terrorist attack on the scale of 9 11

Unfunding Terror fills an important gap in the literature and will be essential reading for counter terrorism experts law enforcement and national security

Literature and Terrorism, 2012-01-01 The years following the attacks of September 11 2001 have seen the publication of a wide range of scientific analyses of terrorism Literary studies seem to lag curiously behind this general shift of academic interest The present volume sets out to fill this gap It does so in the conviction that the study of literature has much to offer to the transdisciplinary investigation of terror not only with respect to the present post 9 11 situation but also with respect to earlier historical contexts Literary texts are media of cultural self reflection and as such they have always played a crucial role in the discursive response to terror both contributing to and resisting dominant conceptions of the causes motivations dynamics and aftermath of terrorist violence By bringing together experts from various fields and by combining case studies of works from diverse periods and national literatures the volume *Literature and Terrorism* chooses a diachronic and comparative perspective It is interested in the specific cultural work performed by narrative and dramatic literature in the face of terrorism focusing on literature's ambivalent relationship to other competing modes of discourse

Routledge Handbook of Transnational Terrorism Nicolas Stockhammer, 2023-08-17 This handbook provides contributions by some of the world leading experts in the field on recent phenomena and trends in transnational terrorism Based on the methodological approach of a trend and key factor analysis of transnational terrorism and processed on the virtual platform Foresight Strategy Cockpit FSC the volume seeks to examine what potential future variants of transnational terrorism may evolve Focusing on the latest structural developments in the sphere of politically or religiously motivated violence the handbook considers the tactical strategic and not least the systemic dimension of terrorism Divided into seven thematic sections the handbook's contributions cover a wide range of issues dealing among others with strategic and hybrid terrorism the systemic dimension of extremist violence prevalent actors counter narratives the crime terror nexus the role of digitalization and the spiral dynamic between Islamist and right wing terrorism The expert contributions provide a condensed overview of current developments structural linkages and important academic debates centering around transnational salafi jihadi terrorism but also right wing terrorism and counter terrorism A key objective of the work is to make the effects of prevention preemption de radicalization and non intervention both transparent and assessable As such it

contributes well founded strategies feasible solutions and options for policy makers and counter terrorism experts This volume will be of great interest to students of terrorism and counter terrorism political violence and security studies The Cultural Imaginary of Terrorism in Public Discourse, Literature, and Film Michael Frank,2017-06-14 This study investigates the overlaps between political discourse and literary and cinematic fiction arguing that both are informed by and contribute to the cultural imaginary of terrorism Whenever mass mediated acts of terrorism occur they tend to trigger a proliferation of threat scenarios not only in the realm of literature and film but also in the statements of policymakers security experts and journalists In the process the discursive boundary between the factual and the speculative can become difficult to discern To elucidate this phenomenon this book proposes that terror is a halfway house between the real and the imaginary For what characterizes terrorism is less the single act of violence than it is the fact that this act is perceived to be the beginning or part of a potential series and that further acts are expected to occur As turn of the century writers such as Stevenson and Conrad were the first to point out this gives terror a fantastical dimension a fact reinforced by the clandestine nature of both terrorist and counter terrorist operations Supported by contextual readings of selected texts and films from *The Dynamiter* and *The Secret Agent* through late Victorian science fiction to post 9 11 novels and cinema this study explores the complex interplay between actual incidents of political violence the surrounding discourse and fictional engagement with the issue to show how terrorism becomes an object of fantasy Drawing on research from a variety of disciplines *The Cultural Imaginary of Terrorism* will be a valuable resource for those with interests in the areas of Literature and Film Terrorism Studies Peace and Conflict Studies Trauma Studies and Cultural Studies The Evolution of the Global Terrorist Threat Bruce Hoffman,Fernando Reinares,2014-10-28 Examining major terrorist acts and campaigns undertaken in the decade following September 11 2001 internationally recognized scholars study the involvement of global terrorist leaders and organizations in these incidents and the planning organization execution recruitment and training that went into them Their work captures the changing character of al Qaeda and its affiliates since the invasions of Afghanistan and Iraq and the sophisticated elements that despite the West s best counterterrorism efforts continue to exert substantial direction over jihadist terrorist operations Through case studies of terrorist acts and offensives occurring both in and outside the West the volume s contributors investigate al Qaeda and other related entities as they adapted to the strategies of Operation Enduring Freedom and subsequent U S led global counterterrorism programs They explore whether Osama bin Laden was indeed reduced to a mere figurehead before his death or continued to influence al Qaeda s global activities Did al Qaeda become a loose collection of individuals and ideas following its expulsion from Afghanistan or was it reborn as a transnational terrorist structure powered by a well articulated ideology What is the preeminent terrorist threat we face today and what will it look like in the future This anthology pinpoints the critical patterns and strategies that will inform counterterrorism in the coming decades **Preventing Ideological Violence** P. Daniel Silk,Basia Spalek,Mary O'Rawe,2013-04-24 This book presents the

voices of police and community members who have been involved in engagement and partnership projects designed for countering violent extremism Though the threat of the so called Islamic State garners a great deal of current attention the book explores ideological violence prevention efforts in a number of contexts to include that of paramilitary organizations as well as Qaida inspired actors *Law's Trials* Richard L. Abel,2018-08-09 *Law's Trials* analyzes the performance of US courts in upholding the rule of law during the war on terror *Migration, Terrorism, and the Future of a Divided Europe* Christopher Deliso,2017-05-18 A fundamental resource for anyone interested in the long term ramifications of the European migration crisis this book objectively assesses how Europe's future course will be impacted by the key security political and economic trends and events stemming from the migration crisis The November 13 2015 Paris terrorist attacks marked the definitive moment when the migration crisis became associated with terrorism stoking an increasingly heated debate over the perceived dangers of migration Islam and extremist politics in Europe The sudden emergence of migration as the mobilizing factor for European security political discourse and socio economic realities has profoundly affected Europe's contrasting perceptions of its own identity and values precipitating an increasingly global response to tackling migration challenges in Europe and worldwide *Migration Terrorism and the Future of a Divided Europe A Continent Transformed* chronicles the turbulent events of the 2015 2016 migration crisis creating a context in which future political economic social and security trends in Europe can be understood The study also examines in detail the deep history of the ideological origins and histories of treaties and policies that have defined the European Union and its guidance of the crisis Readers will gain insight into the origins factual realities and projected ramifications for the continent's future security politics and socio economic identity the impact of media coverage on public perception the differing policies and rhetoric of rival right and left wing parties in Europe and the new security threats arising from a widened terrorist threat matrix that will comprise new targets methods and logistics Finally the book outlines the larger policy actions and trends expected on the global level towards handling future migration crises and explains how this will have an impact on Europe This important new work is the cumulative result of author Chris Deliso's extensive academic background in European history and thought his on the ground presence in the target region before during and after the crisis and his interviews with security officials diplomatic figures and practitioners directly involved with shaping the policies that were visible during the crisis Offering a broad historical context the text portrays the current crisis within the context of a much longer institutional and ideological divide that has existed in Europe and shaped policies for almost a century *Media and Journalism in an Age of Terrorism* Renaud de la Brosse,Kristoffer Holt,2019-04-29 This book brings together papers and articles presented at the conference *Journalism in a World of Terrorism* held at the Linnaeus University in Kalmar Sweden in 2017 which gathered together media researchers and journalists from around the world to discuss this contemporary global problem The contributions consider what happens in the wake of a terrorist attack how the people affected communicate and how terrorists use social media The book will

appeal both to academic readers and to anyone interested in what happens in the wake of a terrorist attack **From 9/11 to Terror War** Douglas Kellner, 2003 The book shows how September 11 provided an opportunity for the Bush administration to push through hard right domestic and foreign policies many of which were being contested and blocked in Congress pre September 11 Visit our website for sample chapters *States of Terror* David Simpson, 2019-03-08 How have we come to depend so greatly on the words terror and terrorism to describe broad categories of violence David Simpson offers here a philology of terror tracking the concept's long complicated history across literature philosophy political science and theology from Plato to NATO Introducing the concept of the fear terror cluster Simpson is able to capture the wide range of terms that we have used to express extreme emotional states over the centuries from anxiety awe and concern to dread fear and horror He shows that the choices we make among such words to describe shades of feeling have seriously shaped the attribution of motives causes and effects of the word terror today particularly when violence is deployed by or against the state At a time when terror talk is widely and damagingly exploited by politicians and the media this book unpacks the slippery rhetoric of terror and will prove a vital resource across humanistic and social sciences disciplines **Mediatised Terrorism** Saira Ali, 2022-10-21 This book offers an East West comparative analysis of mediatized terrorism This is the first country specific analysis of the mediatization of terrorism with Pakistan and Australia representing the two worlds respectively Caught up in the 9 11 effect Australia is known for its anti terror hyper legislation despite the implausible nature of the threat In contrast Pakistan is plagued by terrorism yet the military establishment favours a duplicitous policy of fighting militant groups selectively To understand how the two diverse cultural sites with their very different experiences of terrorism make sense of this unpredictable threat the book uses Beck's World Risk Society theory as a conceptual framework to examine the production and construction of news narratives around the risk of terrorism in both countries through textual analysis of local news stories and in depth interviews with Australian and Pakistani journalists Narratives about global terrorism are mostly Western with fear of its impact on Western democracy and civilisation This book aims to fill the gap and present a nuanced understanding of global terrorism by examining the characteristics of the phenomenon in a Western as well as an Eastern location and the ways in which the risk of terrorism is being played out in the two worlds This book will be of much interest to students of critical terrorism studies media studies Asia Pacific politics and International Relations

Unspeakable Peter C. Herman, 2019-09-17 *Unspeakable Literature and Terrorism from the Gunpowder Plot to 9 11* explores the representation of terrorism in plays novels and films across the centuries Time and time again writers and filmmakers including William Shakespeare Joseph Conrad Henry James Gillo Pontecorvo Don DeLillo John Updike and Steven Spielberg refer to terrorist acts as beyond comprehension a deed without a name but they do not stop there Instead of creating works that respond to terrorism by providing comforting narratives reassuring audiences and readers of their moral superiority and the perfidy of the terrorists these writers and filmmakers confront the unspeakable by attempting to see the

world from the terrorist's perspective and by examining the roots of terrorist violence

Anti-american Terrorism: From Eisenhower To Trump - A Chronicle Of The Threat And Response: Volume Ii: The Reagan And George H.w. Bush Administrations Dennis A Pluchinsky, 2020-06-18 Volume I examined the policies and actions in the Eisenhower Kennedy and Johnson administrations that contributed to the creation of anti American grievances which in turn fueled the rise of anti American terrorism overseas and domestically during the Nixon Ford and Carter administrations Volume II chronicles the high water mark of anti American terrorism overseas that occurred during the Reagan administration The litany of terrorist attacks on US targets overseas during this period is well known and unmatched in American history 1983 suicide attack on US Embassy Beirut 1983 suicide attack on US Marine Barracks Beirut 1983 suicide attack on US Embassy Kuwait 1984 suicide attack on US Embassy Beirut 1985 assault on the TWA counter at Rome airport 1985 hijacking of TWA 847 1986 mid air bombing of TWA 840 1988 mid air bombing of Pan Am 103 and the 1982 1988 kidnappings of 18 Americans in Lebanon This wave of anti American terrorist attacks demanded an appropriate response The Reagan administration proceeded to construct the most ambitious and costly counter terrorism program in the pre 9 11 era Although the terrorist threat was perceived to be in decline during the George H W Bush administration it still had to deal with the potential terrorist threat emanating from the first Gulf War in 1990 1991 two assassination attempts on the president and the ramifications of the Pan Am 103 bombing

Southeast Asian Affairs 2017 Daljit Singh, 2018-02-14 Southeast Asian Affairs first published in 1974 is an annual review of significant trends and developments in the region It provides comprehensive commentaries to further the understanding of not only the region's dynamism but also of its tensions and conflicts Thematic chapters examine key issues for the region as a whole whilst country specific chapters provide detailed roundups of the developments and their implications of the year's events

The Homeland Security Dilemma Frank P. Harvey, 2012-12-06 This book explores the paradox of the security dilemma in International Relations as applied to the post 9 11 context of homeland security The book's central argument can be summed up by the following counterintuitive thesis the more security you have the more security you will need It argues that enhancing security does not make terrorism more likely but rather it raises public expectations and amplifies public outrage after subsequent failures The book contests that this dilemma will continue to shape American Canadian and British domestic and international security priorities for decades In exploring the key policy implications resulting from this the book highlights the difficulty in finding a solution to this paradox as the most rational and logical policy options are part of the problem This book will be of interest to students of Homeland Security Security Studies US politics and IR in general

America's Culture of Terrorism Jeffery A. Clymer, 2003 Although the terrorist attacks of 11 September 2001 shocked the world America has in fact confronted terrorism for well over a century With the invention of dynamite in 1866 Americans began to worry about anonymous acts of mass violence in a way that d

Terrorism and Literature Peter C. Herman, 2018-09-13 Terrorism has long been a major shaping force in the world However the meanings

of terrorism as a word and as a set of actions are intensely contested This volume explores how literature has dealt with terrorism from the Renaissance to today inviting the reader to make connections between older instances of terrorism and contemporary ones and to see how the various literary treatments of terrorism draw on each other The essays demonstrate that the debates around terrorism only give the fictive imagination more room and that fiction has a great deal to offer in terms of both understanding terrorism and our responses to it Written by historians and literary critics the essays provide essential knowledge to understand terrorism in its full complexity As befitting a global problem this book brings together a truly international group of scholars with representatives from America Scotland Canada New Zealand Italy Israel and other countries

Twenty-First Century Fictions of Terrorism Arin Keeble, 2024-05-31 Examining novels by celebrated authors some neglected and some brand new texts Arin Keeble offers a detailed analysis of the ways novels from around the world have represented terrorism in the early twenty first century Over five chapters he uncovers a movement away from event based narratives toward depictions of terrorism as a violent symptom or feature of twenty first century world systems and neoliberalism Beginning with the early literary response to 9 11 and the 9 11 novel genre the book moves through more recent depictions of the endless war on terror state terror white nationalist terror and historical narratives of terror that resonate in the current political climate In doing so it examines the changing ways literature has sought to make sense of both the reasons why terrorism occurs and the effects it has on victims survivors and international and intercultural relations
