Loss Of Sexual Innocence:

Loss of Sexual Innocence Mike Figgis, 2012-10-04 Mike Figgis's *Loss of Sexual Innocence* is a fascinating fusion of stories, dreams, images, and music. The film is a meditation on the process of growing up and the inevitable loss of innocence this entails. The central image is the expulsion of Adam and Eve from the Garden of Eden, and as in all of Mike Figgis's work, the focus is upon the passionate and often troublesome nature of relationships between men and women. The film was shot in Italy, Tunisia, and Figgis's native Newcastle on the lowest of imaginable budgets. In an introduction to the screenplay, Figgis describes how he brought off this remarkable task. *The Loss of Sexual Innocence* Mike Figgis, *The Loss of Sexual Innocence* is a free-wheeling rumination on eroticism and the myth of Eden from the writer-director of *Leaving Las Vegas*.

Reel Views 2 James Berardinelli, 2005 Thoroughly revised and updated for 2005. Includes a new chapter on the best special edition DVDs and a new chapter on finding hidden easter egg features. **Global Scriptwriting** Ken Dancyger, 2013-06-26 *Global Scriptwriting* offers a look at an exciting new phase in screen storytelling as writers and directors from all over the world infuse traditional forms with their own cultural values to create stories that have an international appeal and suggest a universality among readers, viewers, and listeners. A unique blend of screenwriting technique and film studies, *Global Scriptwriting* discusses screen stories as they have evolved through the years, focusing first on the basics of scriptwriting, then going on to afford a more sophisticated look at script via different models of scriptwriting: the Hollywood model, the independent model, the national model, and various alternative models. It examines the internationalization of storytelling and illustrates how particular innovations have helped national screen stories to international success. This book is the first to incorporate the basics of the classical form with the innovative edge of the last decade, as well as the culture-specific changes that have taken place outside of North America. It offers readers a view of the enriched repertoire available to writers resulting from the introduction of cultural perspectives into traditional story forms. Specific topics examined include the ascent of voice, the search for new forms, the struggle between style and content, and the centrality of megagenre. *Dracula's Cinematic Psychohistory* Steven J. Walden, 2025-09-12 *Dracula* is a recognized, resilient, and recurrent cultural property. He is idolized, loved, vilified, and hated as a multifaceted, perennial narrative focus that involves the interplay between film as art and its psychosocial milieu. *Dracula*'s movies can thus be read as a cultural barometer reflecting the culture we create and re-create in his many cinematic guises: an object of attraction and terror, antihero and villain, lover and monster, even victim and stooge. This book follows *Dracula*'s cinematic journey, exploring how he continues to tap into the ever-changing collective psyche of his viewers. Many of those viewers may have entertained the thought that the fearful bite of the vampire might just be a worthwhile price to pay for the empowerment of being one.
