Lords Of The Ocean:

Lords of the Ocean James L. Nelson, 2021-11-01 James L Nelson's Isaac Biddlecomb series has brought to life a never before seen side of America's war for independence. With the expertise of a seasoned mariner, a historian's vivid attention to detail, and a natural gift for sensational storytelling, the American counterpart to Patrick O'Brian, David Brink, carries us along on his bold and stirring course through history. After ferrying General George Washington's troops across the East River and through the hell known as the Battle of Long Island, Captain Isaac Biddlecomb receives a monumental order: He is to transport to France the most powerful secret weapon in the country's arsenal: scientist, philosopher, and spirit of the enlightenment, Dr. Benjamin Franklin. With a new team of men forging through the wintry North Atlantic and braving the cordon of the Royal Navy, Biddlecomb's seemingly simple mission is just the first volley in a grand scheme to topple France's neutrality by gaining its vital support and turn the colonial uprising into a full-scale world war for freedom. Raj Behera, 2019-03-27 This book will describe in four parts the waves of the east, west, north, and south. It will define two characters of fish from the Bay Area who sought for an adventure from the Pacific Rim to the Indian Ocean. The main objective was to find the queen conch or sri conch, generally known as the pink conch. Being in the Bay Area with the sound of the various objects of the sea, such as steamers, ships, surfing, and other activities, they forgot to explore the real value of life and the determination to find their objective. Lately, they came to know about the peace-loving pink conch and wanted to explore the peace formula and share it with the aquatics in the San Francisco Bay as well as beyond. Somehow, they were inspired to understand the conch, especially the pink conch. Never had they seen it, and they tried to know about it. Mostly, they came to know the beautiful Bahamas and the Caribbean Sea and the conch habitants and the environment in those areas. Most likely, the serenity was derived with a variety of pleasant objects like the reef, beach, sea, clear sky, temperature, and many more. Two unique aquatics of the bay from the fish class finally started their journey from the crowded San Francisco Bay from the Berkeley region with the aim to obtain the pink conch and attain a state of divinity. That's the ambition and goal they formulated after attending the first peace conference in the Pacific Rim. The one and only goal was to obtain the peace formula. Two friends, Goldy and Neil, planned for the journey with sufficient knowledge and confidence. Ultimately, they prayed to the Lord of the Milky Ocean for protection and guidance, similar to the adventure of the monkey who crossed the Indian Ocean by the mercy of the Lord of the Milky Ocean. The course of action was different as they flew over the ocean and now under the water. Their cause was to find out the lost loved one and hear the curiosity. Curiosity is the basic form of intelligence. When they started from the Golden Gate Bridge, a place they were situated and learned about the conch, why was the conch so much a curiosity? The real path for attaining the divine conch was laid out by the two seekers as follows: Path from North Pacific Ocean to the Panama Canal to the North Atlantic Ocean, Caribbean Sea to the Gulf of Mexico to the Bahamas to the South Atlantic Ocean to the Indian Ocean to the Arabian Ocean to the Indian Ocean and to the Bay of Bengal.
