Pocket English-Arabic Dictionary John Wortabet, Harvey Porter, 1986-06-01 **Pioneers Pocket English Arabic Dictionary** Haytham Ibrahim, 2012-05-16 The Pioneers Pocket Arabic Dictionary is using a new and easy Romanized system which helps you to pronounce Arabic words the right way. It contains more than nine thousand words and phrases and it has been prepared with a view to fulfilling the needs of learners in the field of Arabic language. And in order to reduce the dictionary to a convenient size, all Arabic words and phrases have been given in their most condensed forms according to Modern Standard Arabic and all slang and obsolete words have been discarded. Foreign words have been given in both their arabicized and non arabicized forms and English words are repeated in several places to indicate their usage as different parts of speech. e.g. the noun has been distinguished from the verb etc. to prevent users of the dictionary from making mistakes which could arise from the transliteration pattern. You should know that vowel signs which are not in use in English do, however, play an important role in the pronunciation of Arabic words. Without them, it is difficult for a beginner to pronounce the word correctly. That is why all words and phrases in the pioneer dictionary are written in full vowels and also we have developed our Transliteration system to indicate the pronunciation of Arabic words with the help of an excellent system of transliteration based on the principles of the real Arabic system which was created by Haytham Ibrahim, a reputed Arabic language lecturer and translator. In addition, the transliterated system corresponds with the international system of phonetics so you will find it easy to understand. It comes with the following features: The first dictionary that helps you to know the
