L. Jarvis,2017-10-20 His future is her past and their love is lost somewhere in between When her groom arrives at the altar and announces the wedding is canceled Lucy Buchanan flees into the woods Hearing well meaning but unhelpful bridesmaids approaching she ducks into a stone chamber and emerges on the other side where she s about to be trampled by a horse She s rescued from danger by Rory Munro the valiant but troubled son of a wealthy Highland laird At first convinced that she s dreaming Lucy begins to realize that she s stumbled into 1746 Scotland and must find her way back through what Rory calls the fairy cairn In the meanwhile she might just be falling in love Betrayed years ago Rory is certain he ll never love again Then a lost bride awakens the trust in his heart that was broken If Lucy leaves she ll return to a time when his future is her past and their love is lost somewhere between *Veiled Voices in Postrevolutionary Iranian Cinema* Raha Shojaei,2025-06-09 This book examines the vocal presence of women in postrevolutionary Iranian cinema The research explores the concept of the veiled voice which conceals the bodily aspects of the voice and suppresses its discursive elements Studying the veiling of women s voices in New Iranian Cinema how they relate to authoritative voices and their limitations in cinematic spaces the book addresses the detachment of women s voices from their bodies in some films The book argues that this detachment is often used as a feminist strategy to bypass constraints on female portrayal on camera The book dissects how these voices are often marginalized within the cinematic space either structurally narratively or due to patriarchal adherence It also discusses the concept of the acousmatic voice particularly in the context of Iranian cinema where the female voice off is used as a spatial veil contributing to the marginalization of women Although Michael Chion s concept of the acousm tre is based on classic Hollywood cinema this book shows that the mere presence of an off screen voice does not ensure a predictable impact in the filmic world In New Iranian Cinema influenced by factors like modesty rules the off screen

voice untethered to a body can serve as a presentational strategy rather than just a cinematic narrational device The book also investigates the unveiling of the female voice as a subject of aesthetic admiration and desire within the cinematic realm navigating censorship through religious and cinematic elements and explores how cinematic spaces manipulate the presence and embodiment of the unveiled voice to avoid revealing its true source The book is also informed by the author s experience as the first woman sound designer working in the Iranian film industry **Nora Roberts Trilogy 2025 NORA.**
