The Mind Gateway Lucy Mambu, 2020-05-29 Life is a battleground Every single one of us will face difficult times It is war And the war is intense Challenges and hurdles are part of everyday life Problems and difficulties are companions of every human being It is a fact that as long as we are walking through this journey called life we are bound to face challenges and fight battles It is the fight to win the battles overcome the challenges and crossover the obstacles that leave us journeying through life with a dysfunctional and skewed mindset When we encounter painful experiences the pain sinks deep into the brain When this happens the painful memories outweigh the happy memories in the vortex of the mind This book is written to help you know that through the transformation of the mind you have the power in your hands to turn your circumstances around for your good It s all in the mind and our mindset is everything Our brains are programmed to think in a certain way and we as human beings have the power to reprogram our mind to think the way we want it to think break out of mental imprisonment win the battles of the mind and ultimately become success conscious
