their peak on exam day Trainers and instructors who are interested in bringing the PMCampus training manual to their students After many years in the project management training industry and running PMCampus com we identified a need for another type of training manual to help PMP exam candidates Most books dedicated to PMP r exam preparation are excellent at providing a large quantity of subject matter information and that is undeniably very helpful to candidates for most of their learning journey However what we believe is missing is a training manual demystifying the kickoff and final sprint of the PMP exam process Through this book we aspire to fill this gap and coach students into a successful mindset The first steps toward preparing for the PMP exam are often the most difficult for prospective students and this book will provide expert guidance for a successful start The final sprint before the exam is an endeavor of a different kind In this phase to be at peak performance candidates need to manage stress as well as gain clarity and certainty about their training approach This training manual provides not only a frame of reference for subject matter mastery but it also supports skills and confidence building both being equally important in passing the PMP exam Readers will also find stories shared by PMCampus com alumni who have walked the same path and can provide answers to many of the questions and concerns candidates face This helpful information won t be found in other PMP prep guides The initial pages of this book are dedicated to offering coaching advice secrets tips and exercises for successful PMP exam preparation Then the book content moves onto the more focused final subject matter review presented by our project management experts where students can rely on our comprehensive must know checklists as they advance to the final phase of their exam preparation journey This book is organized to guide the reader through the initial steps and on to the last week for peak performance on exam day This book is organized into three main parts Chapter 1 Before preparing for the exam advice tips and alumni stories Chapters 2 to 7 Last days before taking the exam comprehensive subject matter review covering all 5 processes and 10 project management knowledge areas tested at the exam Chapter 8 The day before taking the exam exam day and life after the exam Candidates can use this training manual in the last week of preparation or even better earlier to plan ahead and know what to expect in that final week well before it arrives We hope this cost effective training tool will help many students make smart choices save time effort and money and ultimately achieve their PMP r certification with confidence and on budget **PMP Project**
