Louis D Brandeis And The Progressive Tradition:

Louis D. Brandeis and the progressive tradition Melvin I. Urofsky, 1981 **Louis D. Brandeis and the Progressive Tradition** Melvin I. Urofsky, 1981-01-01 Born in Louisville Kentucky four years before the start of the Civil War Brandeis came of age in a simple rural America undergoing vast transition into an industrial powerhouse The transition spawned a myriad of social problems and inequities for which he blamed big business as well as the constant erosion of older Jeffersonian values he knew and cherished But he was never a romanticist who wanted to turn back the clock During the early days of his highly successful legal career Brandeis recognized that the worst abuses of the emerging industrial system might be remedied by practical reformers who translated their idealism into specific workable laws and programs that the average citizen could understand Progressive reform became his life's work From defending the public interest in Boston utility cases and investigating fraudulent insurance practices Brandeis rose rapidly on the national scene to become head of the powerful American Zionist movement after he rediscovered his Jewish identity while arbitrating the passionate and historic New York garment workers strike While a Zionist leader he was instrumental in the attempt to reestablish a Jewish homeland in Palestine In 1916 in what was the classic fight of the progressive era Brandeis was appointed to the United States Supreme Court by Woodrow Wilson to whom he was a close and trusted advisor over strenuous objections of conservatives and anti Semites who feared his democratic zeal and ardent reformist thinking During the next two decades Holmes and Brandeis dissenting became a sort of battle cry in the struggle to keep alive a flexible jurisprudence faithful to progressive values and to experimentation with modern social problems The author masterfully examines Brandeis career as a progressive and Zionist interpreting his life from a new perspective that solidly establishes him as one of the great reformers in American history and one of the greatest legal craftsmen ever to sit on the high court from Book Jacket

American Reformers, 1870-1920 Steven L. Piott, 2006-03-07 In this new engaging work historian Steven L Piott explores the fascinating and provocative lives of twelve influential American reformers of the Gilded Age Populist and Progressive eras From Ida B Wells to Louis Brandeis Jane Addams to Charles Macune Piott examines the diversity of ideas and approaches that characterized this dynamic period He links these men and women together in the greater context of the reform era and explores the social ideologies that united the reform spirit in America following Reconstruction Designed with students in mind *American Reformers* provides a thought provoking introduction to some of the most influential and forward thinking minds of the reform era **Jews and American Public Life** David G. Dalin, 2022-05-24 Over a career spanning forty years

David G Dalin has written extensively about the role of American Jews in public life from the nation's founding to presidential appointments of Jews to lobbying for the welfare of Jews abroad to Jewish prominence in government philanthropy intellectual life and sports and their one time prominence in the Republican Party His work on the separation of Church and State and a prescient 1980 essay about the limits of free speech and the goal of Neo Nazis to stage a march in Skokie Illinois

are especially noteworthy Here for the first time are a collection of sixteen of his essays which portray American Jews who have left their mark on American public life and politics

The Transformation of American Law, 1870-1960 Morton J. Horwitz, 1994-12-15 When the first volume of Morton Horwitz's monumental history of American law appeared in 1977 it was universally acclaimed as one of the most significant works ever published in American legal history The New Republic called it an extremely valuable book Library Journal praised it as brilliant and convincing And Eric Foner in The New York Review of Books wrote that the issues it raises are indispensable for understanding nineteenth century America It won the coveted Bancroft Prize in American History and has since become the standard source on American law for the period between 1780 and 1860 Now Horwitz presents The Transformation of American Law 1870 to 1960 the long awaited sequel that brings his sweeping history to completion In his pathbreaking first volume Horwitz showed how economic conflicts helped transform law in antebellum America Here Horwitz picks up where he left off tracing the struggle in American law between the entrenched legal orthodoxy and the Progressive movement which arose in response to ever increasing social and economic inequality Horwitz introduces us to the people and events that fueled this contest between the Old Order and the New We sit in on *Lochner v New York* in 1905 where the new thinkers sought to undermine orthodox claims for the autonomy of law and watch as Progressive thought first crystallized We meet Oliver Wendell Holmes Jr and recognize the influence of his incisive ideas on the transformation of law in America We witness the culmination of the Progressive challenge to orthodoxy with the emergence of Legal Realism in the 1920s and 30s a movement closely allied with other intellectual trends of the day And as postwar events unfold the rise of totalitarianism abroad the McCarthyism rampant in our own country the astonishingly hostile academic reaction to *Brown v Board of Education* we come to understand that rather than self destructing as some historians have asserted the Progressive movement was alive and well and forming the roots of the legal debates that still confront us today The Progressive legacy that this volume brings to life is an enduring one one which continues to speak to us eloquently across nearly a century of American life In telling its story Horwitz strikes a balance between a traditional interpretation of history on the one hand and an approach informed by the latest historical theory on the other Indeed Horwitz's rich view of American history as seen from a variety of perspectives is undertaken in the same spirit as the Progressive attacks on an orthodoxy that believed law an objective neutral entity The Transformation of American Law is a book certain to revise past thinking on the origins and evolution of law in our country For anyone hoping to understand the structure of American law or of America itself this volume is indispensable

[Energy Follies](#) Robert R. Nordhaus, Sam Kalen, 2018-09-20 examines principal energy policy decisions and their lingering effects by recounting the historical context surrounding the interplay of law markets and technology

The Lost World of Classical Legal Thought William M. Wiecek, 2001 This text examines the ideology of elite lawyers and judges from the Gilded Age to the New Deal Between 1866 and 1937 this coherent outlook or legal orthodoxy shaped the way the American bar interpreted and understood the law

History of the Mass Media in the United States Margaret A. Blanchard, 2013-12-19 The influence of the mass media on American history has been overwhelming History of the Mass Media in the United States examines the ways in which the media both affects and is affected by U S society From 1690 when the first American newspaper was founded to 1995 this encyclopedia covers more than 300 years of mass media history History of Mass Media in the United States contains more than 475 alphabetically arranged entries covering subjects ranging from key areas of newspaper history to broader topics such as media coverage of wars major conflicts over press freedom court cases and legislation and the concerns and representation of ethnic and special interest groups The editor and the 200 scholarly contributors to this work have taken particular care to examine the technological legal legislative economic and political developments that have affected the American media

Militant Zionism in America Rafael Medoff, 2002-07-02 Relates an important and neglected chapter of American Jewish history

American Progressives and German Social Reform, 1875-1920 Axel R. Schäfer, 2000 This study recreates the intellectual climate and transatlantic setting of turn of the century American reform It examines the influence and meaning of German social thought and reform in the American Reform Movement prior to World War I The American Progressives used the German theories in order to develop and establish new concepts of reform and to base democracy on principles other than possessive individualism utilitarian ethics and market ideology that liberalism held in stock However due to the war these reforms lost their radical character In the end the progressive quest for a broader sphere of public control participatory models of reform and social ethics yielded to the liberal model of regulation business co operation and administrative efficiency and to the moralistic agenda of prohibition and immigration control Axel R Schafer s fine study of what American progressives learned from their German counterparts adds to the growing literature illuminating the cosmopolitan breadth and ideological daring of turn of the century reform a It is a testament to the argumentative force of this insightful work that it so clarifies and deepens the vital debate over the progressive legacy in our new Gilded Age The Journal of American History Schafer did not intend to offer an exhaustive treatment instead he wished to show that part of progressive thought was not merely home grown a relection of narrow moralistic Protestantismae 220 but had some German roots too This he did well and readers may mine his chapters for other insights a German Studies Review Axel R Schafers kenntnisreiche methodisch reflektierte und quellengesattigte Untersuchung legt die bis vor kurzem nur wenig beachteten transatlantischen Bezüge der progressiven Bewegung an der Wende vom 19 zum 20 Jahrhundert frei und bettet dieses als sehr amerikanischae geltende Reformphänomen starker in seinen weltlichen Gesamtzusammenhang ein Schafer wird daher nicht nur von Amerikaspezialisten mit Gewinn gelesen werden sondern auch von Historikern die sich mit interkulturellen Austauschprozessen beschäftigen Das Historisch Politische Buch Selten jedenfalls ist die Krise des Progressivism im Ersten Weltkrieg so klar analysiert worden wie hier a Historische Zeitschrift Anachronismen vermeidend und mit grosser Fähigkeit zur Empathie zeichnet Schafer die Motive und Vorstellungswelten der Akteure nach ohne sie von vornherein zu verurteilen

Auf diese Weise gelingt ihm eine sehr differenzierte Darstellung. Neue Politische Literatur Franz Steiner 2000

Rehabilitating Lochner David E. Bernstein, 2011-05-15 In this timely reevaluation of an infamous Supreme Court decision David E. Bernstein provides a compelling survey of the history and background of *Lochner v. New York*. This 1905 decision invalidated state laws limiting work hours and became the leading case contending that novel economic regulations were unconstitutional. Sure to be controversial, *Rehabilitating Lochner* argues that the decision was well grounded in precedent and that modern constitutional jurisprudence owes at least as much to the limited government ideas of *Lochner* proponents as to the more expansive vision of its Progressive opponents. Tracing the influence of this decision through subsequent battles over segregation laws, sex discrimination, civil liberties, and more, *Rehabilitating Lochner* argues not only that the court acted reasonably in *Lochner* but that *Lochner* and like-minded cases have been widely misunderstood and unfairly maligned ever since.

The Americanization of the Jews Robert Seltzer, Norman J. Cohen, 1995-02 How did Judaism, a religion so often defined by its minority status, attain equal footing in the trinity of Catholicism, Protestantism, and Judaism that now dominates modern American religious life? *THE AMERICANIZATION OF THE JEWS* seeks out the effects of this evolution on both Jews in America and an America with Jews. Although English, French, and Dutch Jewries are usually considered the principal forerunners of modern Jewry, Jews have lived as long in North America as they have in post-medieval Britain and France, and only sixty years less than in Amsterdam. As one of the four especially creative Jewish communities that has helped re-shape and re-formulate modern Judaism, American Judaism is the most complex and least understood. German Jewry is recognized for its contribution to modern Jewish theology and philosophy; Russian and Polish Jewry is known for its secular influence in literature; and Israel clearly offers Judaism a new stance as a homeland. But how does one capture the interplay between America and Judaism? Immigration to America meant that much of Judaism was discarded and much was retained. Acculturation did not always lead to assimilation; Jewishness was honed as an independent variable in the motivations of many of its American adherents and has remained so even though Jewish institutions, ideologies, and even Jewish values have been reshaped by America to such a degree that many Jews of the past might not recognize as Jewish some of what constitutes American Jewishness. This collection of essays explores the paradoxes that abound in the America-Judaism relationship, focusing on such specific issues as Jews and American politics in the twentieth century, the adaptation of Jewish religious life to the American environment, the contributions and impact of the women's movement, and commentaries on the Jewish future in America.

Liberty, Equality, and Justice Ross Evans Paulson, 1997 A history of social change at a critical period in American history, from the end of the Civil War to the early days of the Depression.

Louis Miller and Di Warheit ("The Truth") Ehud Manor, 2012 This book tells the story of *Di Warheit: The Truth*, a Yiddish daily established in New York in late 1905. Its founder, Louis Miller, 1866-1927, emigrated from Russia to the US in 1884 and by 1897 he was the leader of a group that established the *Forverts*, later to be the most successful Yiddish newspaper in the US. Common wisdom depicts

Miller's social leaning as stemming from ego and opportunism but this book suggests that Miller's publishing philosophy was based primarily on ideological and political grounds Why begin Miller's story in 1905 Because in that year The Jewish Question especially in Russia with its pogroms turned dramatic Miller understood that the time had come for a paradigm shift The result was labeled Klal Yisrael Politics a combined nationalist all Jewish effort to ameliorate the Jewish condition wherever Jews suffered or were oppressed The drive behind Miller's decision to run Di Warheit was his eagerness to promote a progressive non radical and pragmatic political mind set among his immigrant brethren This somewhat forgotten chapter in American Jewish history is told here in chronological order mainly through the texts of Miller's newspaper Each chapter is dedicated to the main issue that drove Miller's publishing effort at a specific time period and in response to external events impacting Jewry until the management forced him out of Di Warheit due to his non conventional interpretation of the war that broke out in Europe in 1914 This long awaited book tells the story of a Yiddish speaking socialist who after denying the very existence of a specific Jewish people was open minded enough to re examine his beliefs and was courageous enough to publicly change his mind But he paid the price for telling or at least trying to tell that truth

Historical Dictionary of Zionism Rafael Medoff, Chaim I. Waxman, 2008-06-13 The Jewish attachment to Zion is many centuries old While the modern Zionist movement was organized a little more than a century ago the roots of the Zionist idea reach back close to 4 000 years ago to the day that the biblical patriarch Abraham left his home in Ur of the Chaldees to settle in the Promised Land where the Jewish state subsequently arose From that day to the establishing of the state of Israel in 1948 the Jewish people have been in a constant struggle to either regain or maintain their homeland Although 60 years have now passed since the establishment of Israel many of the political and religious factions that made up the Zionist movement in the pre state era remain active The second edition of the Historical Dictionary of Zionism through its chronology maps introductory essay bibliography and over two hundred cross referenced dictionary entries on crucial persons organizations and events is a valuable contribution to the appreciation for both the diversity and consensus that characterize the Zionist experience

The A to Z of Zionism Rafael Medoff, Chaim I. Waxman, 2009-09-28 The Jewish attachment to Zion is many centuries old While the modern Zionist movement was organized a little more than a century ago the roots of the Zionist idea reach back close to 4 000 years ago to the day that the biblical patriarch Abraham left his home in Ur of the Chaldees to settle in the Promised Land where the Jewish state subsequently arose From that day to the establishing of the state of Israel in 1948 the Jewish people have been in a constant struggle to either regain or maintain their homeland Although 60 years have now passed since the establishment of Israel many of the political and religious factions that made up the Zionist movement in the pre state era remain active The A to Z of Zionism through its chronology maps introductory essay bibliography and over 200 cross referenced dictionary entries on crucial persons organizations and events is a valuable contribution to the appreciation for both the diversity and consensus that characterize the Zionist experience

A History of the Jews in America Howard

M. Sachar, 1993-11-02 Spanning 350 years of Jewish experience in this country A History of the Jews in America is an essential chronicle by the author of The Course of Modern Jewish History With impressive scholarship and a riveting sense of detail Howard M Sachar tells the stories of Spanish marranos and Russian refugees of aristocrats and threadbare social revolutionaries of philanthropists and Hollywood moguls At the same time he elucidates the grand themes of the Jewish encounter with America from the bigotry of a Christian majority to the tensions among Jews of different origins and beliefs and from the struggle for acceptance to the ambivalence of assimilation *The 20th Century A-GI* Frank N.

Magill, 2013-05-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography *Conservative Liberalism, Ordo-liberalism, and the State* Kenneth

Dyson, 2021-01-21 This book uses extensive original archival and elite interview research to examine the attempt to rejuvenate liberalism as a means of disciplining democracy and the market through a new rule based economic and political order This rebirth took the form of conservative liberalism and in its most developed form Ordo liberalism It occurred against the historical background of the great transformational crisis of liberalism in the first part of the twentieth century

Conservative liberalism evolved as a cross national phenomenon It included such eminent and cultured liberal economists as James Buchanan Frank Knight Henry Simons Ralph Hawtrey Jacques Rueff Luigi Einaudi Walter Eucken Friedrich Hayek Alfred M ller Armack Wilhelm R pke Alexander R stow and Paul van Zeeland as well as leading lawyers like Louis Brandeis Franz B hm and Maurice Hauriou Conservative liberals also played a formative role in establishing new international networks notably the Mont P lerin Society The book investigates the rich intellectual inheritance of this variant of new liberalism from aristocratic liberalism ethical philosophy and religious thought It also locates the social basis of conservative liberalism and Ordo liberalism in the cultivated bourgeois intelligentsia The book goes on to examine the attempts to embed this new disciplinary form of liberalism in Britain France Germany Italy and the United States and to consider the determinants of its varying significance across space and over time It concludes by assessing the historical significance and contemporary relevance of conservative liberalism and Ordo liberalism as liberalism confronts a new transformational crisis at the beginning of the new millennium Is their promise of disciplining democracy and the market a hollow one *Holy Joe*

Steven L. Piott, 1997 A biography of Folk 1869-1923 who gained national acclaim for investigating corruption in local government while a district attorney Along with muckraking journalist Lincoln Steffens he revealed the extent of wrongdoing and helped establish the idea that public office was a trust rather than an opportunity for personal gain He was elected

governor of Missouri in 1904 and left a legacy of reform Annotation copyrighted by Book News Inc Portland OR
