Louis Braille A Touch Of Genius:

Louis Braille C. Michael Mellor, 2006 *Louis Braille A Touch of Genius* is the first ever full color biography to include thirty one of his extant letters some written by his own hand and translated into English for the first time Three great men were born in the early weeks of January 1809 Abraham Lincoln Charles Darwin and Louis Braille Only one has remained virtually unknown the man who invented a means of reading and writing still used today in almost every country in the world adapted to almost every known language from Albanian to Zulu Born sighted Louis Braille accidentally blinded himself at the age of 3 He was lucky enough to be sent to a school for blind children in Paris one of the first in the world There at the age of sixteen he worked tirelessly on a revolutionary system of finger reading that became braille He was a talented musician astute businessman and genius inventor collaborating with another Frenchman to invent the first dot matrix printer around 1840

Louis Braille Madeline Donaldson, 2007-01-01 *Louis Braille* PB **Seeing with the Hands** Mark Paterson, 2017-12-11 This book seeks to answer why there has been a persistent fascination by the sighted including philosophers poets and the public in what the blind see **The Riddle** Andrew Razeghi, 2008-01-07 While organizations claim to value creativity they are often at a loss when attempting to conjure up novel ideas particularly in a world where technology has made information readily available to everyone As a result leaders ask Where will the next big idea come from In response they allocate significant resources for innovation however the source of creative inspiration has remained a mystery Science has shown that it is possible to create conditions under which the mind is more prepared to have insights or aha moments In this fascinating book Andrew Razeghi examines the precursors to creative insight and offers clear cut methods for making Eureka moments routine practice rather than lucky accidents Combining the latest scientific research interviews with current innovators and studies of history's most creative minds he dissects the creative process and presents a practical approach for inspiring innovation Six Dots: A Story of Young Louis Braille Jen Bryant, 2016-09-06 An inspiring picture book biography of Louis Braille a blind boy so determined to read that he invented his own alphabet Winner of a Schneider Family Book Award Louis Braille was just five years old when he lost his sight He was a clever boy determined to live like everyone else and what he wanted more than anything was to be able to read Even at the school for the blind in Paris there were no books for him And so he invented his own alphabet a whole new system for writing that could be read by touch A system so ingenious that it is still used by the blind community today Award winning writer Jen Bryant tells Braille's inspiring story with a lively and accessible text filled with the sounds the smells and the touch of Louis's world Boris Kulikov's inspired paintings help readers to understand what Louis lost and what he was determined to gain back through books An author's note and additional resources at the end of the book complement the simple story and offer more information for parents and teachers Praise for *Six Dots* An inspiring look at a child inventor whose drive and intelligence changed the world for the blind and sighted alike Kirkus Reviews Even in a crowded field Bryant's tightly focused work cast in the fictionalized voice of

Braille himself is particularly distinguished Bulletin starred review This picture book biography strikes a perfect balance between the seriousness of Braille s life and the exuberance he projected out into the world School Library Journal starred review

Journey to Ithaca: A personal memoir William Rowland,2024-07-19 Journey to Ithaca is an extraordinary memoir about an extraordinary life Of its author it may well be said in Shakespeare s words from Henry VI part I aptly quoted in the prelims Who would e er suppose he had such courage and audacity From the outset William Rowland invites his readers to accompany him along his personal journey to Ithaca It was at Ithaca Mansions in Sea Point Cape Town that at the age of five a happy little boy lost his vision in consequence of a gunshot through his temple severing his optic nerves That was definitively the day the light went out With enormous courage and determination William approached life head on achieving what many others might have found too daunting to attempt Writing with restraint and dignity in Journey to Ithaca William tells his life story in a series of short chapters marking significant stages and events of his life recounting the challenges and the achievements in equal measure and often with gentle humour What shines through most strongly from this memoir is that at no time has William allowed his blindness to define or limit him and certainly never to deny him the fullness of experience and adventure encountered by the sighted Intellectual leader innovator activist author mentor as well as loving father William Rowland fills each of these roles with consummate ability and enthusiasm His life story thus far as told in Journey to Ithaca will inspire all who read it whether blind or sighted
