Ploughshares Spring 1994:

Ploughshares Spring 1994 James Welch, Don Lee, 1994-04 *Here First* Arnold Krupat, Brian Swann, 2000-06-13 *Here First* is an important new collection of essays by Native American writers compiled by Arnold Krupat and Brian Swann the editors of *I Tell You Now* Autobiographical Essays by Native American Writers In *Here First* authors such as Sherman Alexie Greg Sarris and Elizabeth Woody tell the stories of their lives and their art Each essay demonstrates the breadth of experience of twenty seven individuals united in the creative expression of a Native American heritage Each has a different relation to that heritage and in describing it through personal and family history with verse and in anecdotes the writers give a strong image of the different cultures that have shaped them This is living history and the kind of collective memoir that makes for fascinating and rewarding reading one of the most vivid and diverse portraits of Native American culture available today

Butterfly Moon Anita Endrezze, 2012-11-10 Anita Endrezze has deep memories Her father was a Yaqui Indian Her mother traced her heritage to Slovenia Germany Romania and Italy And her stories seem to bubble up from this ancestral cauldron *Butterfly Moon* is a collection of short stories based on folk tales from around the world But its stories are set in the contemporary everyday world Or are they Endrezze tells these stories in a distinctive and poetic voice Fantasy often intrudes into reality Alternate realities and shifting perspectives lead us to question our own perceptions Endrezze is especially interested in how humans hide feelings or repress thoughts by developing shadow selves In *Raven's Moon* she introduces the shadow concept with a Black Moon the unseen reflection of the known Of course the story is about a witch couple who seem very much in love The title character in *The Wife Who Lived on Wind* is an ogress who lives in a world somewhat similar to our own but only somewhat The Vampire and the Moth Woman reveals shape shifters living among us Not surprisingly Trickster appears in these tales As in Native American stories Trickster might be a fox or a coyote or a raven or a human or something in between *White Butterflies* and *Where the Bones Are* both deal with devastating diseases that swept through Yaqui country in the 1530s Underneath their surfaces are old Yaqui folktales that feature the greatest Trickster of all Death and his little brother Fate Enjoyably disturbing these stories linger deep in our memory

David Mamet Janice A. Sauer, David K. Sauer, 2003-09-30 The most complete record of a contemporary American dramatist available *David Mamet A Resource and Production Sourcebook* is the result of ten years research by a widely published drama and theatre scholar and a university bibliographic specialist Presenting a complete overview of all reviews and scholarship on Mamet the authors challenge assumptions about the playwright such as the charge that he is an antifeminist writer This comprehensive sourcebook is an essential purchase for Mamet scholars and students of American drama alike *David Mamet A Resource and Production Sourcebook* reflects the revolution underway in the study of drama in which not only previous scholarship but performance reviews are a necessary part of research It gives a complete listing and overview of over 250 scholarly articles and chapters of books on Mamet's plays It also presents the complete production history of each play including review

excerpts The authors have produced an invaluable guide to research into this key contemporary dramatist **Asian American Poets** Guiyou Huang, 2002-05-30 Even though Asian American literature is enjoying an impressive critical popularity attention has focused primarily on longer narrative forms such as the novel And despite the proliferation of a large number of poets of Asian descent in the 20th century Asian American poetry remains a neglected area of study Poetry as an elite genre has not reached the level of popularity of the novel or short story partly due to the difficulties of reading and interpreting poetic texts The lack of criticism on Asian American poetry speaks to the urgent need for scholarship in this area since perhaps more than any other genre poetry most forcefully captures the intense feelings and emotions that Asian Americans have experienced about themselves and their world This reference book overviews the tremendous cultural contributions of Asian American poets Included are alphabetically arranged entries on 48 American poets of Asian descent most of whom have been active during the latter half of the 20th century Each entry begins with a short biography which sometimes includes information drawn from personal interviews The entries then discuss the poet's major works and themes including such concerns as family racism sexism identity language and politics A survey of the poet's critical reception follows In many cases the existing criticism is scant and the entries offer new readings of neglected works The entries conclude with bibliographies of primary and secondary texts and the volume closes with a selected general bibliography

Hicks, Tribes, and Dirty Realists Robert Rebein, 2021-10-21 Robert Rebein argues that much literary fiction of the 1980s and 90s represents a triumphant if tortured return to questions about place and the individual that inspired the works of Hawthorne Melville Twain Faulkner and other giants of American literature Concentrating on the realist bent and regional orientation in contemporary fiction he discusses in detail the various names by which this fiction has been described including literary postmodernism minimalism Hick Chic Dirty Realism ecofeminism and more Rebein's clearly written nuanced interpretations of works by Raymond Carver Cormac McCarthy Don DeLillo Louise Erdrich Dorothy Allison Barbara Kingsolver E Annie Proulx Chris Offutt and others will appeal to a wide range of readers Famine Pots LeAnne

Howe, Padraig Kirwan, 2020-10-01 The remarkable story of the money sent by the Choctaw to the Irish in 1847 is one that is often told and remembered by people in both nations This gift was sent to the Irish from the Choctaw at the height of the potato famine in Ireland just sixteen years after the Choctaw began their march on the Trail of Tears toward the areas west of the Mississippi River Famine Pots honors that extraordinary gift and provides further context about and consideration of this powerful symbol of cross cultural synergy through a collection of essays and poems that speak volumes of the empathy and connectivity between the two communities As well as signaling patterns of movement and exchange this study of the gift exchange invites reflection on processes of cultural formation within Choctaw and Irish society alike and sheds light on longtime concerns surrounding spiritual and social identities This volume aims to facilitate a fuller understanding of the historical complexities that surrounded migration and movement in the colonial world which in turn will help lead to a more

constructive consideration of the ways in which Irish and Native American Studies might be drawn together today

American Writers Leonard Unger, A. Walton Litz, Molly Weigel, Lea Bechler, Jay Parini, 1974 Contains biographical and critical essays on the work of important American writers Presents scholar signed essays prepared by experts in the field

Foreign Political Engagement D. Geldenhuys, 2016-07-27 The 1990s have witnessed several major external initiatives to reshape the domestic political arrangements of countries Because these have been collective foreign ventures usually with the active collaboration of the target countries the term intervention is ill suited Instead Deon Geldenhuys introduces the notion of foreign political engagement to describe international attempts at remaking countries in the image of the West South Africa Kenya Somalia Russia Cambodia El Salvador and Haiti serve as case studies to demonstrate this important theoretical rethinking of international relations today *Aberration in Modern Poetry* Lucy Collins, Stephen

Matterson, 2011-12-22 This critical work considers the role played by elements that might be considered aberrational in a poet's oeuvre With an introductory essay exploring the nature of aberration these fourteen contributions investigate the work of major 20th century poets from the U S Britain Ireland Australia and New Zealand Aberration is considered from the standpoint of both the artist and the audience prompting discussion on a range of important issues including the formation of the canon Each essay discusses the status of the aberrant work and the ways in which it challenges enlarges or supports the overall perception of the poet **In the Net** James Walch, 1999 2 Going for IT **The Collected Poems of John**

Drinkwater: Poems 1908-1914. Swords and ploughshares, 1915. Olton pools, 1916. Tides, 1917 John

Drinkwater, 1923 **American City, Southern Place** Gregg D. Kimball, 2003-11-01 As a city of the upper South intimately connected to the northeastern cities the southern slave trade and the Virginia countryside Richmond embodied many of the contradictions of mid nineteenth century America Gregg D Kimball expands the usual scope of urban studies by depicting the Richmond community as a series of dynamic overlapping networks to show how various groups of Richmonders understood themselves and their society Drawing on a wealth of archival material and private letters Kimball elicits new perspectives regarding people's sense of identity Kimball first situates the city and its residents within the larger American culture and Virginia countryside especially noting the influence of plantation society and culture on Richmond's upper classes Kimball then explores four significant groups of Richmonders merchant families the city's largest black church congregation ironworkers and militia volunteers He describes the cultural world in which each group moved and shows how their perceptions were shaped by connections to and travels within larger economic cultural and ethnic spheres Ironically the merchant class's firsthand knowledge of the North confirmed and intensified their southernness while the experience of urban African Americans and workers promoted a more expansive sense of community This insightful work ultimately reveals how Richmonders' self-perceptions influenced the decisions they made during the sectional crisis the Civil War and Reconstruction showing that people made rational choices about their allegiances based on established beliefs **American City**

Southern Place is an important work of social history that sheds new light on cultural identity and opens a new window on nineteenth century Richmond Flashback Through the Heart Angela M. Salas, 2004 In doing so the author seeks to convince readers that Komunyakaa has never been solely interested in dealing with the complexities of race in his work although he does so to stunning effect in such works as *Dien Cai Dau* a volume invoking the horrors of the war in Vietnam Jacket *John Brown to Bob Dole* Virgil W. Dean, 2006 From radical abolitionist John Brown to presidential candidate Bob Dole to visionary environmentalist Wes Jackson Kansas history is bursting with fascinating stories of individuals who made a difference to the nation and whose lives reveal much about our collective past Prominent Kansas historian Virgil Dean has gathered a distinguished team of writers Thomas Isern Craig Miner and others who have crafted incisive portraits of 27 notable men and women covering 150 years of Kansas and American history Here are agitators who moved their fellow citizens to action over political social and economic problems not only John Brown but also proslavery agitator William H Russell Mary Elizabeth Lease lecturer for the Farmers Alliance and Populist Party Gerald B Winrod aka the Jayhawk Hitler and Esther Brown who challenged segregation in public schools **Books in Print** , 1974 Call Me Ahab Anne Finger, 2010-03-04 Imagine a Hollywood encounter between Helen Keller and Frida Kahlo two female icons of disability Or the story of Moby Dick or The Leg told from Ahab's perspective What if Vincent Van Gogh resided in a twentieth century New York hotel surviving on food stamps and direct communications with God Or if the dwarf pictured in a seventeenth century painting by Velazquez should tell her story And finally imagine the encounter between David and Goliath from the Philistine's point of view **Kansas** Craig Miner, 2002-10-21 Kansas is not only the Sunflower State it's the very heart of America's heartland It is a place of extremes in politics as well as climate where ambitious and energetic people have attempted to put ideals into practice a state that has come a long way since being identified primarily with John Brown and his exploits Craig Miner has written a complete and balanced history of Kansas capturing the state's colorful past and dynamic present as he depicts the persistence of contrasting images of and attitudes toward the state throughout its 150 years A work combining serious scholarship with great readability it encompasses everything from the Kansas Nebraska Act to the evolution creationism controversy emphasizing the historical moments that were pivotal in forming the culture of the state and the diverse group of people who have contributed to its history Kansas The History of the Sunflower State is the first new state history to appear in over twenty five years and the most thoroughly researched ever published Written to enlighten general readers within and well beyond the state's borders it offers coverage not found in previous histories greater attention to its cities notably Wichita and to its south central and western regions accounts of business history contributions of women and minorities and environmental concerns It presents the dark as well as the bright side of Kansas progressivism and is the first Kansas history to deal with the post World War II era in any significant detail Craig Miner has spent almost forty years researching teaching and writing Kansas history and has dug deeply into primary sources especially gubernatorial papers

that shed new light on the state That research has enabled him to assemble a wider cast of characters and more entertaining collection of quotations than found in earlier histories and to better show how individual initiative and entrepreneurial aspirations have profoundly influenced the creation of present day Kansas Ranging from the days of cattle and railroads to the era of oil and agribusiness this history situates the state in its own terms rather than as a sidebar to a larger American epic Miner brings to its pages an identifiable Kansas character to preserve what is distinctive about the state s identity for future generations echoing what one Kansan said over half a century ago Kansas is simply Kansas May she never be tempted to become anything else
