 This encyclopedic reference work treats a near century's worth of Japanese films released in the United States in theaters or on video and the important actors, directors, producers, and technical personnel involved in them. For people, each entry provides birth date, education, death (when appropriate), a brief biography, and a filmography. The movies are arranged by original U.S. release titles and include cast and production credits, studio, Japanese and U.S. distributor, sound format, running time in both the U.S. and Japanese versions, release dates in both countries, alternate titles, and rating (when appropriate) of U.S. release. *The British Library General Catalogue of Printed Books, 1986 to 1987* British Library, 1988 Dinomania Ulrich Merkl, 2015-11-25 Winsor McCay, the creator of *Little Nemo in Slumberland*, is internationally renowned as a pioneer in comics and animation. But author Ulrich Merkl's dedicated sleuthing has unearthed a never-published strip by McCay that was lost following the artist's untimely death. Titled simply *Dino*, it opens a surprising new window into McCay's life and work and showcases his exquisitely beautiful and delicate delineations, exactly reproduced from the original art. Merkl explores the influences McCay brought to the strip, including McCay's own *Gertie the Dinosaur*, animated shorts, the animation in 1933's *King Kong*, and the growth of New York City from the Holland Tunnel to the Empire State Building, and traces our love of dinosaurs and monster movies down through the decades. Breathtakingly designed, each page of this deluxe oversize volume is overflowing with amazing imagery, with more than 650 photographs and illustrations, more than 250 in color, most of them seen here for the first time in a century. An essential volume for everyone interested in the development of the comic strip and our never-ending fascination with dinosaurs. *California Cultivator*, 1909 *To War Survive* Steven Kashuba, 2019-07-01 Two orphans escape from their torched home in a small village. The village, its history, language, and culture, has left an indelible impression with me. So much of the sentiment I have for this region of Poland spins around for a lack of a better word, the Molotov-Ribbentrop Pact. Thousands were forcibly removed from their ancestral lands to live in another country. Each seems to harbour a sense of sadness buried somewhere inside. Melancholy. A feeling of pensive sadness. Perhaps. Even Ukraine's national anthem seems to reflect this sadness. The concept of the Soviet Union was built over many different territories and a number of national identities. Powerful nations fought to conquer either Poland or Ukraine, thus laying the foundation for many divisions. History can divide us, or we can use it to unite people. It is best to come to grips with the past before embracing a vision for the future. The Watchman-examiner, 1928 **VideoHound's Golden Movie Retriever 1996** VideoHound Editors, Videohound, 1995-09 USA Today gave it a 4-star rating; the Houston Chronicle called it by far the best, and the New York Times says the Hound takes the lead in a blaze of supplemental lists. The new 1996 edition of America's favorite guide to movies on video offers over 22,000 video reviews, including 1,000 new reviews.
