The Monday Rhetoric of the Love Club, and Other Parables Marvin Cohen, 1973 What Mr Cohen has is a joy in language and an eye at once innocent and shrewd for the paradoxes inherent in the human condition P 4 of cover *The Erotic Phenomenon* Jean-Luc Marion, 2024-07-12 While humanists have pondered the subject of love to the point of obsessiveness philosophers have steadfastly ignored it One might wonder whether the discipline of philosophy even recognizes love The word philosophy means love of wisdom but the absence of love from philosophical discourse is curiously glaring So where did the love go In *The Erotic Phenomenon* Jean Luc Marion asks this fundamental question of philosophy while reviving inquiry into the concept of love itself Marion begins his profound and personal book with a critique of Descartes equation of the ego s ability to doubt with the certainty that one exists I think therefore I am arguing that this is worse than vain We encounter being he says when we first experience love I am loved therefore I am and this love is the reason I care whether I exist or not This philosophical base allows Marion to probe several manifestations of love and its variations including carnal excitement self hate lying and perversion fidelity the generation of children and the love of God Throughout Marion stresses that all erotic phenomena including sentimentality pornography and even boasts about one s sexual conquests stem not from the ego as popularly understood but instead from love A thoroughly enlightening and captivating philosophical investigation of a strangely neglected subject *The Erotic Phenomenon* is certain to initiate feverish new dialogue about the philosophical meanings of that most desirable and mysterious of all concepts love The Game Jan Gayle, 2022-03-15 Ryan Gibbs was the best thing to hit the LPGA from New Mexico since Nancy Lopez but that was two years ago when her rookie year tour made the history books Since she left the world of professional golf to be with her sick mother she hasn t played outside of her home course in Los Alamos where she now works as a coach Katherine Reese has the drive to be the best but since her second season when she landed herself in the top ten in nearly every tournament she s barely been able to make the cut Unable to let go of her ghosts Katherine is in danger of tanking her career before it even begins Ryan and Katherine are natural competitors thrown together by their swing coach Maggie Hart Both have so much to prove and so little time for the inconveniences of falling in love But if they can figure out how to work together they just might be a force for women s sports and a beautiful match for each other **The Search for the Self** Heinz Kohut, 2018-05-08 The re issuing of the four volumes of the author s writings is a major publishing event for psychoanalysts who are interested in both the theoretical and the therapeutic aspects of psychoanalysis These volumes contain the author s pre self psychology essays as well as those he wrote in order to continue to expand on his groundbreaking ideas which he presented in *The Analysis of the Self* *The Restoration of the Self* and in *How Does Analysis Cure* These volumes of *The Search for the Self* permit the reader to understand not only the above three basic texts of psychoanalytic self psychology more profoundly but also to appreciate the author s sustained openness to further changes to dare to present his self psychology as in continued flux influenced by

newly emerging empirical data of actual clinical practice The current re issue of the four volumes of The Search for the Self would assure that the younger generation of psychoanalysts would be exposed to a clinical theory that could contribute greatly to solving the therapeutic dilemmas facing psychoanalysis today This is Volume one **The Edge of Yesterday** CJ Birch,2021-11-16 Easton Gray is sent from the future to prevent the end of the human race after nanotechnology spreads rapidly leading to danger and disaster As an operative for the Ministry of Discourse Easton s only goal is to eradicate the technology Dr Tess Nolan is alone except for the company of her rescue dog Lou It s not until a stranger shows up in town and her life is turned upside down that she realizes the love she s been missing Easton is everything Tess didn t know she wanted but her warning bells are sounding There s something too convenient about Easton s arrival Caught between her need to follow orders and her growing feelings for the beautiful doctor Easton begins to question everything she knows leading her on an investigation that will change not just her life but the future as well When forced to target Tess can Easton do what s needed to save humanity Or will finally finding the one person who feels like home prove impossible to ignore

My Heresies Michael Jean Nystrom-Schut,2016-06-25 In the mind of each person on the planet a set of notions and ideas of God or gods reside Some of these systems are basic and simple Others are highly complex and complicated Some borrow their God god notions from authority or from others they know Others are much more original eclectically piecing together many separate parts from multiple sources No two people in the world experience and translate God gods in the same way And this is what makes things so interesting As I have encountered this wonderful life I have also bumped up against countless people who were in the position to explain exactly who God was and was not They were quite sure of themselves and anxious to impart this wisdom to me But because I had a mind and heart of my own this put me on the outside looking in for much of my life We all come to a place where we realize we must make our minds up as to what we will and will not do how we will think and who we will be As I have encountered them and their God gods I have found my own way through this foggy maze and discovered a modicum of peace and reconciliation in the process This is the massive task of all of us as well as why I needed to lay it out to you in this lengthy 2 part book
