Blue 1871-73 an influential journal that featured the work of Britain's leading Pre-Raphaelites and aesthetes. By the late 1880s she had established close associations with key figures of England's emergent Decadent communities from Vernon Lee and Rosamund Marriott Watson to Oscar Wilde and Arthur Symonds. When her *Dramas in Miniature* appeared in 1891 she was fusing aestheticism and Decadence so distinctively in her poetry that Symonds evoked Charles Baudelaire in calling the dramatic monologues in the volume *flowers of evil*. Her career thus highlights the connections between mid-Victorian aestheticism and late-century Decadence. It also serves as an important corrective to the male-focused narratives that long dominated accounts of these movements. In addition, and because Blind was born in Germany of Jewish parents and part of a community of exiled European radicals, her poetry and prose alike are characterized by a transnational cosmopolitan outlook that ranges across national borders and consistently engages with Continental writers and ideas. This new edition for the first time brings together the three major volumes of poetry Blind published between 1889 and 1895 alongside a critical introduction and explanatory notes. Because she was also an active reviewer and essayist throughout her career, it includes a selection of her reviews as well as her essay *Shelley's View of Nature Contrasted with Darwin's*, which serves as an important supplement to her 1889 volume *The Ascent of Man*. The edition also features a selection of critical responses to Blind's writing by leading late-Victorian poets and critics.

The Love Lies Debra Jackson Gandy, 2014-09-15 Foreword by Actress Kim Coles. The U.S. boasts the highest divorce rate of any country in the world and some of the highest relationship dissatisfaction rates. Yet despite the endless amounts of advice and experts available to us, we continue to experience increasing levels of frustration, conflict, emotional breakdown, and failure in our relationships. What are we missing? What continues to elude us? What is inherently wrong with our understanding of what makes love relationships work? Debra Jackson Gandy, two-time national best-selling author and founder of The Love Academy, addresses these questions and the root causes of this massive breakdown in relationships in our country. Most of the advice and models given to American women only address the symptoms of this epidemic, usually applying simplified how-to techniques that tend to lead to more confusion than resolution. These are band-aids and ineffective ones at that. *The Love Lies* delves deeper to unearth ten toxic beliefs that have been instilled in women since pre-school, influencing us through a wide range of ages and trapping us all in a web of illusions. These powerful *Love Lies* manipulate perceptions, create delusions, and perpetuate behaviors that unknowingly sabotage our relationships. *The Love Lies* sets women free from chronic cycles of dissatisfaction and disappointment and offers a proven process to dismantle the lies, heal the mind and heart, and transform the American relationship paradigm forever.

Love Lies Bleeding Susan Wittig Albert, 1998-11-01 The newest in the nationally bestselling series, a fast-paced and absorbing tale. Midwest Book Review. Ex-lawyer and herb shop proprietor China Bayles is investigating the mystery of a retired Texas Ranger shot dead with his wife's gun and, at the same time, trying to sort out some mysteries about her own relationship after she overhears a suspicious phone conversation.

The Logic of Love Andrew J. B.

Cameron,2022-12-29 Overviewing what makes the intersection between emotion and ethics so confusing this book surveys an older wisdom in how to manage it using a range of Christian theologians and sources More important even than managing we begin to see a vision for a better set of affections to grow within and among us In this vision emerges a practical and nuanced account of what the Christian tradition sometime summarises as love How may we recover a deep affection for what matters both within ourselves and together in groups This book also dialogues with a new movement in moral psychology social intuitionism Cameron argues that researchers in this discipline have interests and conclusions that sometimes overlap with Christian sources even where their respective lenses differ In this way the book overviews recent trends in moral psychology against a recent historical and contemporary cultural backdrop whilst assaying major sources in Christian theology that offer guidance on moral psychology

Echoes of the relentless mind Diksha De,2021-05-15 Our minds are a conglomeration of various abstractions It s always at a constant war between feeling a certain way or not feeling a certain way feeling too much feeling too less and a potpourri of various other vehemences We never really stop thinking do we Our brain is always contemplating

dreaming imagining things even when we are asleep Maybe this is why our minds are said to be Relentless It never stops never pauses It constantly echoes reflects the noises inside the labyrinths of our daedal minds Echoes of the Relentless Mind an effort a compilation that tries to elucidate the various echoes of the human mind and present to you the various shades of emotions a person feels *Encyclopedia of Television Film Directors* Jerry Roberts,2009-06-05 From live productions of the 1950s like Requiem for a Heavyweight to big budget mini series like Band of Brothers long form television programs have been helmed by some of the most creative and accomplished names in directing *Encyclopedia of Television Film Directors* brings attention to the directors of these productions citing every director of stand alone long form television programs made for TV movies movie length pilots mini series and feature length anthology programs as well as drama comedy and musical specials of more than 60 minutes Each of the nearly 2 000 entries provides a brief career sketch of the director his or her notable works awards and a filmography Many entries also provide brief discussions of key shows movies and other productions Appendixes include Emmy Awards DGA Awards and other accolades as well as a list of anthology programs A much needed reference that celebrates these often neglected artists *Encyclopedia of Television Film Directors* is an indispensable resource for anyone interested in the history of the medium **Parry to Finzi** Trevor Hold,2005 Each chapter begins with a discussion of its composer s song output and of the poets and poetry he sets and goes on to give an account of the influences on him and the hallmarks of his style the songs are then discussed in detail focusing on the major works The text is illustrated with musical examples and there is a comprehensive bibliography and index Jacket **Shakespeare on Love** Joseph Pearce,2013-03-04 Having given the evidence for William Shakespeare s Catholicism in two previous books literary biographer Joseph Pearce turns his attention in this work to the Bard s most famous play Romeo and Juliet Star crossed Romeo and Juliet are Shakespeare s most famous lovers and perhaps the most well known lovers in literary history Though the young pair has been held up as a romantic ideal the play is a tragedy ending in death What then asks Pearce is Shakespeare saying about his protagonists Are they the hapless victims of fate or are they partly to blame for their deaths Is their love the real thing or is it self indulgent passion And what about the adults in their lives Did they give the young people the example and guidance that they needed The Catholic understanding of sexual desire and its need to be ruled by reason is on display in Romeo and Juliet argues Pearce The play is not a paean to romance but a cautionary tale about the na vet and folly of youthful infatuation and the disastrous consequences of poor parenting The well known characters and their oft quoted lines are rich in symbolic meaning that points us in the direction of the age old wisdom of the Church Although such a reading of Romeo and Juliet is countercultural in an age that glorifies the heedless and headless heart of young love Pearce makes his case through a meticulous engagement with Shakespeare and his age and with the text of the play itself
