were reconstructed and mannequins depicted scenes of Pilgrim life Docents dressed in somewhat inauthentic period garb described the historical significance of the tableaux The cultural revolution of the 1960s brought also a revolution in the style of representing the Pilgrims In an attempt to define the real Pilgrims the idea of sainted ancestors was eradicated James Deetz an anthropologist from Harvard established a new approach to ethnohistorical research In portraying the Pilgrims in this era reenactors made no attempt to glorify but instead to give earnest assessment of all ethnographic data available and to re create an authentic Pilgrim Deetz and his colleagues established a living museum in which history was no longer described and discussed but rather reenacted This book documents and analyzes the momentous shift in the style of representing the history at Plimoth Plantation It closely examines the emergence of the first person role playing re creation that is based upon performing ethnography An important work in the field of performance studies it explores postmodern cultural forces at work in the late twentieth century Stephen Snow Ph D RDT BCT is Associate Professor and Chair of the Department of Creative Arts Therapies at Concordia University in Montreal Most recently he completed a three year project 2005 2008 in Performance Ethnography with adults with developmental disabilities at Concordia s Centre for the Arts in Human Development of which he is a Co Founder
