Ray,2010-04 Reprint of The Lost Tribes of North Carolina Part I Originally published Austin Texas 1945 The Lost Tribes of North Carolina, Part III Worth Stickley Ray,1997 **Lost Tribes Found** Matthew W. Dougherty,2021-06-03 The belief that Native Americans might belong to the fabled lost tribes of Israel Israelites driven from their homeland around 740 BCE took hold among Anglo Americans and Indigenous peoples in the United States during its first half century In *Lost Tribes Found* Matthew W Dougherty explores what this idea can tell us about religious nationalism in early America Some white Protestants Mormons American Jews and Indigenous people constructed nationalist narratives around the then popular idea of Israelite Indians Although these were minority viewpoints they reveal that the story of religion and nationalism in the early United States was more complicated and wide ranging than studies of American chosen ness or manifest destiny suggest Telling stories about Israelite Indians Dougherty argues allowed members of specific communities to understand the expanding United States to envision its transformation and to propose competing forms of sovereignty In these stories both settler and Indigenous intellectuals found biblical explanations for the American empire and its stark racial hierarchy *Lost Tribes Found* goes beyond the legal and political structure of the nineteenth century U S empire In showing how the trope of the Israelite Indian appealed to the emotions that bound together both nations and religious groups the book adds a new dimension and complexity to our understanding of the history and underlying narratives of early America **The Lost Tribes of North Carolina Part Iii** Worth S. Ray,2000 **Christian Identity** Chester L. Quarles,2014-11-18 The Ku Klux Klan the Aryan Nations and many ultra right wing racist religious organizations adhere to a doctrine called Christian Identity Christian Identity is not a denomination but a loosely organized movement embracing a range of beliefs Its foundation is the theory that Anglo Saxons and Aryans in most cases are the true descendants of the Lost Tribes of Israel and are the chosen people of God Christian Identity is a bloodline religion a belief system irrevocably tied to race As such it lends itself to the violence racism and anti Semitism of its more militant practitioners and its growth and links to domestic terrorism warrant a better understanding of the movement This survey of the Christian Identity Movement traces its development and beliefs from its origins to its modern manifestations It examines the doctrines and visions of the future of Identity communities and organizations in America The initial chapter explores British Israelism forerunner of most bloodline Identity groups the oral traditions behind

the movement are reviewed in the second The third chapter outlines the American Israel Identity and bloodline Identity movements including major figures and groups The following chapters provide an introduction to Christian Identity itself its general religious tenets and post Creation beliefs upon which much of the theory is based Subsequent chapters describe militant bloodline and Identity groups and individual militant Identity leaders The final chapter explores the Third American Revolution predicted by these groups a forthcoming war based on race and religion
