The Trouble with the Trinity Carlos A. Pinkham,2019-07-26 One God or one with several forms Or maybe two three or perhaps many separate Gods If you seriously study all the Christian religions you will find that each of these possibilities is claimed That is one trouble with the Trinity there are just too many possibilities Which if any is right Which view does the Bible support And if it supports one view how strongly and in exactly what way The Trouble with the Trinity attempts to study every verse in God s Word that links a name for one or more members of the Godhead with a nearby word or concept for God Nearly a thousand verses meet this condition Collating them into logical categories reveals the eight and only eight possible ways and combinations that could help us understand that the Father Son and Holy Spirit is Three in One Moreover when the verses in each of these eight ways are further organized they provide deep insights into the nature of God And when the eight ways are woven together they reveal a startling symbol with relevance to Judaism Christianity Islam geometry and our neural network Furthermore these insights are reinforced through the symbolism of the colors used in the tabernacle when these colors are properly applied to the eight parts of the symbol The book incorporates mathematics and science especially the biological sciences written with plain language into the discussions of the Trinity Some of the proposed connections have never been posited elsewhere It also considers other symbols and icons of the Trinity for their ability to reflect aspects of the Triune Godhead The Trouble with the Trinity is not written for the theologian although it includes a section that presents a theological discussion of the Trinity Rather it is written for those who are curious about or confused by the Trinity For more information and to view Images About the book Appendixes and more as well as contact information please go to <https://www.thetwtt.com> You can also visit the author s Facebook page <https://www.facebook.com/TTWTTrinity> view_public_for_100820838002256 **Pocket Interlinear Old Testament** Jay P. David Bauscher,2012-10-18 This is a translation of The Aramaic New Testament Aramaic was the language of Jesus and his countrymen of 1st century Israel in an interlinear word for word new translation of The Peshitta New Testament A translation of the Psalms Proverbs Ecclesiastes from the ancient Peshitta OT Version is included at the end Aramaic was used in Mel Gibson s film The Passion of the Christ to make the film as realistic and accurate as possible This New Testament will surprise and thrill the reader with its power and inspiration coming from the words of Yeshua Jesus in ancient Aramaic as He originally spoke them in a literal and readable English rendering Every Aramaic word of the Peshitta is displayed in the elegant Levistam Hebrew Aramaic script with an English rendering to the

Coherent Chiastic Oeuvre in the Unity of Luke-Acts John M. Powell,2025-06-20 This book expands on scholarly arguments that the Gospel of Luke and Acts of the Apostles was originally intended as a single unified work It offers fresh insights by addressing overlooked perspectives and further exploring the literary theological and historical connections between the two volumes Central to this study is the argument that the ascension narratives at the end of Luke and the beginning of Acts form a chiastic structure uniting and conjoining both volumes Rather than redefining Luke Acts as First and Second Luke this study affirms their distinct literary genres Luke s Gospel rightly belongs among the canonical Gospels and Acts bridges the Gospels with the Epistles acting similar to a historical narrative It does not seek to alter their canonical separation but asserts that Luke deliberately composed them as a continuous interdependent account By examining how this pivotal event structures the text it provides compelling evidence of Luke s intentional design demonstrating that the ascension is the hinge that seamlessly connects both volumes **The Homiletic Review** ,1897
