Speaking In Tongues, Louisiana's Creole French & "Cajun" Language Tell Their Own Story John laFleur II, Brian Costello, 2014-07-10 Adapted from a larger work Speaking In Tongues Louisiana's Colonial French Creole Cajun Languages Tell Their Story reveals Louisiana's remarkable Old World French metis language traditions which continue to enchant America and scholars in all the world But along with the fame Cajunization has brought the State historical distortion and misinformation fostered by mass marketing and media conditioning myopia have suppressed and misrepresented Louisiana's historic French languages cultural history and people as if uniquely Acadian in origin But Louisiana's diverse multi ethnic French languages cultural traditions and people existed long before the arrival of the Acadians who themselves were to become its beneficiaries Author scholars John laFleur Brian Costello native speakers respectively of Louisiana's Colonial Creole French her sister tongue of Louisiana Afro Creole with Dr Ina Fandrich provide a non commercially scripted first time study of both the history and ethnological origins of Louisiana's diverse French speaking peoples of the French Triangle and present the unvarnished results of their investigation experience along with the evidence of modern and historical scholarship as seen through the franco and creolophonic traditions of Louisiana A must read for all Louisiana cultural and linguistic aficionados

If I Could Turn My Tongue Like That Thomas Klingler, 2003-08-01 If I Could Turn My Tongue Like That by Thomas Klingler is an in depth study of the Creole language spoken in Pointe Coupee Parish Louisiana a community situated on the west bank of the Mississippi River above Baton Rouge that dates back to the early eighteenth century The first comprehensive grammatical description of this particular variety of Louisiana Creole Klingler's work is timely indeed since most Creole speakers in the Pointe Coupee area are over sixty five and the language is not being passed on to younger generations It preserves and explains an important yet little understood part of America's cultural heritage that is rapidly disappearing The heart of the book is a detailed morphosyntactic description based on some 150 hours of interviews with Pointe Coupee Creole speakers Each grammatical feature is amply illustrated with contextual examples and Klingler's descriptive framework will facilitate comparative research The author also provides historical and sociolinguistic background information on the region examining economic demographic and social conditions that contributed to the formation and spread of Creole in Louisiana Pointe Coupee Creole is unusual and in some cases unique because of such

factors as the parish's early exposure to English its rapid development of a plantation economy and its relative insulation from Cajun French The volume concludes with transcriptions and English translations of Creole folk tales and of Klingler's conversations with Pointe Coupee's residents a treasure trove of cultural and linguistic raw data This kind of rarely printed material will be essential in preserving Creole in the future Encyclopedic in its approach and featuring a comprehensive bibliography *If I Could Turn My Tongue Like That* is a rich resource for those interested in the development of Louisiana Creole and in Francophony [Review](#), 1946 *Speaking In Tongues* John LaFleur, II, 2021-03-03 Inspired from a larger and earlier work Louisiana's French Creole Culinary Linguistic Traditions Before Since Cajunization 2012 this book *Speaking In Tongues* Louisiana's Cajun Creole Languages Tell Their Own Story reveals Louisiana's Old World French language traditions alongside the diverse ethno-historical layers of her creolization or cultural diversification Louisiana French misnamed Cajun French and Kouri Vini relabeled Louisiana Creole are the two related franco-creole forms of French They are the result of a long marriage of diverse peoples who together over 300 years created the larger cultural traditions of lower Louisiana the ultimate and present-day center of which is southern part of the American State of Louisiana These languages are tied to a much older and larger tradition which is still found and heard across the former international and interracial French Colonial world her colonies of Quebec to the French Antilles and the Latin Caribbean to West Africa to Reunion and Mauritius in the Indian Ocean across to old Vietnam in its own diversifications **Creole** Sybil Kein, 2000-08-01 Who are the Creoles The answer is not clear-cut Of European African or Caribbean mixed descent they are a people of color and Francophone dialect native to south Louisiana and though their history dates from the late 1600s they have been sorely neglected in the literature Creole is a project that both defines and celebrates this ethnic identity In fifteen essays writers intimately involved with their subject explore the vibrant yet understudied culture of the Creole people across time their language literature religion art food music folklore professions customs and social barriers **Louisiana's Creole French People: Our Language, Food & Culture** John LaFleur II, 2014-07-10 In this provocative and poignant book 500 Years Of Culture Louisiana's Creole French Metis People Food Language and Culture I seek to provide my intelligent lay readers appropriate and useful scholarly resources which illustrate that a pre-Acadian culture of Canadian and North American Métis roots to which was added European African and later Spanish elements combined in both Upper and Lower Louisiana resulting in a multi-ethnic but distinctly unique Louisiana Creole culture Though reminiscent of other kindred Creole cultures and people of the world of the former French Empire she remains unique This unique historic but forgotten culture existed prior to the arrival of the Acadians and its cultural and linguistic traditions resulted in Louisiana's historic Creole culture This multi-ethnic culture's food ways language and social traditions were hijacked and promoted as if it was something totally new in the 1970s and 80s and then relabeled Cajun with no regard for the pre-existent and dominant history and sensibilities of the non-white ethnicities who were the true originators and creators of Louisiana's long indigenous and pre-Acadian culture

It is my hope to sufficiently demonstrate through this historical narrative which is both passionate and humorous how greed ignorance and commerce joined hands in relabeling Louisiana's historic multi ethnic Creole French and metis culture as if Acadian Canada was the source of this remarkable and unusual culture which remains foreign to anything in Acadie

Informative and well researched I submit to you the reading and caring public this revision which is also a much more readable better edited and supplemented text In this book for example a badly needed chapter on the cultural relationship between Louisiana Creole and Haitian Creole culture is provided and will prove to be a great source of help in avoiding needless confusion of these two separate but kindred cultures Though small this little book will no doubt prove to be a powerhouse of jaw dropping facts as it is an uproariously humorous expose of one of the most popular cultural forces in America and across the planet today And notwithstanding our best efforts sometimes typographical errors and misses occur For whatever imperfections of text remain I take full responsibility as I also apologize to you dear reader

Louisiana's French Creole Culinary & Linguistic Traditions Ina Fandrich, John laFleur II, Brian Costelle, 2013-02-14 For the last four decades Louisiana has promoted its 500 year old French Colonial Creole culture as Cajun implying that this culture had its origin in Acadian Canada Nothing could be farther from the truth During the racially turbulent 1960's Jim Crow era when black Americans were literally struggling for their civil and human rights the historic nomenclature for Louisiana's historic

multi ethnic CREOLE culture would change to a weird stereotyping of only WHITE French speakers as Cajun and only BLACK French speakers as Creole regardless of the facts of history genealogy geography and genealogical reality Today the meaning of Cajun has once again changed into something which seeks to encompass a so called regional identity which again ignores its own past and historical meaning What's really going on In Louisiana's French Creole Culinary Linguistic Traditions Facts vs Fiction Before and Since Cajunization authors John LaFleur II and Brian Costello both life long Louisiana French Colonial Creole speakers and cultural experts along with Dr Ina Fandrich of New Orleans have decided to provide meaningful answers to questions long plaguing and confusing both the international and their local public Their research personal knowledge and answers are provided in this historic first which traces the pre Acadian roots of Louisiana's historic multi ethnic or Creole people their foodways and their several languages still spoken in Louisiana today The answers are often humorous but poignantly factual and well documented This beautiful hardcover book is furnished in vintage black and white and contemporary full color photography which grounds facts places and people to a forgotten reality and culture which has been re labeled and mass marketed as Cajun for reasons both shameful and comical to educated and right minded people alike

Language Shift in the Coastal Marshes of Louisiana Kevin James Rottet, 2001 Throughout the twentieth century numerous ethnic cultures and languages have been threatened by increasing globalization French Louisiana a vibrant and diverse region that has been culturally and linguistically distinct from its neighbors for over two centuries has not been spared this trend Terrebonne and Lafourche parishes which comprise the coastal marsh area have been described as strongholds of tradition in which large

numbers of people have continued to speak Cajun French Yet a closer examination reveals that widespread bilingualism is drawing to a close with very few young people able to speak French at all This book examines the intergenerational decline of French in the coastal marsh area including changes taking place in the structure of the language in what appears to be its terminal phase

A Cajun Dictionary John C Rigdon,2021-02-16 We've all been introduced to Cajun speech and strain to understand it catching just a word here and there Louisiana French or Creole is spoken by several hundred thousand people in southern Louisiana but until recently the language has not gotten its due as a serious language distinct from both French and English Over the centuries the language has incorporated some words of African Spanish Native American Haitian and English origin sometimes giving it linguistic features found only in Louisiana Louisiana French is spoken across ethnic and racial lines by people who identify as Cajun or Louisiana Creole as well as Chitimacha Houma Biloxi Tunica Choctaw Acadian and French among others For these reasons as well as the relatively small influence Acadian French has had on the region the label Louisiana French or Louisiana Regional French *français régional louisianais* is generally regarded as more accurate and inclusive than Cajun French and is preferred term by linguists and anthropologists However Cajun French is commonly used by speakers of the language and other inhabitants of Louisiana Louisiana French should further not be confused with Louisiana Creole a distinct French based creole language indigenous to Louisiana and spoken across racial lines In Louisiana language labels are often conflated with ethnic labels For example a speaker who identifies as Cajun may call their language Cajun French though linguists would identify it as Louisiana Creole Likewise many Louisiana Creole people of all ethnicities including Cajuns who are themselves technically Creoles of Acadian descent although most do not identify as such do not speak Louisiana Creole instead speaking Louisiana French As in many other languages and people groups we see this as a distinction without a difference People who speak Louisiana French and those who speak Louisiana Creole have worked side by side lived among one another and have enjoyed local festivities together throughout the history of the state As a result in regions where both Louisiana French and Louisiana Creole are or used to be spoken the inhabitants of the region often code switch beginning the sentence in one language and completing it in another This dictionary primarily focuses on terms identified as Louisiana French It contains over 7 000 terms with their English translation We also publish a version paired with French See our website for availability This dictionary is extracted from our Words R Us system a derivative of WordNet English Wordnet originally created by Princeton University is a lexical database for the English language It groups words in English into sets of synonyms called synsets provides brief definitions and usage examples and records a series of relationships between these sets of synonyms WordNet can be viewed as both a combination of dictionary and thesaurus
